BETTER GARDENS FOR 1946

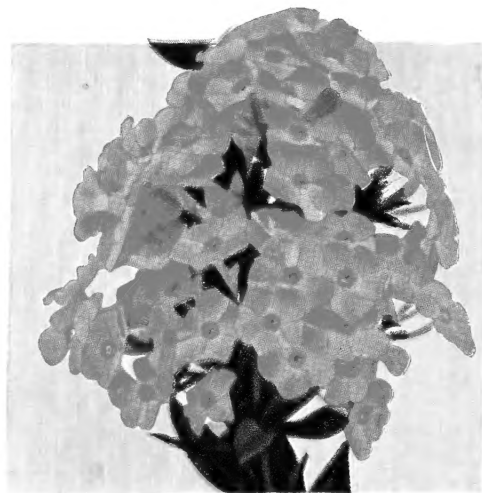

Hardy Garden Phlox

DAILY SKETCH. 3 for \$1.50, 10 for \$4.50

MARY LOUISE. 3 for \$1.80, 10 for \$5.00

E. I. FARRINGTON. 3 for \$1.50, 10 for \$4.50

Phlox make any garden gayer and brighter in midsummer. If your Phlox are the older, nondescript sorts or the typical magenta-colored seedlings, uproot them and plant some of these beautiful varieties.

The Hardy Phlox we offer are all field-grown plants. While we offer only 14 varieties, which you will find listed under Perennials for this spring, we will have a much more extensive list this fall.

ALGONQUIN

Algonquin. A Chrysanthemum of dwarf spreading habit with showy, clear yellow, double flowers. In full bloom September 10. Extremely hardy. 18 in. high. 3 for \$1.35, 10 for \$3.50.

EARLY BRONZE IMPROVED

Early Bronze Improved. An extremely early variety of pompon Chrysanthemum with lively bronzy yellow flowers. Blooms freely from late August to frost. 3 for \$1.35, 10 for \$3.50.

Ember. Brilliant coral-bronze, very double blooms. Excellent cut-flower. 3 for \$1.35, 10 for \$3.50.

EMBER

Colorful 'Mums for Fall Bloom

We Grow Thousands in More Than Fifty Varieties

Pot-grown Chrysanthemums planted in the spring produce masses of flowers in the early fall. We have many colors and types; you will find them listed among the perennials.

We extend a cordial invitation to visit our perennial department this summer and see the many varieties we have there. You will be particularly interested in a great many new varieties that we are growing which you may not have seen before.

Better Gardens for 1946

THIS is the year — the year we have been waiting for — when we can take a good deep breath and go after many things that have accumulated and need attention. Old over grown borders need rearrangement. Some of the newer types of shrubs and hardy plants should be planted where they will provide a new interest.

Over a period of years there is nothing for which you spend your money that will repay you so richly in enjoyment as the planting of trees, shrubs and vines that add charm to your home, color to your garden, and provide privacy for your out-of-door activities. Select good things that are bound to become choice friends in the years to come.

Let us help you buy intelligently by giving you the benefit of our experience regarding any items about which you may be in doubt, and if not adapted to your conditions or satisfactory for the effect you wish to obtain, we will quickly tell you so.

Equipped to Serve Your Needs

In this year of 1946 we are humbly grateful to have with us again nearly twenty men who served in various branches of the Armed Forces in all theatres of the war — back and glad to be back.

A number of other experienced men who went into some of the numerous war industries in our immediate vicinity are back with us, too.

We have modern shipping sheds, with a railroad siding, many trucks of various types including tree moving equipment for handling larger-than-average trees and now we have the men to operate them.

May we say in all modesty that we can supply all types of material needed for planting around a small home or more extensive plantings, for parks, playgrounds and plantings around municipal properties. We have supplied the complete planting material and installed it for many of the U. S. Government housing projects. We mention these simply that you may know we grow all types of hardy material from small sizes to larger ones that will provide an immediate effect.

Unusual Items

We do not attempt to list all the varieties of trees and plants we grow herein because space in the catalog does not permit. If there is a particular tree or shrub you desire, write us, — the chances are we may have it.

Location of our Nurseries

Our nurseries are located at North Abington, Mass. 18 miles South of Boston on motor routes 18 and 58 to Cape Cod.

We cordially invite visitors to our nurseries. They can see for themselves the many acres of trees, evergreens, flowering shrubs and perennials we have growing here.

With few exceptions the plant names used conform to "Standard Plant Names," 1942 edition.

Evergreens

THERE are no more beautiful things in nature than well-grown, well-cared-for Evergreens. They are gracious and cool-looking in summer and cozy and comfortable in winter, to heighten the beauty of our New England landscapes.

There is no end to their uses, just as there is no end to their infinite variety. The owner of a small place will find best use for the dwarf, slow-growing types which he can nestle around the foundations of his home, or group artistically at the corners of his steps, or in front of the porch.

There are other types for enclosing private portions of the grounds, for windbreaks, and for formal treatment of various parts of his garden.

We grow evergreens in quantity and have them in sizes ranging from small for modest purses to very large trees for those who want immediate effects. This catalog gives but a partial listing of the varieties and sizes we have to offer.

All evergreens are dug balled and burlapped (B-B) at no additional charge.

Abies — Fir

The Firs are a family of stately trees that develop into majestic subjects. Symmetrical in form they grow to great height.

Abies concolor

The most beautiful of the North American Firs, with flat dark-green needles with silvery blue tinge. It grows rapidly and will withstand the heat and drought.

| | Each | Per 10 |
|-----------------|--------|---------|
| 4 to 5 ft. | \$5.50 | \$50.00 |
| 5 to 6 ft. | 7.50 | 70.00 |

White Fir

| | Each | Per 10 |
|-----------------|---------|----------|
| 6 to 7 ft. | \$12.00 | \$110.00 |
| 7 to 8 ft. | 18.00 | 160.00 |

Abies fraseri

Takes the place of Balsam Fir of Northern N. E. with its rich green flat needles, silvery beneath.

| | Each | Per 10 |
|-----------------|--------|---------|
| 3 to 4 ft. | \$4.00 | \$36.00 |
| 4 to 5 ft. | 6.00 | 55.00 |

Fraser Balsam

| | Each | Per 10 |
|-----------------|--------|---------|
| 5 to 6 ft. | \$7.00 | \$65.00 |
| 6 to 7 ft. | 9.00 | 85.00 |

Abies homolepis

A massive bulky tree with a broad rounded top. The outstanding branches are thickly crowded with long lustrous needles which curl upward revealing their silvery lower surfaces. Has cylindrical metallic blue cones.

| | Each | Per 10 |
|-----------------|--------|---------|
| 4 to 5 ft. | \$7.00 | \$65.00 |
| 5 to 6 ft. | 9.00 | 85.00 |

Nikko Fir

| | Each | Per 10 |
|-----------------|---------|----------|
| 6 to 7 ft. | \$12.00 | \$110.00 |

Abies veitchi

This dark green tree of broad, conical habit is the more rapid grower with shorter needles, silvered on the under side.

| | Each | Per 10 |
|-----------------|--------|---------|
| 3 to 4 ft. | \$4.00 | \$36.00 |
| 4 to 5 ft. | 5.50 | 50.00 |

Veitch Fir

| | Each | Per 10 |
|-----------------|--------|---------|
| 5 to 6 ft. | \$7.00 | \$65.00 |
| 6 to 7 ft. | 9.00 | 85.00 |

Chamaecyparis — False Cypress

This group includes many delightful shrubby evergreens that can be used in various manners. With variety in foliage, they trim well into dense, cone-shaped forms for foundation plantings. They also make excellent backgrounds for gardens.

Chamaecyparis pisifera

An upright graceful tree with flat foliage slightly pendulous at the end of branches.

| | Each | Per 10 |
|------------------|--------|---------|
| 2½ to 3 ft. | \$4.00 | \$36.00 |
| 3 to 4 ft. | 5.00 | 45.00 |

Sawara False Cypress

| | Each | Per 10 |
|-----------------|--------|---------|
| 4 to 5 ft. | \$6.50 | \$60.00 |
| 5 to 6 ft. | 8.00 | 75.00 |

Chamaecyparis filifera

Global and dwarf in form with deep green thread-like foliage, distinctive in character.

| | Each | Per 10 |
|-------------------|--------|---------|
| 18 to 24 in. | \$3.00 | \$27.00 |
| 2 to 3 ft. | 3.50 | 33.00 |

Thread False Cypress

| | Each |
|------------------|--------|
| 3 to 3½ ft. | \$5.00 |

Chamaecyparis plumosa

Conical in habit, this plant with its soft feathery light green foliage is popularly used in foundation plantings.

| | Each | Per 10 |
|-------------------|--------|---------|
| 18 to 24 in. | \$3.00 | \$27.00 |

Plume False Cypress

| | Each | Per 10 |
|------------------|--------|---------|
| 2 to 2½ ft. | \$3.50 | \$33.00 |

Chamaecyparis plumosa aurea

This is the golden form of the preceding. Well liked for its rich yellow soft foliage.

| | Each | Per 10 |
|-------------------|--------|---------|
| 15 to 18 in. | \$2.00 | \$18.00 |
| 18 to 24 in. | 3.00 | 27.00 |
| 2 to 2½ ft. | 3.50 | 33.00 |

Goldplume Cypress

| | Each |
|------------------|--------|
| 2½ to 3 ft. | \$4.50 |
| 3 to 4 ft. | 5.50 |

Abies Concolor — White Fir

Evergreen Foundation Planting — *Juniperus chinensis pfitzeriana* in foreground

Juniperus — Junipers, Cedars

There is a wide variety of forms and textures presented among the Junipers. Many are of the tall columnar type unexcelled for accent points or sentinels in the garden. Others are the low spreading type branching to the ground for use on bankings, terraces, or in the foreground of other evergreen plantings.

As a rule Junipers should be used in light poor soil where trees such as Arborvitae would never succeed. Junipers will stand hot dry situations, and several varieties will succeed in bleak exposed locations near the salt water.

Juniperus chinensis pfitzeriana

Pfitzer Juniper

A dwarf, fan-shaped low spreading evergreen with gray-green foliage. This is a very versatile evergreen that can be used in a host of places; on bankings, in foundation plantings, and in the foreground of other plantings. Very hardy and satisfactory in exposed situations. Easy to grow.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-----------------|--------|---------|
| 15 to 18 in. | \$2.50 | \$22.50 | 2½ to 3 ft. ... | \$6.00 | \$55.00 |
| 18 to 24 in. | 3.50 | 30.00 | 3 to 4 ft. | 9.00 | |
| 2 to 2½ ft. | 4.50 | 40.00 | | | |

Juniperus communis hibernica

Irish Juniper

A slender, columnar tree with bluish-green foliage. It makes an excellent accent point in formal plantings. Prefers a sunny location.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-----------------|--------|---------|
| 18 to 24 in. | \$2.00 | \$18.00 | 3 to 4 ft. | \$3.50 | \$33.00 |
| 2 to 3 ft. | 2.50 | 22.50 | | | |

Juniperus excelsa stricta

Spiny Greek Juniper

A dense steel blue-green plant, broad at the base and tapering to a point. Stands out in contrast in foundation plantings. Often used at entrances or to accentuate corners.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-----------------|--------|---------|
| 18 to 24 in. | \$3.00 | \$27.00 | 2 to 3 ft. | \$4.00 | \$37.50 |

Juniperus horizontalis

Creeping Juniper

Creates a broad, dense, very dark-green mat useful on banks, sandy slopes and rock gardens.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-----------------|--------|---------|
| 15 to 18 in. | \$2.50 | \$22.50 | 2½ to 3 ft. ... | \$5.00 | \$45.00 |
| 2 to 2½ ft. ... | 3.50 | 32.50 | 3 to 4 ft. | 6.00 | 55.00 |

Juniperus h. depressa plumosa *Plumed Spreading Juniper*

A rich green flat growing form that takes on a warm purple color in the winter. This interesting color contrast is very effective among other evergreens in a group planting. Also excellent to cover slopes or bankings. It transplants more readily than *J. horizontalis*.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|------------------|--------|---------|
| 18 to 24 in. | \$3.50 | \$30.00 | 3 to 3½ ft. | \$8.00 | \$75.00 |
| 2 to 2½ ft. | 4.50 | 40.00 | 3½ to 4 ft. | 10.00 | 90.00 |

Juniperus sabina

Savin Juniper

A graceful half-erect type with dark green foliage of fine texture.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-----------------|--------|---------|
| 18 to 24 in. | \$3.50 | \$33.00 | 2 to 2½ ft. ... | \$4.50 | \$42.00 |

Juniperus virginialis

Dwarf Chinese Juniper

Another semi-erect type with light bright green foliage.

| | Each | Per 10 | | Each | Per 10 |
|------------------|--------|---------|-----------------|--------|---------|
| 2½ to 3 ft. | \$5.00 | \$45.00 | 3½ to 4 ft. ... | \$8.00 | \$75.00 |
| 3 to 3½ ft. | 6.00 | 55.00 | | | |

Juniperus virginiana

Redcedar

The well known and well loved tree which is so characteristic of open landscapes throughout eastern North America. It is best employed as a tall columnar accent or planted closely in screen plantings. It is a tree that can be used freely in narrow quarters with the assurance that it will not overgrow its space too soon. Its bright, rich, blue-green foliage and its waxy blue berries make it particularly desirable as a specimen plant.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 2 to 3 ft. | \$3.00 | \$27.00 | 6 to 7 ft. | \$7.00 | \$65.00 |
| 3 to 4 ft. | 4.00 | 35.00 | 7 to 8 ft. | 9.00 | 85.00 |
| 4 to 5 ft. | 5.00 | 45.00 | 8 to 9 ft. | 12.00 | 110.00 |
| 5 to 6 ft. | 6.00 | 55.00 | | | |

We can furnish Redcedars in larger sizes. Write us for prices.

Juniperus v. elegantissima

Goldtip Redcedar

Another pyramidal form with bright golden tips borne at the ends of the light green branchlets.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|------|---------|
| 5 to 6 ft. | \$8.00 | \$75.00 | 8 to 9 ft. | | \$15.00 |
| 6 to 7 ft. | 10.00 | 90.00 | | | |

Juniperus v. schottii

Schott Redcedar

A brighter green, more dense tree with feathery foliage adaptable to close shearing.

| | Each | Per 10 | | Each | Per 10 |
|------------------|---------|----------|-------------------|------|---------|
| 8 to 9 ft. | \$15.00 | \$140.00 | 10 to 12 ft. | | \$24.00 |
| 9 to 10 ft. | 18.00 | | | | |

*Picea canadensis* — White Spruce***Picea abies remonti*****Remont Dwarf Spruce**

A dense dwarf broad cone-shaped tree with very dark needles and one of real character for a place where something choice and extremely slow growing is desired. Extremely hardy and very distinctive.

| | Each |
|------------------|---------|
| 3½ to 4 ft. | \$15.00 |
| 4 to 5 ft. | 20.00 |
| 5 to 6 ft. | 27.00 |
| 6 to 8 ft. | 35.00 |

***Picea engelmanni* Engelmann Spruce**

This worthy monarch of the forest varies in color from strong blue to silvery gray-green foliage. It also has a strong aromatic odor.

| | Each |
|-----------------|--------|
| 2 to 3 ft. | \$4.00 |
| 3 to 4 ft. | 6.00 |
| 4 to 5 ft. | 8.00 |

Picea glauca albertiana conica**Dwarf Alberta Spruce**

An excellent conical-shaped dwarf with very fine dense blue-green foliage. Although a dwarf, it is a perfect miniature of the tall forest trees, and eventually develops into a dense, narrow pyramid 4 to 5 ft. tall.

| | Each | Per 10 |
|-------------------|--------|---------|
| 12 to 15 in. | \$3.00 | \$27.00 |
| 15 to 18 in. | 4.00 | 36.00 |
| 18 to 24 in. | 5.50 | 50.00 |

Picea omorika**Serbian Spruce**

Considered the choicest large Spruce. Very compact when small and later fairly compact with a graceful sweep of branches. The green foliage is silvery beneath.

| | Each | Per 10 |
|-----------------|--------|---------|
| 3 to 4 ft. | \$6.50 | \$60.00 |
| 4 to 5 ft. | 8.00 | 75.00 |
| 5 to 6 ft. | 12.00 | 110.00 |

Picea glauca**White Spruce**

A tall compact growing tree with blue-green foliage. The White Spruce is at home in the coldest parts of New England growing on the tops of windswept hills and right to the water's edge on the Maine Coast. It is one of our best North American conifers. Plant as specimens or in hedges for windbreaks or tall growing screen plantings. Grows rapidly.

| | Each | Per 10 |
|-------------------|--------|---------|
| 18 to 24 in. | \$2.50 | \$22.00 |
| 2 to 3 ft. | 3.50 | 33.00 |
| 3 to 4 ft. | 5.00 | 48.00 |
| 4 to 5 ft. | 7.50 | 70.00 |

Small White Spruces

We have had a considerable demand during the past year or two from customers who wanted to obtain small trees that they could afford to plant in quantity to develop into screens, hedges, and landscape groups.

This year we are offering well-developed small White Spruces which are desirable because they can be planted successfully nearly everywhere and particularly in exposed situations.

These are not small seedlings but are transplanted young trees already six years old. These are shipped with sphagnum moss around their roots instead of an earth ball. In this size they will transplant successfully when handled in this manner and it will reduce transportation costs substantially.

At these prices you can afford to plant them generously and in a few years time they will provide shelter, privacy, and a beautiful landscape effect.

| | Each | Per 10 | Per 100 |
|-------------------|--------|--------|---------|
| 12 to 18 in. | \$1.00 | \$9.00 | \$80.00 |

Picea — Spruce**Magnificent in Groups — Effective Windbreaks**

The beautiful spires of the Spruces are most effective in landscape and garden planting. They are similar to the Firs, making splendid avenue effects, magnificent groups, and grow rapidly into efficient windbreaks. There are, also, among the Spruce, true dwarfs and pygmies eminently suited to the foundation planting. The latter include some of the rarest and most desirable of dwarf evergreens.

The Spruces are of exceeding hardiness, withstanding severe growing conditions. Succeeding best in full sun, they prefer medium soils and will endure tremendous droughts or poor soils.

Picea abies (excelsa)**Norway Spruce**

A hardy rapid-growing evergreen that adapts itself to almost any soil. Dark green foliage. Very satisfactory for hedges, windbreaks and screens.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-----------------|--------|---------|
| 18 to 24 in. | \$2.00 | \$18.00 | 3 to 4 ft. | \$4.00 | \$36.00 |
| 2 to 3 ft. | 3.00 | 27.00 | 4 to 5 ft. | 5.50 | 50.00 |

Picea abies pumila**Dwarf Spruce**

A choice dwarf evergreen, remarkably slow growing. Its dense branches are crowded with short lustrous blue-green foliage.

| | Each |
|------------------|---------|
| 3 to 3½ ft. | \$12.00 |

Picea abies procumbens**Prostrate Norway Spruce**

A choice Dwarf Spruce of unusually slow growth and low prostrate habit, forming a pygmy hassock with dark, handsome green needles.

| | Each | Per 10 | | Each |
|------------------|---------|----------|------------------|---------|
| 3½ to 4 ft. | \$15.00 | \$140.00 | 4½ to 5 ft. | \$25.00 |
| 4 to 4½ ft. | 18.00 | 160.00 | | |

Picea orientalis**Oriental Spruce**

The Oriental Spruce has very dark green foliage. It is denser and somewhat broader growing than the other Spruces.

| | Each | Per 10 |
|-------------------|--------|---------|
| 18 to 24 in. | \$4.00 | \$36.00 |
| 2 to 3 ft. | 6.00 | 55.00 |
| 3 to 4 ft. | 7.50 | 70.00 |

Picea pungens glauca**Blue Colorado Spruce**

A native of the Rocky Mountains with stiff horizontal branches of gray blue foliage. A very hardy tree that will thrive in exposed situations.

| | Each |
|-------------------|--------|
| 2 to 3 ft. | \$4.00 |
| 3 to 4 ft. | 7.50 |
| 4 to 5 ft. | 9.00 |
| 8 to 10 ft. | 28.00 |
| 10 to 12 ft. | 40.00 |
| 12 to 14 ft. | 50.00 |

Picea pungens kosteriana**Koster Blue Spruce**

The Koster Blue Spruce is similar to the Blue Colorado Spruce but the color is uniformly deep silvery blue.

| | Each |
|-------------------|---------|
| 8 to 10 ft. | \$50.00 |
| 10 to 12 ft. | 70.00 |
| 12 to 14 ft. | 90.00 |
| 14 to 16 ft. | 125.00 |

Evergreens are dug Balled and Burlapped (B-B) at the prices quoted.

Prices: 5 or more plants of one kind and size will be furnished at the 10 rate.

Pinus — Pine

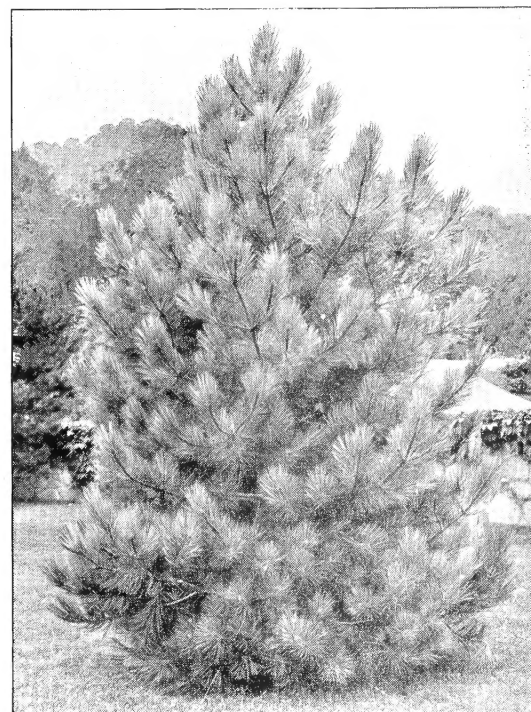

We who live in New England are inclined to take our Pines for granted. Certainly the warm green foliage and interesting habit which varies with the individual tree of our Native White Pine contribute tremendously to the charm of our countryside.

There are other varieties that have value for particular purposes—for planting in wind swept bleak places where the White Pine is not suited—for variety in texture and color of foliage.

A particularly valuable addition is the *Pinus thunbergi* for areas subject to salt spray where almost no other evergreen will succeed. True we may dislike their name *Japanese Black Pine* but remember that they came here as seeds in by-gone years and the plants we offer are progeny of the original immigrants and may be considered naturalized. Remember that beauty is beauty regardless of its origin.

The Pines are adaptable to variable conditions of soil and climate. They have long needles and wide spreading branches and they develop a rugged strength with size.

Their best use is as large specimens either singly, in groups, or as large hedges, windbreaks and screens. There is also the dwarf spreading variety useful for foundation or low plantings.

Pinus Resinosa — Red Pine

Pinus mugo *Swiss Mountain Pine*

An upright grower of medium height giving a bold dark green effect with long soft needles.

| | Each | Per 10 |
|-------------------|---------|--------|
| 5 to 6 ft. | \$20.00 | |
| 6 to 7 ft. | 25.00 | |
| 7 to 8 ft. | 30.00 | |
| 8 to 9 ft. | 35.00 | |
| 9 to 10 ft. | 40.00 | |
| 10 to 12 ft. | 45.00 | |

Pinus mugo mughus *Mugho Pine*

A low, round dense evergreen growing broader than tall. Foliage medium to dark green. Very hardy, good for use on slopes and in foundation plantings.

| | Each | Per 10 |
|-------------------|--------|---------|
| 15 to 18 in. | \$4.00 | \$36.00 |
| 18 to 24 in. | 5.00 | 45.00 |
| 4 to 5 ft. | 15.00 | 135.00 |
| 5 to 6 ft. | 20.00 | 180.00 |
| 6 to 7 ft. | 25.00 | |

Pinus nigra (austriaca) *Austrian Pine*

The Austrian Pine has long, dark green needles and boldly spread branches. Thrives in almost any soil and particularly at the seashore. It is good for planting in groups for screens, and backgrounds.

| | Each | Per 10 |
|-----------------|--------|---------|
| 2 to 3 ft. | \$3.50 | \$33.00 |
| 3 to 4 ft. | 5.50 | 50.00 |
| 4 to 5 ft. | 8.00 | |
| 5 to 6 ft. | 12.00 | |

Pinus resinosa *Red Pine*

The leaves of the Red Pine are the longest of any of the Pines. It is an attractive rapid-growing evergreen with lustrous green foliage. The tree is equally good for planting as an individual or in groups, or for screens and windbreaks.

| | Each | Per 10 |
|-----------------|--------|---------|
| 2 to 3 ft. | \$3.50 | \$33.00 |
| 3 to 4 ft. | 5.00 | 45.00 |
| 4 to 5 ft. | 6.50 | 60.00 |
| 5 to 6 ft. | 8.00 | 75.00 |

Pinus strobus *White Pine*

This is our native White Pine, the Pine that adds so much to our New England countryside. When young its foliage is a deep green with a silvery bloom providing a warm rich appearance. At maturity its spectacularly picturesque wide spreading form stands out against the sky. A row of these trees kept sheared makes a beautiful screen of soft rich foliage.

| | Each | Per 10 |
|-----------------|--------|---------|
| 2 to 3 ft. | \$3.00 | \$27.00 |
| 3 to 4 ft. | 4.00 | 35.00 |
| 4 to 5 ft. | 5.00 | 45.00 |
| 5 to 6 ft. | 7.50 | 65.00 |
| 6 to 7 ft. | 11.00 | 100.00 |
| 7 to 8 ft. | 14.00 | 130.00 |

Pinus sylvestris *Scotch Pine*

A rapid grower with an uneven, shaggy, and picturesque habit of growth. Foliage varies from green to a silvery grayish blue.

| | Each | Per 10 |
|-----------------|--------|---------|
| 2 to 3 ft. | \$3.50 | \$30.00 |
| 3 to 4 ft. | 4.50 | 40.00 |
| 4 to 5 ft. | 6.00 | 55.00 |
| 5 to 6 ft. | 8.00 | 75.00 |
| 6 to 7 ft. | 10.00 | 90.00 |

Pinus thunbergi *Japanese Black Pine*

This is the *outstanding* tree for planting close to salt water and withstood the salt water sprays of the recent hurricanes better than any other evergreen. In fact it succeeds near the water no matter how bleak the situation and languishes inland. It is a graceful wide-spreading tree with broad irregular head of brilliant green foliage.

| 18 to 24 in. | 4.00 | 36.00 |
| 2 to 2½ ft. | 5.00 | 45.00 |

Pseudotsuga taxifolia *Douglas Fir*

The Douglas Fir is a tree of majestic appearance growing to considerable height. The foliage resembles a Spruce but the needles are softer and longer. There is variation in color from medium to dark green and often with a grayish to bluish overlay. Plant for specimen or screen use.

Conical in habit as it grows to maturity.

| | Each | Per 10 |

Large Evergreens

Do you need large evergreens for screens, windbreaks, etc? Yes indeed, we have them. We will be pleased to quote on any sizes or quantities in which you are interested.

*Taxus cuspidata* — Spreading Yew**Taxus — Yews**

Each year the Yews gain in popularity. This is readily understandable because of their hardiness, their adaptability and their rich and dignified appearance. They withstand our variable climate with its extreme cold and extreme heat and thrive, whether in shade or in sun. But their rich dark green foliage, densely covered by their many branchlets is the outstanding characteristic. All of the varieties are dwarf and slow growing, mostly of a spreading nature. They are easily trimmed and pruned so they are of great value wherever low material is needed, whether for foundation plantings, garden borders, low hedges or individual accent points.

Taxus cuspidata* (spreading form) *Japanese Yew

A spreading variety with attractive dark green foliage which is used effectively in plantings around the home. It is especially interesting in the spring, covered with tassels of brilliant olive green new growth in distinct contrast to its black green year round foliage. A mature plant, in the fall, sparkles with its myriad bright red fruits.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|------------------|---------|----------|
| 12 to 15 in. | \$3.00 | \$27.00 | 4 to 4½ ft. | \$22.50 | \$210.00 |
| 15 to 18 in. | 4.00 | 36.00 | 4½ to 5 ft. | 30.00 | 280.00 |
| 18 to 24 in. | 5.00 | 47.50 | 5 to 6 ft. hvy | 40.00 | 375.00 |
| 3 to 4 ft. | 15.00 | 140.00 | 6 to 7 ft. hvy | 50.00 | 475.00 |
| | | | 7 to 8 ft. hvy | 65.00 | 600.00 |

Taxus cuspidata* (capitata) (upright form) *Japanese Yew

An erect symmetrical pyramidal form of the Spreading Yew. It lends itself easily to trimming and makes a most compact hedge, withstanding the rigors of winter and at all times is a beautiful deep green almost black foliage. Individual specimens or pairs can be kept a symmetrical conical dwarf tree with foliage dense, hiding all but the small terminal branches.

| | Each | Per 10 | | Each |
|-------------------|--------|---------|------------------|--------|
| 15 to 18 in. | \$5.00 | \$47.50 | 2 to 2½ ft. | \$7.50 |
| 18 to 24 in. | 6.00 | 57.00 | | |

Taxus c. nana* (spreading form) *Dwarf Japanese Yew

A spreading form of *Taxus cuspidata* of more dwarf habit with short, dark green foliage on dense, compact branches. Hardy, unsurpassed for beauty and permanence. For sheer beauty of color, texture, and form, as well as health and longevity, it is one of the useful and valuable dwarf ornamental trees.

| | Each | Per 10 | | Each |
|-------------------|--------|---------|------------------|---------|
| 10 to 12 in. | \$2.50 | \$20.00 | 3½ to 4 ft. | \$30.00 |
| 12 to 15 in. | 4.00 | 36.00 | 4 to 4½ ft. | 40.00 |
| 18 to 21 in. | 6.50 | 62.00 | 4½ to 5 ft. | 50.00 |
| 21 to 24 in. | 8.00 | 75.00 | 5 to 5½ ft. | 60.00 |
| | | | 5½ to 6 ft. | 75.00 |

Taxus c. nana* (upright compact form) *Dwarf Japanese Yew

A broad conical form of the preceding, it has the same dark green short needles and the irregular habit of growth. Used often for Box-like hedge effects, also in foundation plantings where slow growth is desirable.

| | Each | | Each |
|------------------|---------|------------------|---------|
| 3 to 3½ ft. | \$22.00 | 4½ to 5 ft. | \$55.00 |
| 3½ to 4 ft. | 30.00 | 5 to 5½ ft. | 70.00 |
| 4 to 4½ ft. | 40.00 | 5½ to 6 ft. | 85.00 |

Taxus media* hatfieldi**Hatfield Yew***

The Hatfield Yew is one of the finest forms of Yew. It is somewhat bee-hived in shape of dense habit and dark green foliage. It is a slower grower than *Taxus capitata*, but more dense in habit and a darker green.

| | Each | Per 10 | | Each |
|-------------------|--------|---------|------------------|--------|
| 15 to 18 in. | \$5.00 | \$47.50 | 2 to 2½ ft. | \$8.00 |
| 18 to 24 in. | 6.50 | 63.00 | | |

Taxus m. hicksi***Hicks Yew***

A columnar form with upright branches and green foliage. May be used as accent plant or specimen.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-------------------|--------|---------|
| 12 to 15 in. | \$3.00 | \$27.00 | 18 to 24 in. | \$5.00 | \$45.00 |
| 15 to 18 in. | 4.00 | 36.00 | | | |

Tsuga — Hemlock

The Hemlock is the most graceful and beloved tree of eastern North America. With its low graceful sweeping branches covered with flat short needles bending willingly with the winds, its charm cannot be surpassed. Winter or summer, sunlight or deep shade it grows to maturity a specimen conical shaped tree broad at the base. Survives in shady places and prefers a moist rich soil.

Tsuga canadensis***Canada Hemlock***

A broad pyramidal medium sized tree of dense deep green growth, particularly graceful at any size. Can be kept low for many years with pruning making it especially useful for foundation plantings. Because it will thrive as well in the shade as in the sun, its usefulness is two fold. Makes excellent screenings giving a charm, grace and depth at the rear of the garden or lawn or as a background to a planting of Dogwoods or Hawthorns.

| | Each | Per 10 | | Each |
|-------------------|--------|---------|-------------------|---------|
| 18 to 24 in. | \$3.00 | \$27.00 | 12 to 14 ft. | \$50.00 |
| 2 to 3 ft. | 4.00 | 36.00 | 14 to 16 ft. | 60.00 |
| 3 to 4 ft. | 6.50 | 60.00 | 16 to 18 ft. | 75.00 |
| 4 to 5 ft. | 8.00 | | 18 to 20 ft. | 90.00 |
| 5 to 6 ft. | 11.00 | | | |

Tsuga caroliniana***Carolina Hemlock***

A darker green tree with slight irregular pendulous branches, more open and picturesque. Needles broad and blunt, dark green in color. Slower growing and adaptable to drier soil.

| | Each | | Each |
|-----------------|---------|------------------|---------|
| 6 to 7 ft. | \$15.00 | 8 to 10 ft. | \$25.00 |
| 7 to 8 ft. | 18.00 | | |

Tsuga diversifolia***Japanese Hemlock***

A truly dwarf little tree densely covered with very short blunt needles, dark green in color. A delightful pygmy of the Hemlock type of tree.

| | Each | | Each |
|-------------------|--------|------------------|--------|
| 18 to 24 in. | \$4.50 | 2 to 2½ ft. | \$6.00 |

PLANTING SUGGESTIONS

All our Evergreens are shipped with the roots in a ball of earth securely wrapped in burlap. It is important not to let this ball of earth become dry. When planting be sure to dig a hole big enough to receive ball without breaking or forcing. Remove the burlap before filling in with good soil. If the ground is dry, the hole should be partly filled with well-trodden earth and then filled with water. When the water has soaked in, put in more earth and more water, repeating the process until completed. If a slight depression is left about the base of the plant, it will help in future watering.

All newly planted Evergreens should be made as firm as possible, that is, do not hesitate to tread the soil on the surface of the ground or to tamp it with a stick until it is very firm. Planted in this way, the plant is well anchored and not likely to be loosened by strong winds or heaved out by frost.

Thuja occidentalis — Arborvitae

Thuya — Arborvitae

The Arborvitae is the most common of all the evergreens. With its greatly diversified varieties varying in height from lofty trees down to the low cushion shaped plants it adapts itself to many positions in landscape design. In color, the broad flat leaves vary from rich green to golden yellow and grow in profusion on minor branchlets, giving a solid foliage effect at all times. There is a distinct odor given off from the leaves. All forms enjoy a seasonal trimming and therefore can be held at desirable heights if used in a hedge or screen or if used in foundation plantings.

Thuja occidentalis

American Arborvitae

The common, upright flat-leaved Evergreen so commonly used in plantings. Conical in form with base wider and its terminal branchlets growing profusely and fairly rapidly it is used to good advantage in making tall screens. May be kept at any height by shearing. It thrives on moist as well as dry land, and endures city conditions.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 2 to 3 ft. | \$3.00 | \$27.00 | 4 to 5 ft. | \$6.00 | \$55.00 |
| 3 to 4 ft. | 4.00 | 36.00 | | | |

We have larger sizes available. Ask for quotation.

Thuja occ. columnaris

Columnar Arborvitae

The Columnar Arborvitae has a darker and more dense foliage than the American Arborvitae. It is also of a more compact form and slender growth.

| | Each | Per 10 | | Each |
|-----------------|--------|---------|-----------------|--------|
| 2 to 3 ft. | \$3.00 | \$33.00 | 4 to 5 ft. | \$6.50 |
| 3 to 4 ft. | 4.50 | 42.50 | | |

Thuja occ. douglasi pyramidalis

Douglas Pyramidal Arborvitae

The foliage and form of this variety is quite distinct. It is upright in growth with sharp spire effect, the darker green leaves grow in whorls about the branches. Very effective for contrast in foundation plantings.

| | Each | Per 10 | | Each |
|-----------------|--------|---------|-----------------|--------|
| 2 to 3 ft. | \$3.00 | \$27.00 | 4 to 5 ft. | \$5.00 |
| 3 to 4 ft. | 4.00 | 36.00 | | |

Thuja occ. globosa

Globe Arborvitae

Properly named, this low growing dense globe-shaped variety is extensively used in plantings where height is undesirable.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-------------------|--------|---------|
| 12 to 15 in. | \$2.25 | \$20.00 | 18 to 24 in. | \$4.00 | \$36.00 |
| 15 to 18 in. | 3.00 | 27.00 | | | |

Thuja occ. hoveyi

Hovey Arborvitae

A globular form more erect than the Globe Arborvitae, with a lighter yellow-green foliage.

| | Each | Per 10 | | Each |
|-------------------|--------|---------|-----------------|---------|
| 15 to 18 in. | \$2.50 | \$22.50 | 5 to 6 ft. | \$12.00 |
| 18 to 24 in. | 3.25 | 30.00 | 6 to 7 ft. | 15.00 |

Thuja occ. lutea

George Peabody Arborvitae

This is the golden form of the American Arborvitae. An upright conical tree with the outer leaves golden yellow in color.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|------------------|--------|---------|
| 18 to 24 in. | \$2.50 | \$20.00 | 2 to 2½ ft. | \$3.50 | \$32.50 |

Thuja occ. nigra

Wintergreen Pyramidal Arborvitae

Commonly called the Dark American Arborvitae, a true description. With foliage dark green and very dense, it keeps this color throughout the winter months. Pyramidal in growth, it is an excellent variety for screen, hedge, and specimen planting.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 2 to 3 ft. | \$3.50 | \$33.00 | 4 to 5 ft. | \$6.50 | \$63.00 |
| 3 to 4 ft. | 4.50 | 42.50 | 5 to 6 ft. | 8.50 | 80.00 |

Thuja occ. pyramidalis

American Pyramidal Arborvitae

A densely branched variety of distinct columnar growth with rich dark glossy green foliage. Good for foundation plantings and for hedges of medium height.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|------------------|--------|---------|
| 2 to 3 ft. | \$3.50 | \$33.00 | 5 to 6 ft. | \$9.00 | \$85.00 |
| 3 to 4 ft. | 4.50 | 42.00 | 6 to 6½ ft. | 12.00 | |
| 4 to 5 ft. | 6.00 | 55.00 | | | |

Thuja occ. vervaenana

Vervaeene Arborvitae

Another upright broad pyramidal form with light yellowish green dense foliage. It is the hardiest of all the Arborvitae and can be used advantageously in exposed plantings.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|------------------|--------|---------|
| 18 to 24 in. | \$2.50 | \$20.00 | 2 to 2½ ft. | \$3.50 | \$32.50 |

Thuja occ. wareana

Ware Arborvitae

This Siberian Arborvitae is broad, very dense, slow-growing and upright. Foliage is grayish blue-green. Also a hardy specimen useful for hedges, screens, and accent points in group plantings.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|------------------|--------|---------|
| 18 to 24 in. | \$2.75 | \$25.00 | 2½ to 3 ft. | \$4.00 | \$36.00 |
| 2 to 2½ ft. | 3.25 | 30.00 | 3 to 4 ft. | 5.00 | 45.00 |

Thuja occ. woodwardi

Woodward Arborvitae

This is one of the best globe Arborvitae. It retains its form without trimming and grows sturdily with many branches of dense fine foliage. It gives the appearance of a firm compact ball.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-------------------|--------|---------|
| 12 to 15 in. | \$2.25 | \$20.00 | 18 to 24 in. | \$4.00 | \$36.00 |
| 15 to 18 in. | 3.00 | 27.00 | | | |

Thuja orientalis aurea nana

Berckmanns Golden Biota

A small plant, round and compact in form, with golden yellow feathery fronds.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-------------------|--------|---------|
| 15 to 18 in. | \$3.00 | \$27.00 | 18 to 24 in. | \$4.00 | \$36.00 |

*Euonymus carrierei* — Wintercreeper**Euonymus — Wintercreeper**

An interesting and valuable group of evergreen shrubs and vines, the *Euonymus* can be trained to be a ground cover, a creeping vine over stone buildings, foundations, or walls, or an excellent dwarf shrub in hedge form. With their brilliant glossy green leaves, they grow readily whether in shade or sun or in poor soil. Listed here are the plants that have green leaves the complete twelve months — there is also another interesting and unique group listed under the deciduous shrubs.

Euonymus fortunei radicans *Wintercreeper*

The smaller leaf variety, a prolific grower, covers walls or foundations closely and will cling to masonry. Leaves are dull green above with whitish veins.

| | Each | Per 10 | | Each | Per 10 |
|-------------|--------|--------|-------------|--------|---------|
| 3 yrs. | \$1.00 | \$9.00 | 4 yrs. | \$1.25 | \$11.00 |

Euonymus f. carrierei *Glossy Wintercreeper*

A stronger grower than Wintercreeper with larger, more glossy pointed green leaves. Planted by itself, it will grow as a bush but if given support will grow like a vine. It also makes an attractive low hedge if given an occasional shearing.

| | Each | Per 10 | | Each | Per 10 |
|-------------|--------|---------|-------------|--------|---------|
| 4 yrs. | \$1.25 | \$11.00 | 5 yrs. | \$1.75 | \$16.00 |

Euonymus f. coloratus *Purpleleaf Wintercreeper*

A prostrate variety with a brilliant bronze foliage in the winter. Also a very rapid spreading vine making an excellent ground cover.

| | Each | Per 10 | | Each | Per 10 |
|-------------|--------|--------|-------------|--------|---------|
| 2 yrs. | \$.75 | \$6.50 | 4 yrs. | \$1.25 | \$11.00 |
| 3 yrs. | 1.00 | 9.00 | | | |

Euonymus f. kewensis *Prostrate Baby Wintercreeper*

A very small dark green delicate vine that creeps close to the ground. Excellent for rock garden or as an edging for small pool. It also is a fine ground cover for shady places or under small trees.

| | Each | Per 10 |
|---------------|--------|--------|
| 3" pots | \$.60 | \$5.00 |

Evergreen Shrubs

WE who live in the eastern United States are fortunate to have a group of plants that enjoy the acid soil that exists generally. This group is known as the broad-leaved evergreens.

Our gardens are benefited extensively because of the delightful members of this group of evergreens. With their permanent year round broad green foliage, they have many uses in pleasing contrasts with other types of evergreen plantings. Many also are low in growth and make handsome edges or borders or creeping ground-covers. Most all of them thrive happily in partial or deep shade and fill that needed want of something to grow on the north side or under tall trees or in shaded areas where many plants are less likely to succeed. In addition, many have beautiful and showy flowers.

Chamaedaphne calyculata*Leatherleaf*

Graceful arching shrub of heavy glossy leaves turning to red-brown in the winter. Waxy white flowers drooping in leafy racemes from each leaf along the branches. Grows well in damp places and shade.

| | Each | Per 10 | | Each | Per 10 |
|------------------------|--------|---------|-----------------------|--------|---------|
| 15 to 18 in. B-B | \$3.00 | \$27.50 | 2 to 2½ ft. B-B | \$5.00 | \$45.00 |
| 18 to 24 in. B-B | 3.50 | 32.50 | | | |

Daphne cneorum*Rose Daphne*

A delightfully sweet-scented pink flowered dwarf evergreen shrub with dark blue-green foliage; each shoot tipped with delightfully fragrant pink flowers in May and June, and on and off the rest of the summer. It is an ideal rock plant, succeeding best in full sunlight in a well-drained soil.

| | Each | Per 10 |
|-----------------------|--------|---------|
| 9 to 12 in. B-B | \$1.75 | \$16.50 |

Euonymus f. vegetus*Bigleaf Wintercreeper*

A trailing or climbing evergreen shrub with round, glossy, green leaves. Produces an abundance of orange-scarlet berries in the fall, splendid for use as a ground cover, or may be trimmed into bush form. This is the best fruiting form of wintercreeper.

| | Each | Per 10 | | Each | Per 10 |
|-------------|--------|---------|-------------|--------|---------|
| 4 yrs. | \$1.25 | \$11.00 | 6 yrs. | \$2.25 | \$20.00 |

Pachysandra terminalis — See page 12

Mahonia aquifolium — Oregon Hollygrape

Pieris floribunda

Mountain Andromeda

An early blossoming Evergreen shrub of spreading habit. Referred to, often, as the Lily-of-the-Valley Shrub, its large drooping clusters of striking white flowers open in mid-April and bloom for 4 to 5 weeks in mid-spring. Dwarf, round and compact in habit of growth, blossom buds form in the fall, giving the appearance of flowers throughout the winter.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-------------------|--------|---------|
| 12 to 15 in. | \$2.50 | \$22.50 | 18 to 24 in. | \$4.50 | \$40.00 |
| 15 to 18 in. | 3.50 | 30.00 | | | |

Pieris japonica

Japanese Andromeda

This variety also blossoms early but grows more upright with leaves in a unique whorl arrangement.

| | Each | Per 10 | | Each |
|-------------------|--------|---------|------------------|--------|
| 18 to 24 in. | \$6.00 | \$57.00 | 2 to 2½ ft. | \$7.50 |

Vinca — Myrtle

A creeping evergreen vine spreading into a thick mounded mass of glossy green with blue bell shaped flowers lifting their heads jauntily above the green.

Vinca minor

Common Periwinkle

A handsome evergreen ground cover with showy bright blue flowers borne freely in early spring and at intervals throughout the summer and autumn. It is perfectly hardy and thrives splendidly under trees where it makes a dense mat.

| | Per 10 | Per 100 |
|----------------|--------|---------|
| 2½" pots | \$3.00 | \$24.00 |

Vinca minor alba

White Common Periwinkle

A white variety of the Myrtle, when planted in conjunction with the others enlivens the planting with its strong white blossoms.

| | Per 10 | Per 100 |
|------------|--------|---------|
| Pots | \$3.50 | \$27.00 |

Vinca minor, Bowles' Variety

An excellent variety of the above with broader, somewhat crinkly glossy green leaves. Flowers large, of a deep rich blue color, borne in remarkable profusion. An unsurpassed ground cover.

| | Per 10 | Per 100 |
|-------------------|--------|---------|
| Field Grown | \$4.50 | \$36.00 |

Ground Cover Plants

You will observe that we grow a number of plants for ground cover purposes. None are more practical than Pachysandra and Vinca which we grow in quantity.

Wherever you have an area too shady for grass to grow successfully or too small to bother to mow, a green carpeting of either of these plants is a good treatment and provides an attractive effect at any season. They are ordinarily planted at the rate of 3 plants to each square foot of area for reasonably quick results.

Mountain Laurel

Rhododendrons

BEYOND doubt, the showiest and most beautiful evergreen shrubs, with large, permanent, glossy green leaves and lovely flowers in early summer. They should have partial shade, although they do well in full sunlight, and a north exposure is especially adapted to them. It will pay well to go to some trouble to prepare beds for them as they demand an acid soil entirely free of lime or fresh manure. Groups of Rhododendrons planted in foundation plantings, borders, or under trees give untold returns in the all-year beauty of their foliage and their lovely flowers in early summer.

All Rhododendrons are balled and burlapped (B-B) without additional charge.

Rhododendron carolinianum

Carolina Rhododendron

One of the very finest broad-leaved evergreens. It has handsome dark green leaves, blossoming in mid-May nearly three weeks ahead of other varieties, thus extending the season considerably. The densely-clustered flowers, varying from pale to deep pink, although smaller in size than those of some Rhododendrons, make up in profusion of bloom what they lack in size.

| | Each | Per 10 |
|-------------------|--------|---------|
| 12 to 15 in. | \$3.00 | \$27.00 |
| 15 to 18 in. | 4.00 | 37.00 |
| 18 to 24 in. | 5.00 | 47.50 |
| 2 to 2½ ft. | 6.00 | 55.00 |

R. carolinianum album *White Carolina Rhododendron*

A delicately chaste and white flowering variety of the former combining nicely in a mass planting with them.

| | Each | Each |
|-----------------|---------|-------------------------|
| 4 to 5 ft. | \$10.00 | 5 to 6 ft. \$13.00 |

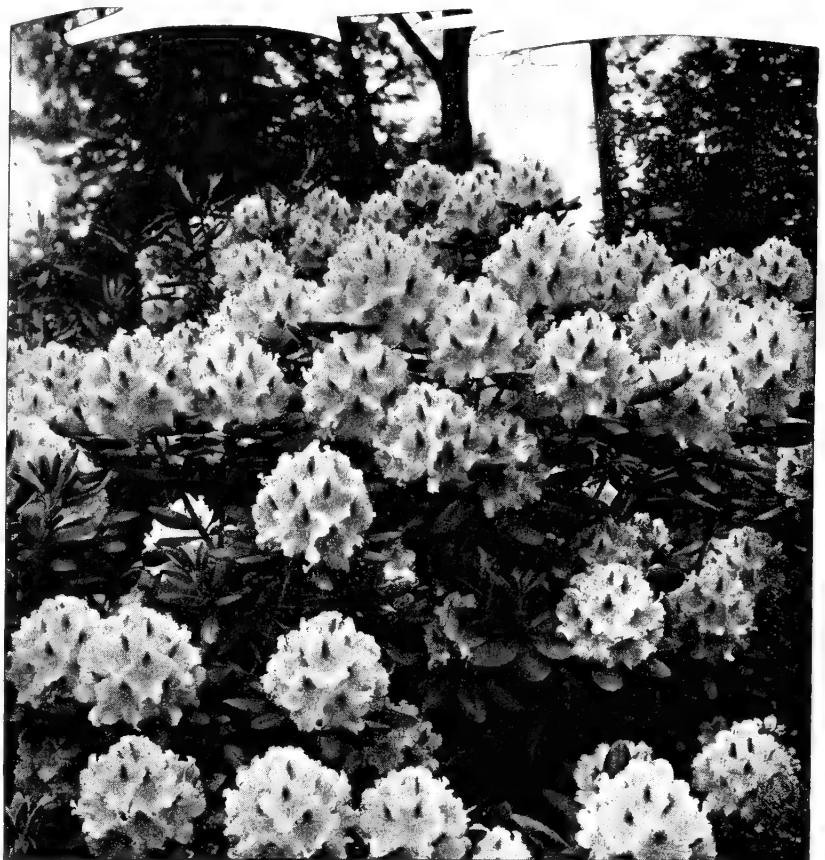

R. catawbiense *Catawba Rhododendron*

This is the parent of most of our best hybrids and is distinctly valuable. The flowers, borne profusely in very large round trusses, come in various shades of dark rosy lilac the early part of June. It thrives best in partial shade and is very hardy.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|------------------|--------|---------|
| 15 to 18 in. | \$4.00 | \$37.00 | 2½ to 3 ft. | \$8.00 | \$75.00 |
| 18 to 24 in. | 5.00 | 47.50 | 3 to 3½ ft. | 10.00 | |
| 2 to 2½ ft. | 6.00 | 55.00 | | | |

R. maximum *Rosebay Rhododendron*

This is the handsome Great Laurel or Rosebay of the Appalachian Mountains. Flowers white to bluish pink, produced in late June and July. Foliage very smooth and glossy, and twice as large as that of any other sort. Handsome for big bold masses, creating a landscape effect of dignity and elegance.

Rhododendron catawbiense

R. maximum — prices

| | Each | Per 10 | | Each | Per 10 |

PACHYSANDRA

Pachysandra terminalis

Japanese Pachysandra

One of the best evergreen ground covers to use in spots where grass is difficult to grow — under shade trees for instance. Makes an excellent edging to face down plantings to the ground—spreading by its roots into solid mass effect. The whorl of rich green leaves on stems about 6 ins. high are topped in June with a short spike of white flowers. Will thrive in deep shade.

| | Per 10 | Per 100 |

| 2½" pots | \$3.00 | \$24.00 |

Shade and Flowering Trees

THERE are many varieties of trees that are long lived that increase in beauty as they develop in size. Select the enduring kinds that grow old gracefully as they may be a part of your life and association for many years to come. The Flowering Trees are delightful in the colors they provide and for use as accents in the garden. They harmonize well with the sombre evergreens and the larger growing shade trees.

Acer — Maples

The Maples are too familiar to need much introduction. They are all splendid trees, some of which are especially adapted to street planting.

Among its many varieties are found interesting, beautiful and desirable shapes, leaves and fall colorings.

Acer ginnala

Amur Maple

A graceful shrub or small tree that turns bright red in Autumn. Of bushy habit, makes a good type for screen planting as well as individual use.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|--------|------------------|--------|---------|
| 3 to 4 ft. | \$1.00 | \$8.50 | 6 to 8 ft. | \$4.00 | \$37.50 |
| 4 to 5 ft. | 1.50 | 12.50 | 8 to 10 ft. | 6.00 | 55.00 |
| 5 to 6 ft. | 2.50 | 22.50 | | | |

A. negundo

Boxelder

A rapid growing tree useful for quick screen. Birds like the fruit. It will grow in poor soil, damp or dry.

| | Each | Per 10 | | Each | Per 10 |
|------------------|--------|---------|-------------------|--------|---------|
| 6 to 8 ft. | \$2.00 | \$18.00 | 10 to 12 ft. | \$3.50 | \$32.50 |
| 8 to 10 ft. | 2.50 | 22.50 | | | |

A. palmatum atropurpureum

Blood-leaved Japanese Maple

A low shrubby tree with striking blood-red leaves slowly changing to dark purple throughout the season. Makes a handsome broad specimen on the lawn or a colorful addition to a shrub-group.

| | Each |
|----------------------|---------|
| 3 to 4 ft. B-B | \$15.00 |

A. platanoides

Norway Maple

Very broad, rounding head. Large, rich dark green leaves. Perfectly hardy. Does well under city conditions and grows at the seashore.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-------------------|---------|---------|
| 6 to 8 ft. | \$4.00 | \$36.00 | 12 to 14 ft. | \$10.00 | \$95.00 |
| 8 to 10 ft. | 5.00 | 45.00 | 14 to 16 ft. | 12.00 | 110.00 |
| 10 to 12 ft. | 7.50 | 70.00 | | | |

A. platanoides globosum

Globehead Norway Maple

Dense ball shaped tops 5 ft. in diameter on stems 5 to 6 ft. high. A very unique tree for formal use.

| | Each |
|--------------------|---------|
| 5 ft. trunks | \$15.00 |

A. p. schwedleri

Schwedler Maple

A form of Norway Maple with leaves strong red in Spring, later turning dark green.

| | Each | Per 10 | | Each | Per 10 |
|------------------|--------|---------|-------------------|---------|---------|
| 8 to 10 ft. | \$8.00 | \$75.00 | 10 to 12 ft. | \$10.00 | \$90.00 |

A. rubrum

Red Maple

This is the tree which more than any other single species, gives our New England landscape its brilliant autumn hues of red, crimson and scarlet, roughly round-headed. Do not confuse this tree with the Schwedler Maple, which has red leaves in late spring and early summer.

| | Each | Per 10 | | Each | Per 10 |
|------------------|--------|---------|-------------------|--------|---------|
| 6 to 8 ft. | \$4.00 | \$36.00 | 10 to 12 ft. | \$7.00 | \$65.00 |
| 8 to 10 ft. | 5.00 | 45.00 | 12 to 14 ft. | 9.00 | 85.00 |

A. saccharum

Sugar Maple

An excellent shade and street tree, somewhat higher-headed than the Norway Maple, with dense foliage that turns bright yellow and scarlet in Autumn.

| | Each | Per 10 | | Each | Per 10 |
|------------------|--------|---------|-------------------|--------|---------|
| 6 to 8 ft. | \$5.00 | \$45.00 | 10 to 12 ft. | \$8.00 | \$75.00 |

A. tataricum

Tatarian Maple

A hardy and desirable shrub-like tree with brilliant Autumn coloring. Good for screen planting.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-------------------|--------|---------|
| 8 to 10 ft. | \$4.00 | \$37.50 | 12 to 14 ft. | \$8.00 | \$75.00 |
| 10 to 12 ft. | 6.00 | 55.00 | | | |

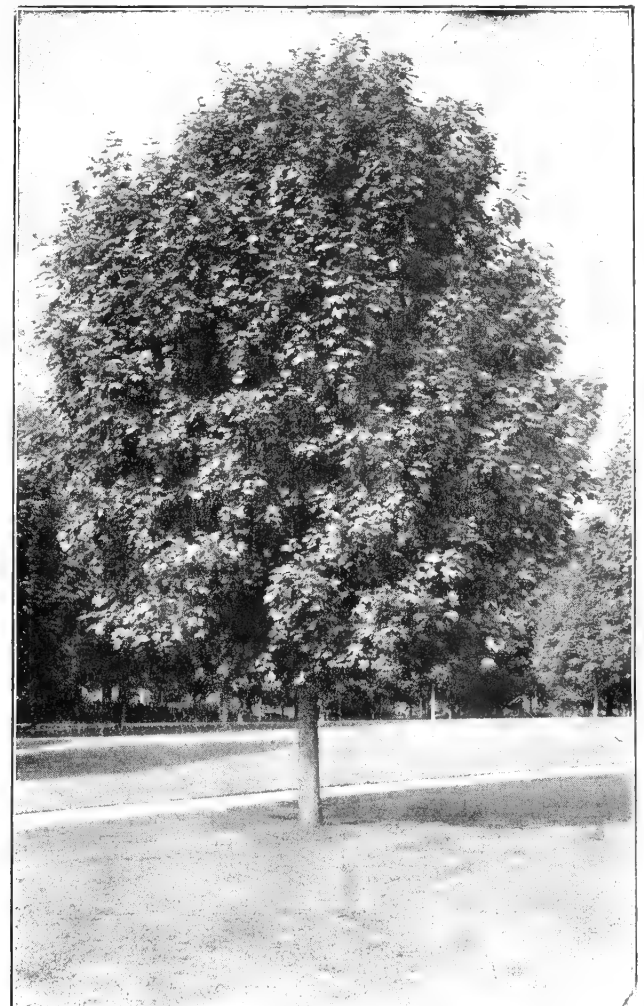

Big Trees

You Don't Have to Wait Years for Shade and Beauty

In many varieties we have larger specimens than those listed in this book which we are unable to describe here because of limited space. If you are interested in larger trees we shall be glad to quote on your requirements.

We suggest that if any trees are being planted as Memorials that larger sizes will be more appropriate.

We have equipment for moving large trees and we will be glad to quote prices for the trees delivered and planted if desired.

Acer Platanoides — Norway Maple

Cornus Florida — Flowering Dogwood

C. caroliniana

American Hornbeam

Small densely foliated tree with tough, wiry branches. Does well in neglected places and endures drought. Both varieties of Hornbeam turn yellow in fall.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|------------------|--------|---------|
| 4 to 5 ft. | \$4.00 | \$35.00 | 6 to 8 ft. | \$8.00 | \$72.50 |
| 5 to 6 ft. | 6.00 | 55.00 | 8 to 10 ft. | 12.00 | 110.00 |

All *Carpinus* are dug balled and burlapped (B-B) at the prices quoted.

Catalpa bignonioides nana (bungei)

Umbrella Catalpa

Round heads grown on stems 5 to 6 ft. tall.

| | Each |
|-------------------|--------|
| 3 yr. heads | \$4.00 |

C. speciosa

Western Catalpa

A rapid growing tree with leaves 10 inches long. Handsome white flowers in large clusters in June.

| | Each | Per 10 | | Each |
|-------------------|--------|---------|-------------------|--------|
| 6 to 8 ft. | \$2.00 | \$18.00 | 12 to 14 ft. | \$6.00 |
| 8 to 10 ft. | 4.00 | 36.00 | 14 to 16 ft. | 7.00 |
| 10 to 12 ft. | 5.00 | 45.00 | | |

Cercidiphyllum japonicum

Katsura Tree

A striking tree of pyramidal form, with medium-sized heart shaped leaves pink when unfolding, rich medium green in Summer and brilliant shades of orange-scarlet in Fall.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-------------------|---------|----------|
| 8 to 10 ft. | \$6.00 | \$55.00 | 12 to 14 ft. | \$12.00 | \$110.00 |
| 10 to 12 ft. | 9.00 | 85.00 | 14 to 16 ft. | 15.00 | |

Betula — The Birches

This is a small family of trees with a grace and charm all its own. Mostly used as lawn specimens or in effective positions upon the grounds; they are also splendid mingled with other varieties in an open woodland, and the light-barked kinds are beautiful grouped at the edge of a thicket or forest.

The Birches are among the groups that transplant with greatest difficulty. While we exercise every care in handling them, we sell them at the purchaser's risk. Careful watering after planting usually helps them to succeed.

Betula papyrifera

Canoe Birch

When young, the stem is dark brown, which causes many people to question the variety, but as it develops, the trunk becomes white, with a loose graceful head and large handsome leaves.

| | Each | | Each |
|-----------------|--------|------------------|--------|
| 5 to 6 ft. | \$4.00 | 8 to 10 ft. | \$7.50 |
| 6 to 8 ft. | 5.00 | | |

B. pendula (alba)

European White Birch

A tall, graceful tree with spraylike branches and snow-white bark that is effective in winter. It assumes an elegant, drooping habit.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-------------------|--------|---------|
| 5 to 6 ft. | \$4.00 | \$36.00 | 8 to 10 ft. | \$7.50 | \$70.00 |
| 6 to 8 ft. | 5.00 | 45.00 | 10 to 12 ft. | 12.00 | 110.00 |

B. pendula gracilis

Cutleaf Weeping Birch

An unusually graceful, drooping tree, particularly adapted to lawns. The foliage is deeply cut and the bark silvery white at maturity.

| | Each | | Each |
|-------------------|---------|-------------------|---------|
| 10 to 12 ft. | \$12.00 | 14 to 16 ft. | \$20.00 |
| 12 to 14 ft. | 15.00 | | |

B. populifolia

Gray Birch

A slender tree with smooth, grayish white bark and glossy leaves. Rapid grower.

| | Each | Per 10 | | Each |
|-------------------|--------|---------|--------------------------|---------|
| 6 to 8 ft. | \$3.00 | \$25.00 | 6 to 8 ft. clumps | \$10.00 |
| 8 to 10 ft. | 4.00 | 35.00 | 8 to 10 ft. clumps | 15.00 |
| 10 to 12 ft. | 5.00 | 45.00 | | |

All Birches are dug balled and burlapped (B-B) at the prices quoted.

Carpinus betulus

European Hornbeam

Small tree branching to ground like Beeches. Useful for screens.

| | Each | | Each |
|------------------|---------|-------------------|---------|
| 8 to 10 ft. | \$10.00 | 12 to 14 ft. | \$18.00 |

Cercis canadensis

Redbud or Judas Tree

One of our beautiful ornamental trees. It truly fits the name Redbud because in the spring it is covered with small, red pear-shaped blossoms close to the branches before the leaves appear.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 5 to 6 ft. | \$4.00 | \$36.00 | 6 to 7 ft. | \$5.50 | \$50.00 |

Chionanthus virginicus

White Fringe

This beautiful shrub-like tree is one of the best ornamental trees for the lawn. It has large glossy dark green foliage that forms a superb setting for the delicate sprays of white, fringed flowers of early summer. Delicately fragrant. Flowers each year with great regularity.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|------------------|--------|---------|
| 3 to 4 ft. | \$1.75 | \$15.00 | 6 to 7 ft. | \$5.00 | \$45.00 |
| 4 to 5 ft. | 2.50 | 22.50 | 7 to 8 ft. | 7.00 | 65.00 |
| 5 to 6 ft. | 3.50 | 32.50 | 8 to 10 ft. | 9.00 | |

Cladrastis lutea

Yellow Wood

A splendid tree of the Locust family with feathery leaves and clusters of fragrant white flowers, like pea-blossoms in June.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-------------------|--------|---------|
| 4 to 5 ft. | \$3.00 | \$27.00 | 8 to 10 ft. | \$6.00 | \$55.00 |
| 5 to 6 ft. | 4.00 | 36.00 | 10 to 12 ft. | 7.50 | |
| 6 to 8 ft. | 5.00 | 45.00 | | | |

Cornus — Flowering Dogwoods

Thrive in low, moist, fertile soils, preferring semi-shaded locations. Small trees desirable from every point of view. In the spring they make a picture of unforgettable beauty with their drifts of showy flowers at the edge of a woodland or against a background of evergreens. The foliage turns dark red in autumn and brilliant red berries make it a decorative tree during the fall.

Cornus florida

White Flowering Dogwood

The native Dogwood tree of eastern North America, which produces large, snowy white flowers in May before the leaves appear. In autumn its glittering red berries clusters in a nest of glossy foliage which turns various shades of pink, crimson, scarlet, and maroon. During the winter the twiggy branches make a lacy pattern of intricate beauty. No other tree appears so attractive throughout all the seasons.

| | Each | Per 10 | | Each | Per 10 |
|----------------------|--------|---------|------------------------|---------|---------|
| 3 to 4 ft. | \$3.00 | \$27.00 | 7 to 8 ft. B-B | \$10.00 | \$90.00 |
| 4 to 5 ft. | 4.50 | 42.00 | 8 to 10 ft. B-B | 15.00 | 140.00 |
| 5 to 6 ft. | 6.00 | 55.00 | 10 to 12 ft. B-B | 20.00 | 180.00 |
| 6 to 7 ft. B-B | 8.50 | 80.00 | | | |

Larger size trees are available. Ask for special quotation.

C. florida rubra

Red Flowering Dogwood

One of the finest flowering trees blossoming even in small sizes. It produces deep rose colored flowers in the early spring. Planted by itself it is a wonderment of beauty with its early flowers and early leaves but it is particularly effective when planted with the white flowering variety.

| | Each | | Each |
|-----------------|--------|----------------------|---------|
| 3 to 4 ft. | \$6.00 | 5 to 6 ft. B-B | \$10.00 |
| 4 to 5 ft. | 8.50 | 7 to 8 ft. B-B | 18.00 |

We have a number of 8 to 10 ft. size in bush form with several stems from the base at \$15.00 each. B-B.

Crataegus — Hawthorn

The Thorns are small, shrubby trees, charming alike when bare, in flower, in foliage, or in fruit. They are fine for masses in the corners or at boundaries, and look well in hollows or along streams, fitting into almost any scheme of naturalistic or formal plantings. Most varieties make dense impenetrable hedges.

Crataegus arnoldiana

Arnold Hawthorn

A small, broad-crowned tree, with ascending and spreading branches. White flowers in May and abundant, bright crimson fruit in fall.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|----------------------|--------|---------|
| 4 to 5 ft. | \$3.00 | \$27.50 | 6 to 7 ft. B-B | \$6.00 | \$55.00 |
| 5 to 6 ft. | 4.50 | 42.50 | | | |

C. coccinea

Thicket Hawthorn

Another fine native variety with large foliage and white blossoms in May, succeeded by clusters of scarlet fruit in autumn.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|----------------------|--------|---------|
| 3 to 4 ft. | \$2.00 | \$17.50 | 6 to 7 ft. B-B | \$6.00 | \$55.00 |
| 4 to 5 ft. | 3.00 | 27.50 | 7 to 8 ft. B-B | 7.00 | 65.00 |
| 5 to 6 ft. | 4.50 | 42.50 | | | |

C. crusgalli

Cockspur Thorn

Long sharp thorns and glossy green foliage, which turns brilliant orange and scarlet in the Fall, makes this a valuable variety for hedges.

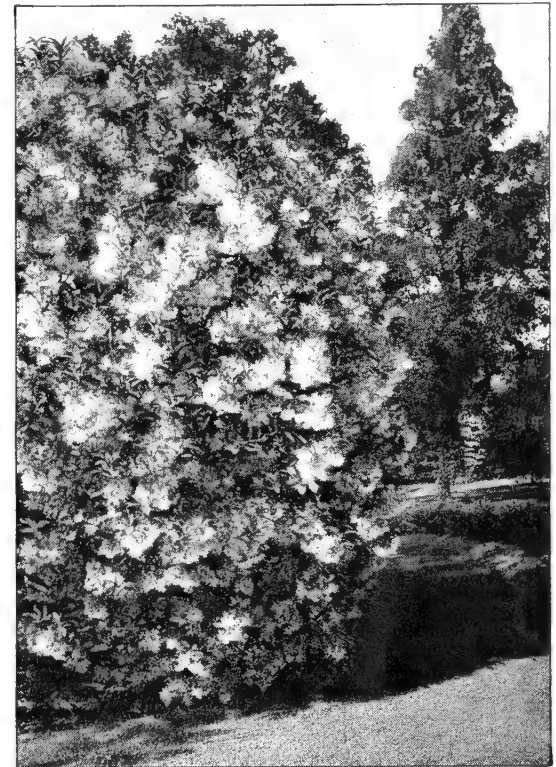

| | Each | Per 10 | | Each |
|----------------------|--------|---------|-----------------------|---------|
| 5 to 6 ft. | \$5.00 | \$45.00 | 8 to 10 ft. B-B | \$10.00 |
| 6 to 8 ft. B-B | 7.50 | 70.00 | | |

C. oxyacantha plena

Double White English Hawthorn

Charming, double white flowers that contrast nicely with the double scarlet Thorn.

| | Each | | Each |
|----------------------|--------|-----------------------|---------|
| 6 to 7 ft. B-B | \$8.00 | 8 to 10 ft. B-B | \$15.00 |
| 7 to 8 ft. B-B | 10.00 | | |

Chionanthus virginica — White Fringe Tree

C. oxyacantha pauli

Paul's Double Scarlet Hawthorn

A small tree of fine habit, with rich, luxuriant foliage and very double deep crimson flowers with a scarlet glow.

| | Each | | Each |
|----------------------|--------|-----------------------|---------|
| 5 to 6 ft. B-B | \$6.00 | 7 to 8 ft. B-B | \$10.00 |
| 6 to 7 ft. B-B | 8.00 | 8 to 10 ft. B-B | 12.00 |

C. phaenopyrum (cordata)

Washington Hawthorn

Beautiful autumn foliage and large clusters of bright red fruit, remaining through late winter. The best Hawthorn for showy fruit, and considered by many the finest of our native Hawthorns.

| | Each | Per 10 | | Each | Per 10 |
|-----------------------|--------|---------|------------------------|---------|----------|
| 3 to 4 ft. | \$3.50 | \$30.00 | 10 to 12 ft. B-B | \$15.00 | \$140.00 |
| 6 to 8 ft. B-B | 8.00 | 75.00 | 12 to 14 ft. B-B | 20.00 | 180.00 |
| 8 to 10 ft. B-B | 10.00 | 90.00 | | | |

Fagus — Beech

The Noblest Trees of Creation

Beeches are long-lived, symmetrical, and beautiful at all seasons of the year. They make excellent, mature specimens casting a dense shade. The colored leaf forms are among the finest ornamentals for lawns or avenues. Beeches are best moved in the spring, when we ship them with the roots carefully balled and burlapped. (B-B)

Fagus grandifolia (americana)

American Beech

Large, spreading tree of symmetrical habit. Its rich yellow autumn foliage and smooth, gray bark add to its attractiveness.

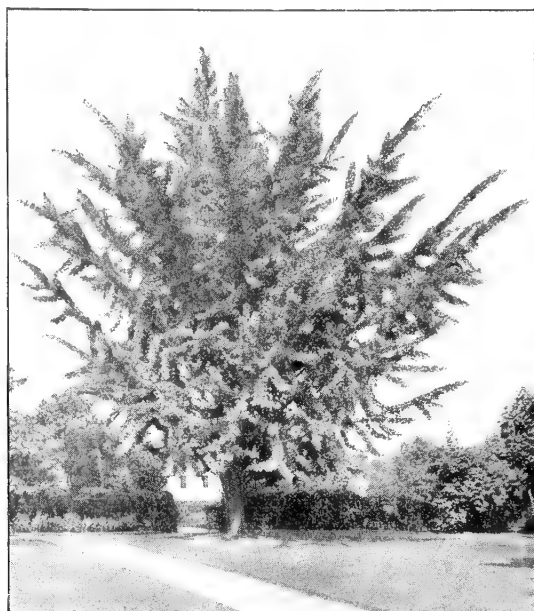

| | Each | Per 10 | | Each | Per 10 |
|-----------------------|---------|----------|------------------------|---------|----------|
| 7 to 8 ft. B-B | \$12.00 | \$110.00 | 10 to 12 ft. B-B | \$20.00 | \$180.00 |
| 8 to 10 ft. B-B | 15.00 | 135.00 | 12 to 14 ft. B-B | 27.00 | 250.00 |

F. sylvatica

European Beech

Choice symmetrical trees branching close to the ground. They have smaller leaves than the American Beech which are retained into the late winter. Excellent for screens, clipped hedges or specimen trees.

| | Each | Per 10 | | Each | Per 10 |
|-----------------------|--------|---------|------------------------|---------|----------|
| 4 to 5 ft. B-B | \$6.00 | \$55.00 | 10 to 12 ft. B-B | \$20.00 | \$175.00 |
| 5 to 6 ft. B-B | 8.00 | 75.00 | 12 to 14 ft. B-B | 25.00 | 225.00 |
| 7 to 8 ft. B-B | 12.00 | 110.00 | 14 to 16 ft. B-B | 30.00 | 270.00 |
| 8 to 10 ft. B-B | 15.00 | 125.00 | | | |

*Ginkgo biloba* — *Ginkgo***F. sylvatica purpurea**

The foliage of this low branching tree is very attractive. In spring it is bright reddish purple, turning glossy purple-green in summer. It forms a noble, symmetrical head of majestic appearance.

| | | |
|----------------|------|--------|
| 3 to 4 ft. B-B | Each | \$7.50 |
| 6 to 7 ft. B-B | Each | 20.00 |

Purple Beech**Fraxinus americana**

This well known native ash has a straight, clean trunk and soft, mel-low green foliage, changing in the autumn to rich golden-yellow. A desirable shade or street tree because it furnishes shade quickly and is comparatively long-lived.

| | | | | |
|-------------|------|--------|--------|---------|
| 6 to 8 ft. | Each | \$2.50 | Per 10 | \$22.50 |
| 8 to 10 ft. | Each | 3.50 | Per 10 | 32.00 |

White Ash**Ginkgo biloba**

A beautiful tree of upright habit, with a clean, straight trunk and spreading branches. The leaves are fan shaped, resembling the Maiden-hair Fern, and in the fall become rich golden yellow. An excellent lawn and avenue tree, very satisfactory in cities. Insects avoid it.

| | | |
|--------------------------------|------|--------|
| 7 to 8 ft. Young slender trees | Each | \$4.00 |
|--------------------------------|------|--------|

Maidenhair Tree**Gleditsia****Gleditsia triacanthos**

A fast growing tree with compound, much-divided foliage, and fragrant, pea-like flowers. The lights and shadows through its foliage and its dainty fragrant flowers give an excellent effect. It can be used as a thorny, impenetrable hedge or allowed to grow into a splendid specimen tree of moderate size and irregular habit. It will thrive along the ocean in defiance of spray and gales, and seems to enjoy the rough, barren, sandy soil of Cape Cod and similar localities. We can highly recommend it for both beauty and endurance under the most difficult growing conditions.

| | | | | |
|------------|------|--------|--------|---------|
| 5 to 6 ft. | Each | \$3.00 | Per 10 | \$27.50 |
| 6 to 8 ft. | Each | 4.00 | Per 10 | 36.00 |

G. triacanthos inermis

This is a thornless form of Honeylocust that we sincerely believe will be planted in steadily increasing quantities. Its pattern of light rather than dense shade and its adaptability to varied conditions make it a particularly desirable tree.

| | | | | |
|------------|------|--------|--------|---------|
| 5 to 6 ft. | Each | \$4.50 | Per 10 | \$40.00 |
|------------|------|--------|--------|---------|

Thornless Honeylocust**Common Honeylocust****Gymnocladus dioica**

A handsome native shade tree with irregular branch and trunk growth. Large glossy, bluish-green compound leaves and greenish white feathery flowers in slender swinging clusters. Large shiny brown seed pods produced in autumn.

| | | |
|------------|------|--------|
| 5 to 6 ft. | Each | \$4.50 |
| 6 to 8 ft. | Each | 6.00 |

Kentucky Coffee Tree**Halesia monticola**

An attractive tree with horizontal branches bearing in May hundreds of small, white, bell-shaped flowers, which dangle from the lower side of the branches. It makes a handsome lawn tree, always the object of interest and admiration.

| | | |
|-------------|------|--------|
| 6 to 8 ft. | Each | \$5.00 |
| 8 to 10 ft. | Each | \$7.50 |

Mountain Silverbell**H. tetraptera**

A tree of medium size with attractive gray bark and quantities of small pearly white blossoms in May.

| | | |
|------------|------|--------|
| 4 to 5 ft. | Each | \$3.00 |
| 5 to 6 ft. | Each | 4.00 |
| 6 to 8 ft. | Each | 5.00 |

Great Silverbell**Laburnum vulgare**

A small tree with smooth foliage, deriving its name from the long racemes of golden yellow blossoms, like Wisteria, produced in June. It does best in a cool, partially shady spot and ought to be given shelter from the most severe winter winds.

| | | |
|------------|------|--------|
| 5 to 6 ft. | Each | \$5.00 |
| 6 to 7 ft. | Each | \$6.00 |

Golden Chain**Larix laricina**

Looks like a Spruce tree when the foliage appears in early spring but needles are soft and light green shedding in the autumn. Attractive rapid growing pyramidal form becoming irregular at maturity. Numerous small brown cones become prominent when the needles fall.

| | | |
|------------|------|--------|
| 5 to 6 ft. | Each | \$5.00 |
| 6 to 8 ft. | Each | 7.00 |

American Larch**Liquidambar styraciflua**

Handsome tree of stately growth with maple-like leaves, but more star-shaped, glossy green, turning deep crimson and scarlet in autumn.

| | | |
|-------------|------|--------|
| 6 to 8 ft. | Each | \$5.00 |
| 8 to 10 ft. | Each | 7.50 |

Sweetgum**Liriodendron tulipifera**

A large symmetrical tree with smooth bark, glossy light green fiddle-shaped leaves. Flowers are tulip-like, greenish yellow blotched with orange.

| | | |
|-------------|------|--------|
| 6 to 8 ft. | Each | \$6.00 |
| 8 to 10 ft. | Each | 8.00 |

Tuliptree**Magnolia****Large Cup Flowers — Admired by Everyone**

One of our most ornamental flowering trees, requiring a sheltered location here. Best transplanted in spring.

Magnolia virginiana (glauc)

A shrubby tree with large, glossy blue-green leaves: producing delightfully scented white flowers, 3 to 4 inches in diameter, in June and July.

| | | |
|----------------|------|--------|
| 2 to 3 ft. B-B | Each | \$4.00 |
| 3 to 4 ft. B-B | Each | 5.00 |

M. soulangeana

A sturdy, picturesque tree of moderate size, covered in spring with giant rose-pink flowers before the large, glossy, dark green leaves appear.

| | | |
|----------------|------|---------|
| 3 to 4 ft. B-B | Each | \$10.00 |
| 4 to 5 ft. B-B | Each | 12.50 |

Saucer Magnolia

Flowering Crabs

The Flowering Crab Apples are small trees literally covered with blossoms in May. In the fall they bear heavy clusters of showy, waxy fruits varying from pale green to orange-red. They transplant readily and are satisfactory under a wide range of conditions. They are fine; planted either singly or in groups.

The following varieties provide a range of colors from white through pink to red, at least in the bud. Plant Flowering Crab Apples freely. They are hardy and flower regularly.

Malus arnoldiana

Arnold Crab

Semi-double pink blossoms in early spring, followed by yellow fruit, and attractive foliage. Makes a dense mound of shrub-like growth.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 4 to 5 ft. | \$4.00 | \$36.00 | 5 to 6 ft. | \$5.50 | \$50.00 |

M. atrosanguinea

Carmine Crab

Like most Flowering Crab Apples, it makes an excellent specimen or lawn tree, for in Spring it is a mass of single crimson blooms of such richness of color that it is easily the brightest of the rose-tinted Crabs.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|----------------|--------|---------|
| 3 to 4 ft. | \$3.50 | \$32.00 | 6 to 7 ft. B-B | \$8.00 | \$75.00 |
| 4 to 5 ft. | 4.00 | 36.00 | 7 to 8 ft. B-B | 10.00 | |
| 5 to 6 ft. | 5.50 | 50.00 | | | |

M. baccata

Siberian Crab

Flowers pink in bud opening pure white and fragrant. Fruit yellow spotted red.

| | Each | Per 10 | | Each | Per 10 |
|------------------|---------|----------|------------------|---------|----------|
| 8 to 10 ft. B-B | \$13.00 | \$120.00 | 12 to 14 ft. B-B | \$21.00 | \$195.00 |
| 10 to 12 ft. B-B | 17.00 | 155.00 | | | |

M. floribunda

Japanese Flowering Crab

One of the best early, spring-flowering bushes or small trees. The deep pink flowers appearing with the leaves, are produced in great abundance, followed by very showy pinkish red, pea-sized fruit on long, slender stems, making it very ornamental in autumn.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 3 to 4 ft. | \$3.50 | \$32.50 | 5 to 6 ft. | \$6.00 | \$55.00 |
| 4 to 5 ft. | 4.50 | 42.50 | | | |

M. halliana parkmani

Parkman Crab

Considered by many as the showiest of the Flowering Crab Apples. Free flowering early in May, it is a most attractive tree with beautiful semi-double bright pink blossoms. Has reddish brown fruit in the fall.

| | Each | | Each |
|-----------------|--------|----------------|--------|
| 4 to 5 ft. | \$4.00 | 6 to 7 ft. B-B | \$8.00 |
| 5 to 6 ft. | 5.50 | 7 to 8 ft. B-B | 10.00 |

M. hopa

Hopa Crab

A sturdy upright tree with single deep pink flowers that are delightful. Leaves are slightly tinged with purple and has showy fruits in late summer. This tree makes a perfect specimen.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|----------------|--------|--------|
| 4 to 5 ft. | \$4.00 | \$36.00 | 6 to 7 ft. B-B | \$8.00 | |
| 5 to 6 ft. | 5.50 | 50.00 | 7 to 8 ft. B-B | 10.00 | |

M. ioensis plena

Bechtel Crab

An upright vase-shape tree, producing double fragrant flowers of delicate pink resembling small roses.

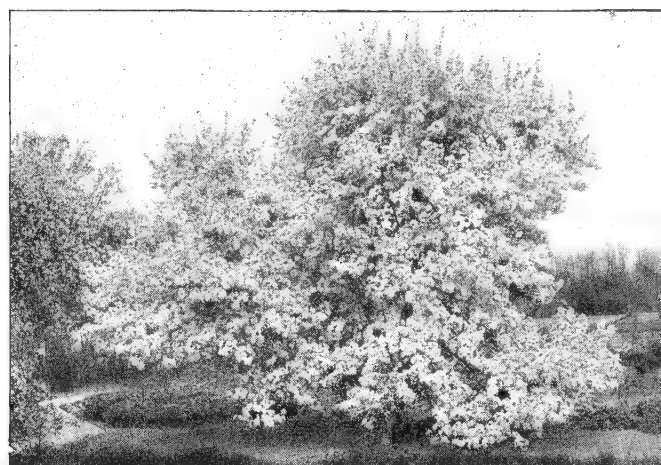

| | Each | Per 10 |
|-----------------|--------|---------|
| 4 to 5 ft. | \$4.00 | \$36.00 |

M. prunifolia rinki

Chinese Apple

Showy white flowers followed by red, yellow and green fruits 1½ inches in diameter. Cultivated by the Chinese as a fruit tree, but it is an extremely decorative ornamental subject as well.

| | Each | Per 10 | | Each | Per 10 |
|------------------|---------|----------|------------------|---------|--------|
| 8 to 10 ft. B-B | \$13.00 | \$120.00 | 12 to 14 ft. B-B | \$21.00 | |
| 10 to 12 ft. B-B | 17.00 | 155.00 | 14 to 16 ft. B-B | 25.00 | |

Flowering Crab Apple

M. pumila niedzwetzkyana

Redvein Crab

A very ornamental tree with deep pink flowers and purplish leaves. Large red fruits.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|------------------|---------|----------|
| 5 to 6 ft. | \$5.50 | \$50.00 | 8 to 10 ft. B-B | \$13.00 | \$120.00 |
| 6 to 7 ft. B-B | 8.00 | 75.00 | 10 to 12 ft. B-B | 17.00 | 155.00 |
| 7 to 8 ft. B-B | 10.00 | 90.00 | 12 to 14 ft. B-B | 21.00 | 195.00 |

M. purpurea

Purpleleaf Crab

The brilliant foliage of rich reddish purple makes this type most desirable when a touch of color is desired. The flowers are single, brilliant deep red and the fruit is red also.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|------------------|---------|----------|
| 6 to 8 ft. B-B | \$9.00 | \$85.00 | 10 to 12 ft. B-B | \$17.00 | \$155.00 |
| 8 to 10 ft. B-B | 13.00 | 120.00 | 12 to 14 ft. B-B | 21.00 | |

M. purpurea eleyi

Eley Crab

One of the best of the red-foliaged Crabs with large clusters of reddish-purple flowers, and brilliant apricot colored fruits. Arresting both in foliage and flowers.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|------------------|---------|---------|
| 4 to 5 ft. | \$4.00 | \$36.00 | 7 to 8 ft. B-B | \$10.00 | \$90.00 |
| 5 to 6 ft. | 5.50 | 50.00 | 8 to 10 ft. B-B | 13.00 | 120.00 |
| 6 to 7 ft. B-B | 8.00 | 75.00 | 10 to 12 ft. B-B | 17.00 | 155.00 |

M. Red Silver Crab

Another red-foliaged tree but with cut leaves overtone with a silvery color. Flowers are clusters of red bloom. In the fall, the small red fruit is delightful.

| | Each |
|-----------------|--------|
| 4 to 5 ft. | \$3.50 |

M. robusta

Cherry Crab

Showy, free-flowering tree with abundant pinkish white blooms followed by red and yellow fruits, like cherries.

| | Each | | Each |
|----------------|--------|-----------------|---------|
| 6 to 8 ft. B-B | \$9.00 | 8 to 10 ft. B-B | \$13.00 |

M. sargentii

Sargent Crab

A dwarf tree much more like a large, twiggy shrub making a billowy drift of snowy white when covered with its mantle of blooms. In autumn it is again made attractive and bright by the abundant red fruit. We strongly recommend this tree for its bushy growth, beautiful flowers and showy fruits.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|---------|--------|
| 3 to 4 ft. | \$3.50 | \$32.00 | 6 to 7 ft. B-B | \$10.00 | |
| 4 to 5 ft. | 5.00 | 45.00 | 7 to 8 ft. B-B | 15.00 | |
| 5 to 6 ft. | 7.00 | 65.00 | 8 to 10 ft. B-B | 20.00 | |

M. scheideckeri

Scheidecker Crab

A very pleasing early-flowering variety with double pink blooms and yellow fruit the size of a cherry. Distinctly upright and slender in habit of growth.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|----------------|--------|---------|
| 4 to 5 ft. | \$4.00 | \$36.00 | 6 to 7 ft. B-B | \$8.00 | \$75.00 |
| 5 to 6 ft. | 5.50 | 50.00 | | | |

*Oxydendrum arboreum* — Sourwood**M. spectabilis** **Chinese Flowering Crab**

A slender compact grower. The semi-double flowers are very showy rose to pink. The fruits are reddish yellow.

| | Each | Per 10 |
|-----------------|--------|---------|
| 4 to 5 ft. | \$4.00 | \$36.00 |

M. toringoides **Cutleaf Crab**

A shrubby tree with beautiful, slightly cut foliage and irregular, picturesque habit, covered in late May with a cloud of creamy white flowers in dense masses along every pendulous branch and twig. In autumn its many orange and scarlet, pear-shaped fruits glitter in the sunlight like jewels. This is one of the most decorative of the Flowering Crabs.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------------|---------|--------|
| 5 to 6 ft. | \$5.50 | \$50.00 | 7 to 8 ft. B-B | \$10.00 | |
| 6 to 7 ft. | 8.00 | 75.00 | 8 to 10 ft. B-B | 14.00 | |

Morus alba tartarica **Russian Mulberry**

A low, very bushy-topped tree with edible reddish black fruit that is particularly attractive to the birds.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-------------------|--------|---------|
| 4 to 5 ft. | \$1.75 | \$16.50 | 8 to 10 ft. | \$5.00 | \$45.00 |
| 5 to 6 ft. | 2.50 | 22.50 | 10 to 12 ft. | 7.50 | 70.00 |
| 6 to 8 ft. | 3.50 | 32.00 | | | |

Ostrya virginiana **American Hophornbeam**

Similar in many respects to Carpinus. Small tree with scaly bark. Flowers in small catkins and hop-like clusters of fruit.

| | Each | Per 10 | | Each | Per 10 |
|------------------|---------|---------|------------------|---------|----------|
| 10 to 12 ft. B-B | \$10.00 | \$90.00 | 12 to 14 ft. B-B | \$15.00 | \$140.00 |

Oxydendrum arboreum **Sourwood**

Slender and graceful as a Birch, the tree will fill a narrow corner or fit in with shrubs. Flowers come in long curving racemes, like drooping bouquets of Lily-of-the-Valley, in July and August. First tree in Autumn with scarlet foliage. Will grow in shady places.

| | Each | Per 10 | | Each | Per 10 |
|----------------|--------|---------|-----------------|--------|---------|
| 2 to 3 ft. B-B | \$2.00 | \$17.50 | 5 to 6 ft. B-B | \$6.00 | \$55.00 |
| 3 to 4 ft. B-B | 3.00 | 27.50 | 6 to 8 ft. B-B | 8.00 | 70.00 |
| 4 to 5 ft. B-B | 4.00 | 36.00 | 8 to 10 ft. B-B | 10.00 | 90.00 |

Populus canadensis eugenei **Carolina Poplar**

A familiar rapid-growing tree with loose, open spreading top with gray-green bark and heart-shaped bright green foliage.

| | Each | Per 10 | | Each | Per 10 |
|------------------|--------|---------|-------------------|--------|---------|
| 6 to 8 ft. | \$1.50 | \$12.50 | 10 to 12 ft. | \$2.50 | \$20.00 |
| 8 to 10 ft. | 2.00 | 18.00 | | | |

P. nigra italica**Lombardy Poplar**

This well-known, upright, and extremely rapid-growing tree has light pale green leaves, lighter beneath, and branches down to the ground. It is used very satisfactorily for screen purposes.

| | Each | Per 10 | | Each | Per 10 |
|------------------|--------|---------|-------------------|--------|---------|
| 6 to 8 ft. | \$1.50 | \$14.00 | 10 to 12 ft. | \$3.30 | \$30.00 |
| 8 to 10 ft. | 2.25 | 21.00 | 12 to 14 ft. | 4.50 | 42.00 |

P. simoni**Simon Poplar**

A narrow columnar tree with dark glossy leaves.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 5 to 6 ft. | \$1.50 | \$13.50 | 6 to 8 ft. | \$2.00 | \$18.00 |

Prunus persica**Double Red-flowering Peach**

A low-growing tree with typical "Peach" characteristics and glossy, narrow leaves. The flowers burst with flame of brilliant dazzling, salmon-red double blossoms in early spring.

| | Each | Per 10 |
|-----------------|--------|---------|
| 4 to 5 ft. | \$3.00 | \$27.00 |

Japanese Flowering Cherries

Small trees seldom growing over 30 feet. Very beautiful in flower, some double, some single, white to deep pink, in late May. In acid soils, fair applications of lime at least every second year are needed; otherwise the Japanese Cherries may prove tender in the North.

| | Each | | Each |
|-----------------|--------|------------------|--------|
| 4 to 5 ft. | \$4.50 | 6 to 8 ft. | \$8.00 |
| 5 to 6 ft. | 6.00 | 8 to 10 ft. | 10.00 |

Amanogawa

Fragrant semi-double pink flowers. Slender columnar habit of growth.

4 to 5 ft., 5 to 6 ft.

Beni-Higan

Single pale pink flowers.

6 to 7 ft., 8 to 10 ft.

Fugenzo (Kofugen)

Double, very deep pink flowers.

5 to 6 ft., 6 to 7 ft.

Shirotae (Mt. Fuji)

Double pure white.

5 to 6 ft.

Naden

Lovely deep pink double flowers. Upright growth.

5 to 6 ft., 6 to 7 ft.

Yoshino

Clusters of fragrant, single pinkish-white flowers completely covering the tree in advance of the leaves.

5 to 6 ft., 6 to 7 ft.

Quercus — Oak

Splendid trees, rather slow growing at first, but when once established develop amazingly within a few years. They are of noble proportions and give an impression of boundless strength and vigor. They make well-proportioned, dignified trees for boulevard or street planting and they cast a welcome shade as lawn specimens. Oaks hold their richly colored foliage well into the winter.

Quercus borealis (rubra)**Common Red Oak**

A majestic broad-headed tree with deeply cut foliage of glossy dark green which turns dark red in the fall. One of the finest quick-growing specimens, once it has become established. It should be planted more frequently along streets as it is a durable long lived tree. It is one of the trees which best withstood the recent hurricanes.

| | Each | Per 10 | | Each | Per 10 |
|------------------|--------|---------|-------------------|---------|---------|
| 6 to 8 ft. | \$5.00 | \$47.50 | 10 to 12 ft. | \$10.00 | \$90.00 |
| 8 to 10 ft. | 7.00 | 65.00 | 12 to 14 ft. | 14.00 | 130.00 |

Q. coccinea**Scarlet Oak**

A large handsome tree especially valued for brilliant scarlet foliage in the Autumn. Makes a symmetrical specimen tree.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-------------------|---------|----------|
| 8 to 10 ft. | \$7.00 | \$65.00 | 12 to 14 ft. | \$14.00 | \$130.00 |
| 10 to 12 ft. | 10.00 | 90.00 | | | |

Q. palustris

Pin Oak

This very handsome long-lived tree is one of the very best shade trees. It has horizontal drooping branches and finely divided shiny dark green leaves which turn red in the Fall. A rapid grower.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|---------|---------|-------------------|---------|----------|
| 10 to 12 ft. | \$10.00 | \$90.00 | 14 to 16 ft. | \$30.00 | \$270.00 |
| 12 to 14 ft. | 14.00 | 130.00 | | | |

Larger sizes are available from 3 to 5 inches in caliper, nice full specimens. Ask for quotations.

Salix — Willow

Trees of medium height and graceful habit. They grow rapidly and prefer medium to very moist soils but will grow in any ordinary soil. Leaves mostly very narrow on slender, drooping branchlets.

Salix discolor

Pussy Willow

A small shrublike tree with buds opening a soft, fuzzy gray.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 3 to 4 ft. | \$1.00 | \$ 9.00 | 5 to 6 ft. | \$1.50 | \$12.00 |
| 4 to 5 ft. | 1.25 | 11.00 | 6 to 8 ft. | 2.00 | 17.00 |

S. niobe

Golden Weeping Willow

A large tree of weeping habit with branches sweeping to the ground. Its slender branchlets are a bright golden yellow, particularly conspicuous during the winter.

| | Each | Per 10 | | Each | Per 10 |
|------------------|--------|---------|-------------------|--------|---------|
| 8 to 10 ft. | \$4.00 | \$36.00 | 10 to 12 ft. | \$6.00 | \$55.00 |

S. pentandra

Laurel Willow

An ornamental tree of upright, dense growth, with leaves of dark glossy green, much like the California Privet. Excellent for seashore planting where it will thrive vigorously in either wet or dry soil.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 4 to 5 ft. | \$1.25 | \$11.00 | 6 to 8 ft. | \$2.50 | \$20.00 |
| 5 to 6 ft. | 1.50 | 12.50 | | | |

Sophora japonica

Chinese Scholar Tree

An interesting slow-growing tree with irregular branch and trunk growth covered with deep corrugated bark. Dark green leaves with silver underneath and panicles of cream-colored blossoms drooping beneath each leaf, flowering in August.

| | Each | Per 10 | | Each | Per 10 |
|----------------|--------|---------|----------------|--------|---------|
| 4 to 5 ft. B-B | \$5.00 | \$45.00 | 5 to 6 ft. B-B | \$7.50 | \$70.00 |

Sorbus aucuparia

European Mountain Ash

A small tree bearing large, flat heads of white flowers in May but best known for its broad, flat clusters of scarlet berries borne in abundance from July to winter.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-------------------|------|---------|
| 8 to 10 ft. | \$5.00 | \$47.00 | 12 to 14 ft. | | \$10.00 |
| 10 to 12 ft. | 7.50 | 70.00 | | | |

Syringa amurensis japonica

Japanese Tree Lilac

A narrow-headed tree with ten-inch panicles of cream white to light yellow flowers in late June and early July when no other flowering tree is in bloom.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-------------------|--------|---------|
| 5 to 6 ft. | \$2.50 | \$22.50 | 8 to 10 ft. | \$5.50 | \$50.00 |
| 6 to 8 ft. | 4.00 | 35.00 | 10 to 12 ft. | 7.00 | 65.00 |

Tilia — Linden

The Lindens are very satisfactory, rapid growing ornamental trees, often planted as lawn specimens or for street or avenue effects.

Tilia americana

American Linden

An American species, with intensely fragrant yellow flowers and broad, round top which gives plenty of shade.

| | Each | | Each |
|------------------|--------|-------------------|--------|
| 8 to 10 ft. | \$5.00 | 10 to 12 ft. | \$7.00 |

T. europaea (vulgaris)

European Linden

This broad-headed, symmetrical tree has small dark green leaves and develops rapidly into a shade-giving specimen excellent for general planting or for street trees. It has fragrant blooms in June.

| | Each | Per 10 | | Each | Per 10 |
|------------------|--------|---------|-------------------|---------|---------|
| 6 to 8 ft. | \$5.00 | \$47.50 | 10 to 12 ft. | \$10.00 | \$90.00 |

| | | | 3" caliper | | |

Pin Oak

Ulmus — Elm

The Elms are famous trees and have a rural, pastoral air that fits admirably into landscape planting schemes. They almost always look best in a wide-spaced row, or isolated in a field or on a hillside, and some of the finest of our New England villages owe their beauty to their Elm-bordered streets.

Ulmus americana

American Elm

The most beautiful of the Elms. It is lofty and spreading, with drooping branches and is very hardy. At maturity it attains great character and individual beauty.

| | Each | Per 10 | | Each | Per 10 |
|------------------|--------|---------|-------------------|--------|---------|
| 6 to 8 ft. | \$3.00 | \$27.00 | 10 to 12 ft. | \$6.00 | \$55.00 |
| 8 to 10 ft. | 4.00 | 36.00 | 12 to 14 ft. | 9.00 | 80.00 |

U. americana molinensis

Moline Elm

A handsome, pyramidal form of the American Elm of narrow, erect habit, similar to Lombardy Popular, making it ideal for street use in restricted quarters. Large leaves and short, erect branches. A fine, quick-growing tree.

| | Each | | Each |
|-------------------|--------|-------------------|---------|
| 16 to 18 ft. | \$7.50 | 18 to 20 ft. | \$10.00 |

U. glabra camperdowni

Camperdown Elm

Wide, flat, spreading form grafted on to 5 to 6 ft. stem. When well grown it makes a large drooping head with widespread pendulous branches.

| | Each | | Each |
|------------------|---------|-------------------|---------|
| 7 yr. heads | \$10.00 | 10 yr. heads | \$16.00 |

U. procera

English Elm

A round-topped and sometimes open-headed tree that is often used for avenues. The foliage is dark green, remaining several weeks longer in the autumn than that of U. americana, and is more delicately cut.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-------------------|------|---------|
| 8 to 10 ft. | \$4.00 | \$36.00 | 16 to 20 ft. | | \$18.00 |
| 10 to 12 ft. | 6.00 | 55.00 | | | |

U. pumila

Siberian or Chinese Elm

An extremely rapid growing tree branching freely with many slender twigs covered with bead-like buds in the winter. Leaves are small but so abundant they make a quick and most desirable shade tree.

| | Each | Per 10 | | Each | Per 10 |
|------------------|--------|---------|-------------------|--------|---------|
| 6 to 8 ft. | \$3.50 | \$33.00 | 10 to 12 ft. | \$7.50 | \$70.00 |
| 8 to 10 ft. | 5.00 | 45.00 | | | |

The Colorful Azalea

JUST as the Rhododendron is the King of the Evergreen Shrubs, so are its cousins, the Azaleas, the aristocrats of the Deciduous Shrubs. In color, the Azaleas give an assortment of hues in much wider range than in the Rhododendrons — and flowering periods from mid-April to early July. While classed as acid soil plants they thrive in soils of considerable range, particularly the Asiatic sorts, which even prefer some lime in the soil.

The opportunities for using deciduous Azaleas are almost unlimited. Their graceful habit appears to good advantage in informal groups either in wooded areas or in shrub borders, while many are most decorative in the foundation planting where evergreens create a dark background for their vivid colors. They succeed equally well in sun or shade, preferring a moderately moist soil or a mulch of leafmold.

All Azaleas will be balled and burlapped (B-B) without extra charge.

Azalea arborescens

Sweet Azalea

The charm of this Azalea lies not in its pinkish white flowers, but in their intense and delicious fragrance which is wafted through the open windows during its flowering season, mid-June. The plants are low, broad and dense, and particularly desirable for mass effects.

| | Each | Per 10 |
|-----------------|--------|---------|
| 2 to 3 ft. | \$6.00 | \$57.50 |

A. calendulacea

Flame Azalea

The most showy Azalea, and one of the most beautiful flowering shrubs. Blooms several weeks in June, bearing a profusion of flowers ranging through reds, oranges, toward yellow.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-----------------|--------|---------|
| 18 to 24 in. | \$5.50 | \$52.50 | 3 to 4 ft. | \$7.50 | \$70.00 |
| 2½ to 3 ft. | 6.50 | 60.00 | | | |

Azalea Vaseyi — Pinkshell Azalea

A. kaempferi

Torch Azalea

A very handsome, tall growing variety with flowers which vary from bright orange-red to salmon-pink from middle to late May. It thrives in partial shade and is benefited by small applications of lime. Exceptionally desirable and we believe it is one of the best of all for brilliancy, refinement of color, and abundance of flowers.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|------------------|--------|---------|
| 18 to 24 in. | \$5.50 | \$52.50 | 2½ to 3 ft. | \$7.50 | \$70.00 |
| 2 to 2½ ft. | 6.50 | 60.00 | | | |

A. mollis

Chinese Azalea

Resembles a dwarf Rhododendron with good foliage and bears flowers in bright shades of orange-yellow. It is perfectly hardy, thriving in sunny positions anywhere, and is excellent in masses. All that we said of the value of *Azalea kaempferi* applies with equal force to this variety. Both are superb Azaleas.

| | Each | Per 10 |
|-------------------|--------|---------|
| 12 to 15 in. | \$2.25 | \$20.00 |

A. mucronulata

Mongolian Azalea

One of the very first Azaleas to flower, opening rosy-lavender flowers as early as April 20th, thus lengthening by several weeks the blooming period of the Azaleas. It will succeed in dry locations and it likes some lime.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|------------------|--------|--------|
| 15 to 18 in. | \$3.00 | \$27.00 | 2 to 2½ ft. | \$5.00 | |
| 18 to 24 in. | 4.00 | 36.00 | 2½ to 3 ft. | 6.50 | |

A. vaseyi

Pinkshell Azalea

Of graceful, irregular habit. Slender stems carry small, compact clusters of delicate, shell-pink flowers early in May, appearing before the leaves. The foliage turns brilliant scarlet in autumn.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|------------------|--------|---------|
| 18 to 24 in. | \$3.00 | \$27.00 | 2½ to 3 ft. | \$5.00 | \$48.00 |
| 2 to 2½ ft. | 4.00 | 36.00 | | | |

A. viscosa

Swamp Azalea

The latest Azalea to bloom, early July. Vigorous upright shrub with abundance of pink and white deliciously fragrant flowers.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|------------------|--------|---------|
| 18 to 24 in. | \$2.50 | \$22.50 | 2½ to 3 ft. | \$4.00 | \$36.00 |
| 2 to 2½ ft. | 3.00 | 27.00 | 3 to 4 ft. | 6.00 | 55.00 |

A. yedoensis poukhanensis

Orchid Azalea

A compact, low-growing Azalea blooming with a profusion of fragrant orchid-like flowers from middle to late May. One of the best for form, color and attractive foliage throughout the summer.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|------------------|--------|---------|
| 15 to 18 in. | \$4.00 | \$37.50 | 2 to 2½ ft. | \$6.50 | \$60.00 |
| 18 to 24 in. | 5.50 | 52.50 | | | |

Has It Occured To You?

that gifts of living trees or shrubs have more than a passing value? Those who receive gifts of this nature are reminded from year to year as the leaves and flowers appear of the thought of the donor.

What To Give!

There are White and Pink Flowering Dogwoods, a half dozen Hybrid Tea Roses, a Torch Azalea, a Cornelian-Cherry, a Hybrid Lilac, a Silver Bell tree, a Hatfield Yew and hundreds of other solutions according to the taste of the one for whom it is intended.

We ship such gifts with a card attached from the donor, for birthday, special anniversaries, and Christmas gifts — and they have always been most welcome.

Flowering Shrubs

THERE is a tremendous number of beautiful shrubs which embrace flowering forms of every conceivable variety. While some are admired for their fruits, or for their foliage, others are admired for their interesting forms or texture.

Groups or Borders

They should always be planted in groups or borders; rarely as single specimens, unless very large. A good arrangement invariably provides open stretches of lawn bordered with irregular masses of shrubs against the boundary line or building. Their outlines and habits differ so very much that best effects always come from planting large restful colonies of one kind or closely related sorts.

A Shrub For Every Purpose

Their various shrubby forms contrast with the more set forms of the accent plants, and their bare stems in winter give agreeable contrast form, and lend accent to the evergreen trees. Among the shrubs are found varieties with wide divergencies in their ultimate heights. Obviously, the larger sorts should be planted in the larger spaces and in the back rows; the medium ones in the middle rows. The small ones should be used as facers in the front rows of a planting.

Except those varieties specifically marked B-B, Flowering Shrubs are regularly dug bare rooted at the prices given. If desired, we will dig other sorts B-B, making the following charges:

| | |
|-------------------|-------------|
| 15 to 18 in. | \$.25 each |
| 18 to 24 in. | .30 each |
| 2 to 3 ft. | .35 each |
| 3 to 4 ft. | .45 each |
| 4 to 5 ft. | .65 each |
| 5 to 6 ft. | .80 each |

5 or more Shrubs of one kind will be priced at the 10 rate.

Acanthopanax sieboldianus (pentaphyllum) **Fiveleaf Aralia**

An upright shrub, with arching, spiny branches and bright green, shining foliage. Excellent in shady places, on rocky banks and slopes and in smoky city areas. Especially good for prickly hedges.

| Each | Per 10 | Each | Per 10 |
|-----------------|----------------|-----------------|----------------|
| 2 to 3 ft. | \$.90 \$ 8.00 | 4 to 5 ft. | \$1.50 \$13.50 |
| 3 to 4 ft. | 1.25 11.00 | | |

Amelanchier canadensis **Downy Shadblow**

A large graceful tree-like shrub, with snowy white flowers in early spring. Fruits in late June, deep maroon.

| Each | Per 10 | Each | Per 10 |
|-----------------|----------------|-----------------|----------------|
| 4 to 5 ft. | \$2.00 \$18.00 | 6 to 8 ft. | \$5.00 \$45.00 |
| 5 to 6 ft. | 3.00 27.00 | | |

Amorpha canescens **Lead Plant**

Handsone low shrub with showy spikes of small blue flowers in June.

| Each | Per 10 | Each | Per 10 |
|-------------------|----------------|-----------------|----------------|
| 18 to 24 in. | \$.90 \$ 8.00 | 2 to 3 ft. | \$1.25 \$11.00 |

A. fruticosa

An exceptionally interesting shrub of spreading habit bearing arching branches of pale green, feathery foliage and dark, violet-purple, pea-like flowers in June. This is an unusual summer flowering plant, worthy of a position in the shrub border.

| Each | Per 10 | Each | Per 10 |
|-----------------|----------------|-----------------|----------------|
| 3 to 4 ft. | \$.90 \$ 8.00 | 5 to 6 ft. | \$1.50 \$13.50 |
| 4 to 5 ft. | 1.25 11.00 | | |

Aronia arbutifolia

This attractive, densely branched shrub bears clusters of white flowers in May and June. It produces bright red berries and brilliant crimson leaves in the fall.

| Each | Per 10 | Each | Per 10 |
|-----------------|----------------|-----------------|----------------|
| 2 to 3 ft. | \$.90 \$ 8.00 | 4 to 5 ft. | \$1.50 \$13.50 |
| 3 to 4 ft. | 1.25 11.00 | | |

A. melanocarpa

Similar to *A. arbutifolia*, but fruits are glossy black.

| Each | Per 10 | Each | Per 10 |
|-------------------|---------------|-----------------|----------------|
| 18 to 24 in. | \$.75 \$7.00 | 3 to 4 ft. | \$1.25 \$11.00 |
| 2 to 3 ft. | .90 8.00 | 4 to 5 ft. | 1.50 13.50 |

Black Chokeberry

Berberis — Barberry

Berberis mentorensis

Mentor Barberry

A new hedge barberry of erect habit. Its semi-evergreen leathery dark green leaves grow dense, clear to the base. This with its long thorns make it an attractive as well as an effective hedge.

| Each | Per 10 | Each | Per 10 |
|-------------------|---------------|-----------------|----------------|
| 18 to 24 in. | \$1.00 \$9.00 | 2 to 3 ft. | \$1.25 \$11.00 |

Barberry Hedge

B. thunbergi**Japanese Barberry**

The best known hardy hedge plant and slow-growing shrub. Its foliage is of a rich green color in the summer turning to bright red in the fall. The fruit is equally showy and remains on the plants from the last of summer until mid-winter.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-------------------|--------|--------|
| 12 to 15 in. | \$.40 | \$3.50 | 18 to 24 in. | \$.60 | \$5.50 |
| 15 to 18 in. | .50 | 4.50 | | | |

B. thunbergi atropurpurea**Red-leaved Japanese Barberry**

Exactly like the Japanese Barberry, except the foliage is a dark red and maintains this color throughout the season. This makes a splendid plant for a situation where something bright and cheery is desired, and one that needs no coddling or special care, beyond ordinary soil and unobstructed sunshine.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|------------------|--------|---------|
| 18 to 24 in. | \$1.00 | \$9.00 | 2 to 2½ ft. | \$1.25 | \$11.00 |

B. thunbergi erecta (Plant Patent No. 110)**Truehedge Columnberry**

A wonderful recent improvement of the old dependable Japanese Barberry with darker foliage that remains dark in spite of severe drought; its fall color is even richer and deeper; and its scarlet berries are borne with still greater profusion. Its dense, erect, bushy, columnar shape, makes a perfect hedge the instant it is planted, and needs little pruning to keep it perfect.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-------------------|--------|--------|
| 12 to 15 in. | \$.60 | \$5.50 | 18 to 24 in. | \$1.00 | \$9.00 |

B. vernae**Verna Barberry**

A desirable rather arching variety with a more open habit. Its foliage is small and attractive, and its wiry, spiny branches are beautifully bespangled in autumn with clusters of pink berries which remain in attractive condition almost until spring.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|------------------|--------|---------|
| 18 to 24 in. | \$.90 | \$8.00 | 2½ to 3 ft. | \$1.50 | \$13.50 |
| 2 to 2½ ft. | 1.25 | 11.00 | | | |

Buddleia — Butterflybush

A beautiful group of flowering shrubs bearing throughout the late summer and autumn, elegant long sprays of lovely flowers. All Buddleias attract a great many colorful butterflies — a feature which accounts for the popular name of this showy shrub.

Buddleias are partially tender, with most varieties killing back to the ground each winter but the roots survive and send up new tops. They decidedly prefer a sunny location.

For abundant flowers, we suggest pinching off the first flower spikes which develop in July.

Buddleia Charming

A glorious shrub with large spikes or panicles of brilliant pink. Foliage gray-green.

| | | | | |
|-------------------|--------|------|---------|--------|
| Field Grown | \$1.20 | Each | \$10.00 | Per 10 |
|-------------------|--------|------|---------|--------|

B. davidi magnifica**Oxeye Butterflybush**

An attractive shrub which produces fragrant rosy purple flowers with orange-yellow centers, from August until frost.

| | | | | |
|-------------------|--------|------|---------|--------|
| Field Grown | \$1.20 | Each | \$10.00 | Per 10 |
|-------------------|--------|------|---------|--------|

B. Dubonnet

Close-set spikes of deep wine-red on sturdy stems of large leathery foliage.

| | | | | |
|-------------------|--------|------|---------|--------|
| Field Grown | \$1.20 | Each | \$10.00 | Per 10 |
|-------------------|--------|------|---------|--------|

B. Ile de France

Fragrant, brilliant rosy purple flowers in Aug. and Sept. One of the most vivid.

| | | | | |
|-------------------|--------|------|---------|--------|
| Field Grown | \$1.20 | Each | \$10.00 | Per 10 |
|-------------------|--------|------|---------|--------|

B. White Bouquet

An arresting shiny white blossom of strong fragrance, from July until frost. Excellent for white effects and for cut flowers.

| | | | | |
|-------------------|--------|------|---------|--------|
| Field Grown | \$1.50 | Each | \$12.50 | Per 10 |
|-------------------|--------|------|---------|--------|

Calycanthus floridus**Sweetshrub**

Will thrive in partial shade. It has large glossy foliage and pineapple scented, chocolate-colored flowers that last far into the summer.

| | Each | Per 10 | | Each |
|-----------------|--------|---------|-----------------|--------|
| 2 to 3 ft. | \$1.25 | \$11.00 | 3 to 4 ft. | \$1.60 |

Caragana arborescens**Siberian Pea-Tree**

A very hardy tall shrub with bright green leaves, and an abundance of yellow flowers in June. It is splendid for tall hedges and will flourish in light, sandy soil.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|------------------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 | 5 to 6 ft. | \$1.75 | \$16.00 |
| 4 to 5 ft. | 1.50 | 13.50 | 8 to 10 ft. heavy | 5.00 | 45.00 |

Chaenomeles lagenaria (Cydonia)**Flowering Quince**

One of the first shrubs to bloom in the spring, and very showy because of its glossy leaves and flowers that vary in color from orange to vermilion, followed by quince-shaped, fragrant, golden yellow fruit. It has spreading, spiny branches, and makes a handsome and impenetrable flowering hedge.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-----------------|--------|---------|
| 12 to 18 in. | \$.75 | \$7.00 | 2 to 3 ft. | \$1.25 | \$11.00 |
| 18 to 24 in. | .90 | 8.00 | 3 to 4 ft. | 2.00 | 18.00 |

Chionanthus virginicus**White Fringe Tree**

(See description under Trees)

Clethra alnifolia**Summersweet**

The native Sweet Pepper bush with spikes of creamy white, fragrant flowers throughout July and August. Excellent for shady and damp places.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-----------------|--------|---------|
| 18 to 24 in. | \$1.00 | \$9.00 | 2 to 3 ft. | \$1.25 | \$11.00 |

Butterflybush

Cornus — Dogwood; Cornel

Prominent among the hardiest and showiest of shrubs are the twiggy Dogwoods. They present a continual display of beauty in flower, leaf, foliage, fruit, and twig that is hard to equal in any other family of shrubs. In this group are several species with graceful and brilliantly colored branches and twigs which enliven the winter landscape and bring cheer into the garden and distant views. All are hardy and easy to grow. Birds eat their fruits.

Cornus alba

Tatarian Dogwood

An erect-stemmed shrub with good, clean foliage and bright blood-red branches and blue-white berries, making it very showy in shrubberies, especially in winter.

| | Each | Per 10 |
|-----------------|--------|--------|
| 2 to 3 ft. | \$.90 | \$8.00 |
| 3 to 4 ft. | 1.25 | 11.00 |
| 4 to 5 ft. | 1.50 | 13.50 |

C. alternifolia

Pagoda Dogwood

Shapely attractive small trees with clusters of small flowers followed by showy dark blue fruits.

| | Each |
|-----------------|--------|
| 3 to 4 ft. | \$1.75 |
| 4 to 5 ft. | 2.00 |
| 5 to 6 ft. | 2.50 |

C. amomum

Silky Dogwood

Red-stemmed shrubs with white flowers in June and blue berries in October.

| | Each | Per 10 |
|-----------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 |
| 4 to 5 ft. | 1.50 | 13.50 |

C. mas

Cornelian Cherry

Handsome shrub-like tree with yellow flowers before the leaves, and studded in autumn with immense quantities of scarlet fruits. It makes a stunning display of autumn color in the landscape, yet is most valuable for its early spring flowers which rival Forsythia in color.

| | Each | Per 10 |
|-----------------|--------|---------|
| 4 to 5 ft. | \$2.50 | \$22.50 |

C. racemosa

Gray Dogwood

One of the most handsome, white-flowering native shrubs of excellent habit. Its white fruits and red stems are most showy in the fall.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|--------|-----------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 4 to 5 ft. | \$1.50 | \$13.50 |
| 3 to 4 ft. | 1.25 | 11.00 | | | |

C. stolonifera

Red Osier Dogwood

Dark blood-red branches and prostrate stems. White flowers in dense, flat heads, followed by white berries.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 | 5 to 6 ft. | \$1.75 | \$15.00 |
| 4 to 5 ft. | 1.50 | 13.50 | | | |

C. stolonifera flaviramea

Goldentwig Dogwood

Branches yellow, making a striking contrast with the red-barked sort just mentioned. Very attractive in winter.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|--------|-----------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 3 to 4 ft. | \$1.25 | \$11.00 |

Corylus americana

American Hazelnut

Small edible nuts of fine, sweet flavor.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-----------------|--------|---------|
| 18 to 24 in. | \$.75 | \$7.00 | 3 to 4 ft. | \$1.25 | \$11.00 |
| 2 to 3 ft. | .90 | 8.00 | 6 to 8 ft. hvy | 4.00 | 36.00 |

C. avellana

English Filbert

Larger edible nuts than the American, which it bears abundantly in autumn.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-----------------|--------|---------|
| 18 to 24 in. | \$.75 | \$7.00 | 4 to 5 ft. | \$1.50 | \$13.50 |
| 2 to 3 ft. | .90 | 8.00 | 5 to 6 ft. | 2.00 | 18.00 |
| 3 to 4 ft. | 1.25 | 11.00 | | | |

Chaenomeles lagenaria (*Cydonia japonica*) — Flowering Quince

Cotinus coggygia (*Rhus cotinus*)

Common Smoketree

A much admired shrub for its clouds of purplish misty flowers borne in August. In the fall the leaves change to brown, red and yellow.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-----------------|--------|---------|
| 18 to 24 in. | \$1.25 | \$11.00 | 2 to 3 ft. | \$1.50 | \$13.50 |

Cotoneaster

This large Asiatic family has many members of high value for landscape planting. They vary tremendously in habit, yet all are attractive, and especially decorative when covered with their brilliant or glossy fruits. The larger types make excellent specimen shrubs while the low, prostrate forms are fine for use in the rock garden or against walls.

Cotoneaster dielsiana

Diel's Cotoneaster

A handsome specimen shrub with branches arching to the ground. The small, glossy foliage sparkles in the sunlight, and in the summer gives an almost evergreen effect. The pinkish flowers in June and bright scarlet fruits in September add to its beauty.

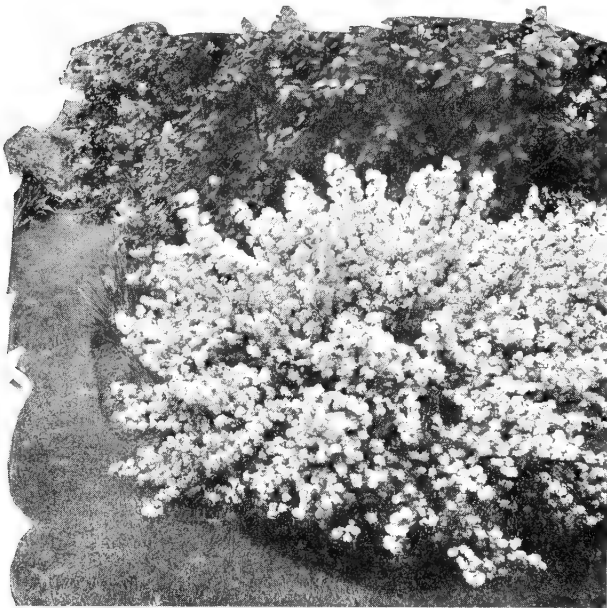

| | Each | Per 10 |
|----------------|--------|---------|
| 2 to 3 ft. B-B | \$1.50 | \$13.50 |

C. divaricata

Spreading Cotoneaster

Best suited for planting in groups or as an individual specimen in the open. Long arching branches studded with tiny rose-pink flowers in June, followed by brilliant scarlet fruits, which persist into the winter.

| | Each | Per 10 | | Each | Per 10 |
|------------------|--------|---------|----------------|--------|---------|
| 18 to 24 in. B-B | \$1.25 | \$11.00 | 2 to 3 ft. B-B | \$1.75 | \$15.00 |

*Deutzia Lemoinei***C. horizontalis****Rock Cotoneaster**

This prostrate shrub, with its almost horizontal branches and small glossy green leaves, is being used more each year. The flowers are pinkish white and the fruit bright red. While it is one of the very best shrubs for use in a rock garden, it is equally attractive in other spots and for use as a ground cover. No shrub in the garden produces more attractive bright red berries in the autumn than the Rock Cotoneaster.

| | Each | Per 10 | | Each | Per 10 |
|----------------|--------|--------|-----------------|--------|---------|
| 6 to 9 in. B-B | \$1.00 | \$8.50 | 9 to 12 in. B-B | \$1.25 | \$10.00 |

Daphne mezereum**February Daphne**

A low growing shrub ultimately 3 feet tall, flowering in late March with rosy purple blossoms, that have a Gardenia-like fragrance.

| | Each | Per 10 |
|--------------|--------|---------|
| 18 to 24 in. | \$1.50 | \$13.50 |

Deutzia

Few shrubs are of such easy culture and give such universal satisfaction. The dazzling white and soft pink of their myriad bell-shaped flowers yield many handsome effects in garden or border arrangements. They prefer medium to dry soils and full sun. In acid soils they like occasional applications of lime.

Deutzia gracilis**Slender Deutzia**

A small, compact shrub whose slender, arching branches are profusely covered by pure white flowers in early summer.

| | Each | Per 10 |
|--------------|--------|--------|
| 15 to 18 in. | \$1.00 | \$9.00 |

D. lemoinei**Lemoine Deutzia**

An early blooming, vigorous, floriferous shrub, with pure white flowers in great sprays along its stout branches. A row of these graceful bushes makes a desirable flowering hedge.

| | Each | Per 10 | | Each | Per 10 |
|--------------|--------|--------|------------|--------|---------|
| 18 to 24 in. | \$1.00 | \$9.00 | 2 to 3 ft. | \$1.25 | \$11.00 |

D. scabra, Pride of Rochester

Perhaps the best known and most popular of all the Deutzias. It makes a tall, wide-spreading bush, covered with a cloud of large, double, fringed pink and white flowers in June.

| | Each | Per 10 | | Each | Per 10 |
|------------|--------|--------|------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 4 to 5 ft. | \$1.50 | \$13.50 |
| 3 to 4 ft. | 1.25 | 11.00 | | | |

D. scabra crenata**Fuzzy Deutzia**

Flowers double, white, sometimes blush-pink, profusely borne in June.

| | Each | Per 10 | | Each | Per 10 |
|------------|--------|--------|------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 4 to 5 ft. | \$1.50 | \$13.50 |
| 3 to 4 ft. | 1.25 | 11.00 | | | |

Diervilla florida venusta**Venus Weigela**

A low growing shrub with trumpet shaped flowers in clusters of rose pink. A hardy variety.

| | Each | Per 10 | | Each | Per 10 |
|------------|--------|---------|------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 | 4 to 5 ft. | \$1.50 | \$13.50 |

D. trifida**Dwarf Bush Honeysuckle**

An excellent shrub for low masses. Bears a profusion of loose, yellow flowers in June, and during summer its foliage carries the colorful shadings of the autumn tint, giving a gay and festive effect throughout the season.

| | Each | Per 10 |
|------------|--------|---------|
| 2 to 3 ft. | \$1.25 | \$11.00 |

Elaeagnus angustifolia**Russian Olive**

A spreading, somewhat spiny bush with gray, almost woolly leaves and fragrant yellow flowers. Especially good for the seashore. Very attractive when in fruit.

| | Each | Per 10 | | Each | Per 10 |
|------------|--------|---------|------------|--------|--------|
| 3 to 4 ft. | \$1.25 | \$11.00 | 5 to 6 ft. | \$2.00 | |
| 4 to 5 ft. | 1.50 | 13.50 | 6 to 8 ft. | 3.00 | |

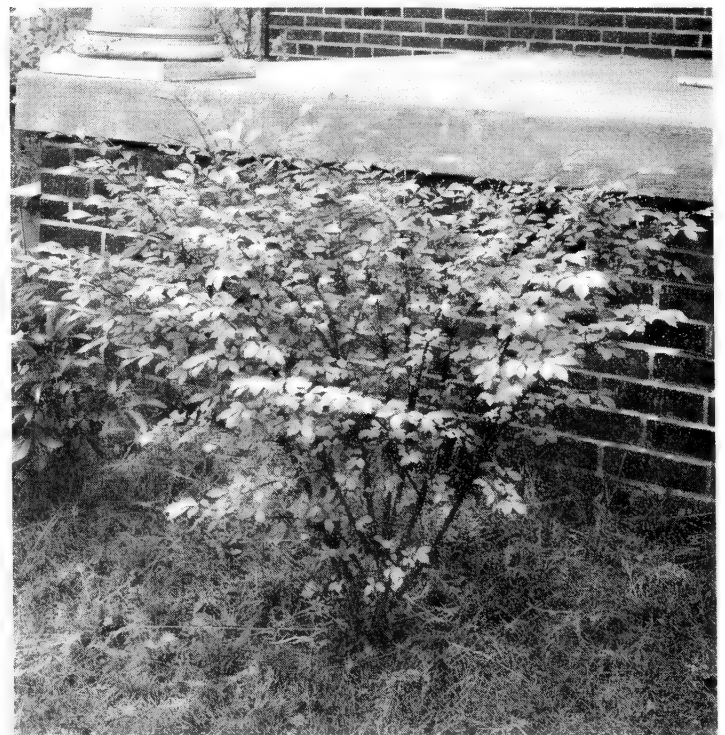

E. multiflora (longipes)**Cherry Elaeagnus**

This very desirable shrub has reddish brown branchlets, foliage dark green above, silvery beneath, and yellowish white, fragrant flowers followed by edible scarlet fruit. Thrives near salt water.

| | Each | | Each |
|------------|--------|------------|--------|
| 5 to 6 ft. | \$2.50 | 6 to 8 ft. | \$3.50 |

Euonymus

The Evergreen varieties of Euonymus are listed under Evergreen shrubs. Here are listed the upright, deciduous shrub types whose decorative value lies in their brilliantly colored foliage and attractive fruits of autumn.

*Euonymus alatus compactus*

Euonymus alatus

Winged Euonymus

Most desirable shrub of densely branched, compact habit, with yellowish flowers, followed by red fruit. The foliage turns a brilliant red in autumn. Twigs have four corky wings. Useful for thick screens or showy masses of foliage.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-----------------|--------|---------|
| 18 to 24 in. | \$1.50 | \$12.50 | 3 to 4 ft. | \$2.50 | \$22.50 |
| 2 to 3 ft. | 2.00 | 18.00 | | | |

E. alatus compactus

Dwarf Winged Euonymus

A dwarf type of the above, forming an extremely dense, slow growing shrub whose foliage in autumn is even more brilliant than E. alatus, and in the Arnold Arboretum it has caused as much comment for its brilliancy as any shrub growing there. Its dense habit of growth makes it an ideal shrub for use in much the same manner as the evergreen Boxwood is used, either as specimens or accents in a garden. It is also ideal for use as a low growing dense hedge.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|---------|-----------------|--------|---------|
| 15 to 18 in. | \$1.10 | \$10.50 | 2 to 3 ft. | \$2.50 | \$22.50 |

E. europaeus

European Burningbush

An erect shrub which sometimes makes a small compact tree. Its foliage is dark green, turning crimson in the fall, and its flowers yellowish, followed by decorative sprays of orange-scarlet fruit.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 2 to 3 ft. | \$1.25 | \$11.00 | 4 to 5 ft. | \$2.00 | \$17.50 |
| 3 to 4 ft. | 1.60 | 14.50 | 5 to 6 ft. | 2.50 | 22.50 |

E. yedoensis

Yeddo Euonymus

The showiest of all the bush Euonymus family. Leaves brilliant red in fall. Scarlet berries surrounded by pink husks are produced in great profusion.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 2 to 3 ft. | \$1.25 | \$11.00 | 5 to 6 ft. | \$2.50 | \$22.50 |

Forsythia — Goldenbell

Spring is really spring when the Forsythias bloom! Somehow they are the most welcome of the early shrubs because their tender yellow blossoms so definitely belong to that season and no other; and while they seem no stronger than a cloud of yellow butterflies, they defy and defeat winter at the door of spring! One Forsythia shining against a clump of evergreens is a pretty sight, but a clump of them, a border, or a hedge of them is a miracle of loveliness, from mid-April to early May. In acid soils, Forsythias benefit from fair applications of lime.

Forsythia intermedia

Border Forsythia

An erect-growing shrub, but when full grown the branches arch gracefully, and bear clouds of deep yellow flowers.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 | 5 to 6 ft. | \$2.00 | \$17.50 |
| 4 to 5 ft. | 1.50 | 13.50 | | | |

F. intermedia spectabilis

Showy Border Forsythia

Much more profuse-flowering than the original type, and several shades richer in its glorious deep yellow. Plants vigorous and compact. Regarded as the finest member of the Forsythia family.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 | 5 to 6 ft. | \$2.00 | \$17.50 |
| 4 to 5 ft. | 1.50 | 13.50 | | | |

F. suspensa

Weeping Forsythia

This variety has long, drooping branches, with bright yellow flowers early in April. Particularly good on bankings.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|--------|-----------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 4 to 5 ft. | \$1.50 | \$13.50 |
| 3 to 4 ft. | 1.25 | 11.00 | | | |

F. suspensa fortunei

Fortune Forsythia

The upright branches of this shrub are covered with a profusion of rich yellow flowers and later by broad, deep green foliage.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 | 4 to 5 ft. | \$1.50 | \$13.50 |

Forsythia intermedia spectabilis

F. viridissima

Greenstem Forsythia

Of upright arching habit with conspicuous light green bark and pale yellow flowers in late April.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|--------|-----------------|--------|---------|
| 2 to 3 ft. | \$.75 | \$7.00 | 4 to 5 ft. | \$1.25 | \$11.00 |
| 3 to 4 ft. | .90 | 8.00 | | | |

Fothergilla monticola

Alabama Fothergilla

This beautiful little shrub is a jewel of the rarest merit. Its charm lays in its bushy compact habit of growth. A profusion of creamy white flowers in May borne like buttons on the ends of the stem lend it unusual distinction.

| | Each | Per 10 |
|-----------------|--------|---------|
| 3 to 4 ft. | \$3.75 | \$35.00 |

Genista tinctoria

Woodwaxen

The pealike golden yellow blossoms come in June and attract much attention when the plants are grown in masses. It is a very good shrub for rockeries and dry hills or where nothing else will ordinarily grow.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-----------------|--------|---------|
| 18 to 24 in. | \$.75 | \$7.00 | 3 to 4 ft. | \$1.25 | \$11.00 |
| 2 to 3 ft. | .90 | 8.00 | | | |

Hamamelis virginiana

Witch-Hazel

A treelike shrub useful for large borders, especially in moist places. Producing its fringed yellow flowers late in November after the leaves have fallen, it creates a unique and attractive effect.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 | 5 to 6 ft. | \$1.75 | \$16.00 |
| 4 to 5 ft. | 1.50 | 13.50 | 6 to 7 ft. | 2.50 | 22.50 |

Hibiscus — Rose of Sharon

An erect, sturdy, treelike shrub ultimately 10 to 12 feet high, with a broad head and rather formal appearance. It produces large, showy flowers in August when few other shrubs are in bloom. Excellent for specimen or screen plantings, and succeeds in all soils. The use of lime will help overcome its slight tenderness in northern New England.

Hibiscus syriacus

Rose of Sharon; Althea

| | Each | Per 10 |
|--|--------|---------|
| 3 to 4 ft. | \$1.50 | \$13.50 |
| Double Pink, Double Purple, Double Red, Double White, Single White | | |

Hydrangea

Woody shrubs with coarse, heavy leaves, blooming in late summer, their showy white flowers changing to pinkish brown. They succeed in most situations and are indifferent to soil or climate. Pruning should be done in early spring if necessary, as Hydrangeas differ from most shrubs in producing their flowers on new wood.

Hydrangea arborescens grandiflora *Snowhill Hydrangea*

Its large clusters of pure snow-white flowers, averaging 4 to 5 inches in diameter, appear from June to the middle of September. Suitable for shady or sunny positions. Few plants will bloom as well in shade.

| | Each | Per 10 |
|-------------------|--------|---------|
| 18 to 24 in. | \$1.50 | \$13.50 |

H. paniculata grandiflora *Peegee Hydrangea*

This variety is well-known. Its large, conical heads of white flowers become pink and red with age. It should have plenty of water, and be severely pruned every spring to produce large flowers.

| | Each | Per 10 |
|-----------------|--------|---------|
| 2 to 3 ft. | \$1.50 | \$13.50 |

Hypericum — St. Johnswort

Attractive, dwarf shrubs of dense habit, useful in sunny positions. They adorn themselves with handsome, brilliant yellow flowers in mid-summer and early fall, thus making a valuable addition to the garden.

Hypericum frondosum (aureum) *Golden St. Johnswort*

A showy shrub of stiff, dense habit. The golden yellow flowers are produced from August to October.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-----------------|--------|--------|
| 18 to 24 in. | \$.75 | \$7.00 | 3 to 4 ft. | \$1.00 | \$9.00 |
| 2 to 3 ft. | .90 | 8.00 | 4 to 5 ft. | 1.25 | 11.00 |

H. densiflorum

Dense St. Johnswort

A larger variety than the above, with bright yellow flowers from July to September.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-----------------|--------|--------|
| 18 to 24 in. | \$.75 | \$7.00 | 3 to 4 ft. | \$1.00 | \$9.00 |
| 2 to 3 ft. | .90 | 8.00 | 4 to 5 ft. | 1.25 | 11.00 |

Ilex verticillata

Common Winterberry

A very ornamental shrub with upright branches and light green foliage. Spectacularly beautiful in fruit with its brilliant scarlet berries which remain well into the winter.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 2 to 3 ft. | \$1.25 | \$11.00 | 4 to 5 ft. | \$1.75 | \$16.00 |
| 3 to 4 ft. | 1.50 | 13.50 | 5 to 6 ft. | 2.00 | 17.50 |

Kerria japonica pleniflora

Double Kerria

Very double flowers which look like little balls of gold. It blooms constantly from June to September. Its stems are bright green.

| | Each | Per 10 |
|-------------------|--------|---------|
| 18 to 24 in. | \$1.50 | \$13.50 |

Kolkwitzia amabilis

Beauty Bush

A handsome shrub from Korea, hardy in New England, making long sprays of graceful foliage and completely buried in delicate pink flowers like tiny Weigela blossoms, tinted with yellow in the throat in June.

| | Each | Per 10 | | Each |
|-----------------|--------|---------|-----------------|--------|
| 2 to 3 ft. | \$1.50 | \$13.50 | 4 to 5 ft. | \$3.50 |
| 3 to 4 ft. | 2.00 | 17.50 | | |

Lespedeza bicolor

Shrub Bushclover

A broad shrub with slender arching branches, bearing masses of rich, purple pealike flowers in long, open clusters during July and August. It is fine to plant among evergreens, making a lovely composition when in flower.

| | Each | Per 10 |
|-----------------|--------|---------|
| 5 to 6 ft. | \$1.40 | \$11.50 |

Kolkwitzia amabilis — Beauty Bush

Ligustrum — Privet

Everybody knows what handsome hedges and screens this valuable group of plants can make when properly planted and trimmed. They grow vigorously in almost any situation, even in fairly dense shade and places where the soil seems always dry and barren.

The plants of the varieties Ibota and Regelianum are frequently used as individuals in borders of flowering shrubs and are very effective.

Flowers are not usually conspicuous, being in very small white, lilac-clusters. Privet also bear decorative black berries which persist into late fall and winter, creating a fine contrast when seen against the snow.

Ligustrum amurense

Amur Privet

A tall growing, upright shrub with dark green, lustrous leaves. Perfectly hardy. This plant has been used for hedges to a tremendous extent in the past few years and has given general satisfaction. It also forms an excellent quick-growing screen.

| | Each | Per 10 | Per 100 | | Each | Per 10 | Per 100 |
|-------------------|-------|--------|---------|-----------------|------|--------|---------|
| 18 to 24 in. | \$.50 | \$4.00 | \$30.00 | 2 to 3 ft. | .60 | 4.50 | 35.00 |

L. ibolium

Ibolium Privet

This very hardy Privet is a hybrid between Ibota and California Privet, having the rich, glossy green leaves of the latter and the bushiness and hardiness of the former. Popular for hedge planting but also makes an excellent specimen, almost evergreen shrub in some locations.

| | Each | Per 10 | Per 100 | | Each | Per 10 | Per 100 |
|-------------------|-------|--------|---------|-----------------|-------|--------|---------|
| 12 to 18 in. | \$.30 | \$2.50 | \$20.00 | 2 to 3 ft. | \$.50 | \$4.00 | \$30.00 |
| 18 to 24 in. | .40 | 3.00 | 25.00 | | | | |

L. obtusifolium (ibota)

Ibota Privet

One of the hardiest and most graceful sorts. It has spreading, curving branches, grayish green leaves, and fragrant white flowers in June, followed by black berries. Useful for specimens or hedges.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|-------|--------|-----------------|-------|--------|
| 18 to 24 in. | \$.40 | \$3.50 | 3 to 4 ft. | \$.60 | \$5.50 |
| 2 to 3 ft. | .50 | 4.00 | | | |

L. o. regelianum

Regel Privet

A low, absolutely hardy shrub, with almost horizontal branches. It is graceful and sufficiently dense for hedges without trimming, or makes an excellent specimen plant.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|-------|--------|-----------------|--------|---------|
| 18 to 24 in. | \$.90 | \$7.50 | 2½ to 3 ft. ... | \$1.20 | \$11.00 |
| 2 to 2½ ft. | 1.00 | 9.00 | | | |

L. ovalifolium

California Privet

The common hedge plant of narrow habit with glossy oval leaves.

| | Each | Per 10 | Per 100 |
|-----------------|-------|--------|---------|
| 2 to 3 ft. | \$.50 | \$4.00 | \$30.00 |

Lonicera — Honeysuckle

Graceful shrubs with interesting foliage and habit, charming flowers which in many cases are very fragrant, and delightful berries, all combine to make this group one of the favorites.

Lonicera alpigena

Alps Honeysuckle

An arching shrub with pairs of yellow flowers tinged with red in May, followed by abundant scarlet fruits in the summer.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|-------|--------|-----------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 3 to 4 ft. | \$1.25 | \$11.00 |

L. bella albida

White Belle Honeysuckle

A vigorous growing shrub with small white flowers in May and June. In July the arching branches are covered with clusters of red fruits.

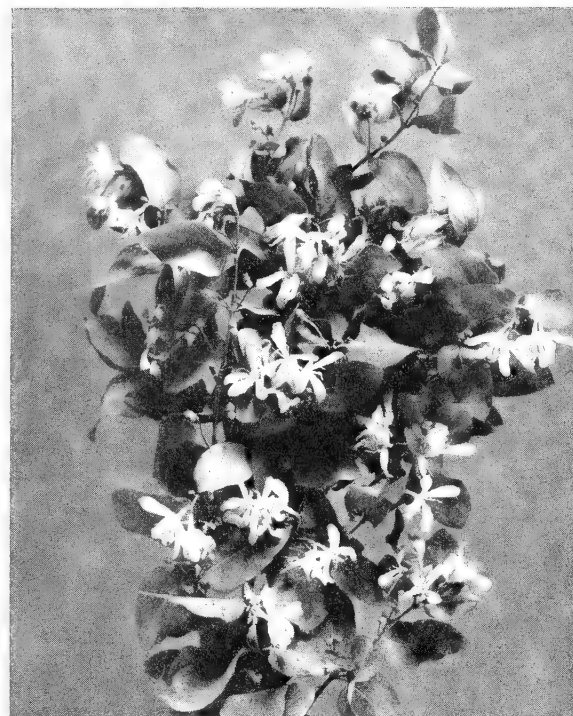

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 4 to 5 ft. | \$1.25 | \$11.00 | 5 to 6 ft. | \$1.50 | \$13.50 |

L. ruprechtiana

Manchurian Honeysuckle

A large growing shrub of dense, upright habit with wide spreading branches bearing creamy yellow flowers in June, followed by lustrous red berries. Excellent for masses of color in the shrub border or in large, informal screen plantings.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 | 5 to 6 ft. | \$1.75 | \$15.00 |
| 4 to 5 ft. | 1.50 | 13.50 | | | |

Lonicera tartarica — Honeysuckle

L. tatarica

Tartarian Honeysuckle

A big, graceful bush that bears a profusion of pink flowers in June, which show up well against the foliage. These are followed by an abundance of light red berries. It flourishes in partial shade.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|-------|--------|-----------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 3 to 4 ft. | \$1.25 | \$11.00 |

Lonicera tatarica alba

White Tartarian Honeysuckle

Similar to L. tatarica, but has large, pure white flowers followed by an abundance of crimson fruits.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 4 to 5 ft. | \$1.25 | \$11.00 | 5 to 6 ft. | \$1.50 | \$13.50 |

Myrica pensylvanica (carolinensis)

Northern Bayberry

A low, spreading native shrub which thrives in sandy places. It is a sub-evergreen, much admired for its glossy dark green, fragrant foliage. The flowers are inconspicuous, but are followed by charming, light gray, waxy berries, used for making aromatic candles. This is a desirable and decorative plant for group plantings or effective specimens.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|-------|--------|-------------------|--------|---------|
| 12 to 15 in. | \$.90 | \$8.00 | 18 to 24 in. | \$1.25 | \$11.00 |
| 15 to 18 in. | 1.00 | 9.00 | 2 to 2½ ft. | 1.60 | 15.00 |

Philadelphus — Mockorange

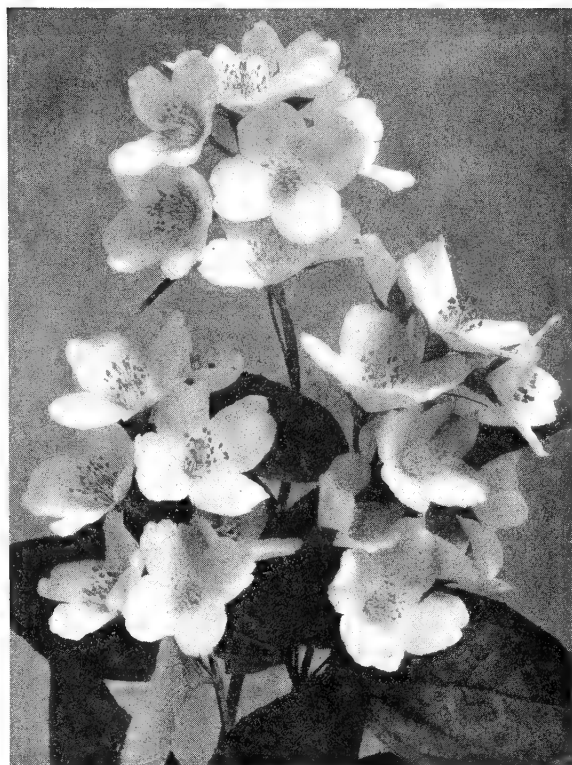

The Mockorange or Sweet Syringa has been a familiar plant in gardens for many years, the newer hybrids only intensifying the fragrance and beauty of the older varieties. They vary in habit from low, arching bushes to lofty, upright shrubs, but all bear glistening white flowers with a delicious fragrance.

Philadelphus coronarius

Sweet Mockorange

This tall growing shrub, with upright branches has a great profusion of pure white, delightfully fragrant flowers in June, and handsome, dark green foliage. It makes a tall hedge even in partially shady places; a group of them is fine in the mixed shrub border or an individual plant is showy as a specimen.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 | 4 to 5 ft. | \$1.50 | \$13.50 |

*Philadelphus — Mockorange***P. Virginal**

A handsome, erect shrub which covers itself with very large, semi-double flowers in June and continues to bloom at the tips of the new shoots all summer and fall. It is the favorite of all lovers of these beautiful shrubs and is especially fragrant. We strongly recommend this variety.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 2 to 3 ft. | \$1.25 | \$11.00 | 3 to 4 ft. | \$1.75 | \$16.00 |

Photinia villosa

An upright shrub growing to 15 ft. in height, with slender spreading branches. Flowers white in broad flattened heads with clusters of bright scarlet fruits.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 3 to 4 ft. | \$1.50 | \$13.50 | 5 to 6 ft. | \$2.50 | \$22.50 |
| 4 to 5 ft. | 2.00 | 18.00 | | | |

Physocarpus — Nine bark**Physocarpus intermedius parvifolius****Dwarf Ninebark**

Of densely branched, upright habit, bearing small bright green leaves. Small white flowers borne in June.

| | Each | Per 10 |
|-----------------|--------|---------|
| 3 to 4 ft. | \$1.60 | \$14.50 |

P. opulifolius**Ninebark**

A quick-growing, upright shrub with light green leaves and small white flowers in June. Useful for screen plantings.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|--------|-----------------|--------|---------|
| 3 to 4 ft. | \$.90 | \$8.00 | 5 to 6 ft. | \$1.50 | \$13.50 |
| 4 to 5 ft. | 1.25 | 11.00 | 6 to 8 ft. | 2.00 | 17.50 |

P. op. aureus**Goldleaf Ninebark**

This variety has showy yellow foliage which turns a bronzy yellow in the fall, making a decided contrast when planted among other green-foliage shrubs.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|--------|-----------------|--------|---------|
| 3 to 4 ft. | \$.90 | \$8.00 | 5 to 6 ft. | \$1.50 | \$13.50 |
| 4 to 5 ft. | 1.25 | 11.00 | 6 to 8 ft. | 2.00 | 17.50 |

Prunus

This is a group of delightful early-flowering shrubs and small trees beaming with beauty and cheerfulness. Their earliness commends them to all discriminating planters. Certain tree-forms will be found under "Flowering Trees."

P. coronarius aureus**Golden Mockorange**

A graceful dwarf compact variety with bright yellow foliage which retains its color throughout the season, making it very effective for contrast in shrubbery plantings. Shrubs of this type that will remain small are greatly needed in landscape planting because they will not outgrow their locations.

| | Each | Per 10 |
|-------------------|--------|---------|
| 15 to 18 in. | \$1.50 | \$13.50 |

Hybrid Mockoranges**The Finest of the Hybridizer's Art**

These comprise some of the finest highly developed sorts that are great improvements over the old types, and need only to be better known to be universally admired.

Philadelphus, Avalanche

A very handsome shrub, with slender, drooping branches covered almost the whole length with showy white flowers, whereby it justifies its name.

| | Each | Per 10 |
|-------------------|--------|--------|
| 18 to 24 in. | \$.90 | \$8.00 |

P. Bouquet Blanc

Large, fragrant flowers, brilliant white.

| | Each | Per 10 |
|-----------------|--------|---------|
| 2 to 3 ft. | \$1.25 | \$11.00 |

P. Lemoinei

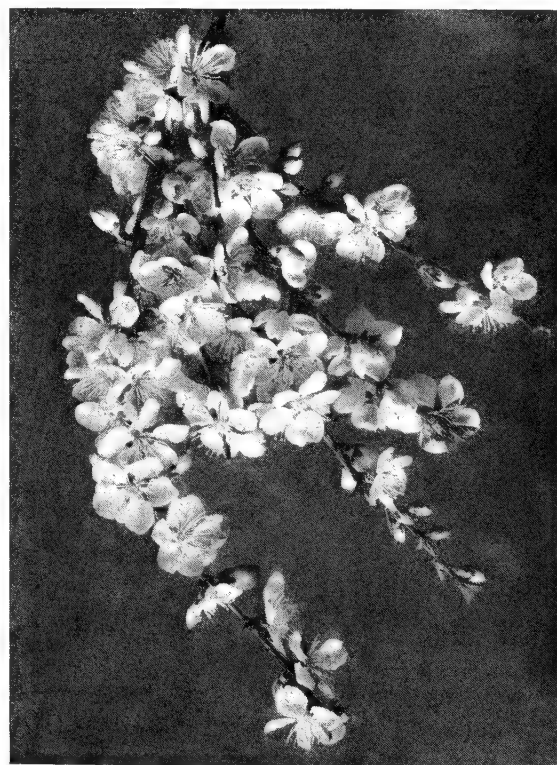

This original hybrid produces fragrant pure white flowers in clusters in June.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-----------------|--------|---------|
| 18 to 24 in. | \$1.00 | \$9.00 | 2 to 3 ft. | \$1.25 | \$11.00 |

Prunus besseyi**Bessey Cherry**

Of spreading habit with narrow gray foliage, this shrub has showy white flowers in May followed by edible, purple fruit in August.

| | Each | Per 10 |
|-----------------|--------|--------|
| 2 to 3 ft. | \$.90 | \$8.00 |
| 3 to 4 ft. | 1.25 | 11.00 |
| 4 to 5 ft. | 1.50 | 13.50 |

*Prunus triloba — Flowering Plum*

P. glandulosa alba

Double White Almond

Small, very double white rosettes produced abundantly along the stems in late April and early May.

| | | |
|-----------------|--------|---------|
| 2 to 3 ft. | Each | Per 10 |
| | \$1.50 | \$13.50 |

P. glandulosa rosea

Double Pink Almond

Produces very double, rose-colored flowers in great profusion in the spring. One of the most charming old-fashioned early-flowering shrubs. Our stock of Double Pink Almond is grown on its own roots, thus insuring the vigor and more lasting satisfaction of the plants.

| | | |
|-----------------|--------|---------|
| 2 to 3 ft. | Each | Per 10 |
| | \$1.50 | \$13.50 |

P. maritima

Beach Plum

A handsome plant of picturesque growth and is spectacularly beautiful when covered with its billows of glossy white flowers in early spring. Desirable shrub for seaside planting and dry situations. It grows much taller inland, and frequently becomes a small tree in favorable situations. Purple fruits make fine jelly in September.

| | | |
|-------------------|--------|--------|
| 18 to 24 in. | Each | Per 10 |
| | \$1.00 | \$9.00 |

P. triloba

Flowering Plum

A vigorous shrub, having broad, pointed leaves and covered with delightful, light pink double flowers in mid-May.

| | | |
|-----------------|--------|---------|
| 4 to 5 ft. | Each | Per 10 |
| | \$3.00 | \$27.00 |

Rhamnus cathartica

Common Buckthorn

Fine spiny shrub, with dark green foliage, white flowers and small black fruits. Excellent hedge or screen plant. Will thrive in partial shade, and will succeed in wind swept situations.

| | | | | | |
|-----------------|-------|--------|-----------------|--------|---------|
| 2 to 3 ft. | Each | Per 10 | 4 to 5 ft. | Each | Per 10 |
| | \$.75 | \$7.00 | | \$1.25 | \$11.00 |
| 3 to 4 ft. | 1.00 | 9.00 | 5 to 6 ft. | 1.50 | 13.50 |

R. frangula

Glossy Buckthorn

A handsome shrub or small tree, 15 feet high, with dark glossy foliage and glittering red fruit which later turns black.

| | | | | | |
|-----------------|--------|--------|-----------------|--------|---------|
| 3 to 4 ft. | Each | Per 10 | 5 to 6 ft. | Each | Per 10 |
| | \$1.00 | \$9.00 | | \$1.50 | \$13.50 |
| 4 to 5 ft. | 1.25 | 11.00 | | | |

Rosa Rugosa

Rhamnus cathartica — Common Buckthorn

Rhodotypos scandens (kerrioides)

Black Jetbead

This spreading dwarf shrub of crinkly heavy veined leaves blossoms with snowy white flowers in May followed by sets of shiny black berries cupped in leaves. Excellent for facing down in front of a tall shrub.

| | | | | | |
|-----------------|--------|---------|-----------------|--------|---------|
| 3 to 4 ft. | Each | Per 10 | 4 to 5 ft. | Each | Per 10 |
| | \$1.25 | \$11.00 | | \$1.50 | \$13.50 |

Rhus — Sumac

A family of coarse-foliaged shrubs with large, irregular branches. They deserve notice wherever boldness and decisiveness of effect are wanted. Their display of autumn colors is unequalled. Thrives in poor light soil.

Rhus aromatica (canadensis)

Fragrant Sumac

A spreading shrub with clusters of short spikes of small, yellow flowers before the leaves. The thick, fragrant foliage turns crimson in autumn. This Sumac is valuable for planting on embankments or slopes to prevent erosion.

| | | | | | |
|-----------------|-------|--------|-----------------|--------|---------|
| 2 to 3 ft. | Each | Per 10 | 4 to 5 ft. | Each | Per 10 |
| | \$.90 | \$8.00 | | \$1.50 | \$13.50 |
| 3 to 4 ft. | 1.25 | 11.00 | | | |

R. copallina

Flameleaf Sumac

A large shrub or small tree with compound, dark, glossy foliage and dense clusters of scarlet fruits in autumn. Succeeds on dry banks, and is very handsome.

| | | | | | |
|-------------------|-------|--------|-----------------|--------|---------|
| 18 to 24 in. | Each | Per 10 | 3 to 4 ft. | Each | Per 10 |
| | \$.75 | \$7.00 | | \$1.25 | \$11.00 |
| 2 to 3 ft. | .90 | 8.00 | | | |

R. cotinus (see Cotinus coggygia)

R. glabra

Smooth Sumac

This large shrub has smooth bark and attractive crimson seeds and foliage in autumn. Excellent for group plantings and mass effects.

| | | | | | |
|-----------------|-------|--------|-----------------|--------|--------|
| 2 to 3 ft. | Each | Per 10 | 4 to 5 ft. | Each | Per 10 |
| | \$.75 | \$7.00 | | \$1.00 | \$9.00 |
| 3 to 4 ft. | .90 | 8.00 | 5 to 6 ft. | 1.25 | 11.00 |

R. typhina

Staghorn Sumac

A bold tree-like shrub with velvety, hairy stems, and tropical-looking foliage which turns brilliant scarlet in the fall. Its pointed heads of crimson berries persist all winter. Thrives in poor, rocky soil. Especially fine for hillside planting.

| | | | | | |
|-----------------|-------|--------|-----------------|--------|---------|
| 2 to 3 ft. | Each | Per 10 | 5 to 6 ft. | Each | Per 10 |
| | \$.75 | \$7.00 | | \$1.50 | \$13.50 |
| 3 to 4 ft. | .90 | 8.00 | 6 to 8 ft. | 1.75 | 15.00 |
| 4 to 5 ft. | 1.25 | 11.00 | | | |

Robinia hispida

Drooping clusters of beautiful rose-colored flowers, like pea blossoms during May and June. Will grow in any soil.

| | Each | Per 10 | | Each | Per 10 |

ROSA — Wild Roses or Rose Species

The Wild Roses surely merit the attention of everyone. Their delicate fragrance and the fragile beauty of their flowers are among the most beautiful things in nature. The Rugosas are especially fine for bold masses, even on the seashore; many have attractive red "hips" in late summer and fall.

Rosa hugonis**Golden Rose of China**

This handsome, arching shrub, with spiny stems and delicate foliage, blooms very early in May in long garlands of bright yellow, single flowers which are followed by red, translucent fruits. The best single yellow Rose for shrub use, especially in the background of the rock garden. Give it a warm, sunny exposure to induce it to flower early. The plant is perfectly hardy.

| | Each | Per 10 |
|-----------------|--------|---------|
| 2 to 3 ft. | \$1.75 | \$16.00 |

R. virginiana (lucida)**Virginia Rose**

A dwarf native variety, with prickly stems, dark green leaves, and single, rosy pink flowers about 2 inches across. It does well on poor soil, and is often used for roadside edging.

| | Each | Per 10 |
|-------------------|--------|--------|
| 12 to 15 in. | \$.75 | \$7.00 |

R. rugosa**Rugosa Rose**

A stout, upright shrub, densely covered with prickly spines, and having bold, wrinkled foliage. The flowers are very large, single, rose-red, and very fragrant, followed by crimson-scarlet fruit. Excellent near the seashore.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-----------------|--------|---------|
| 15 to 18 in. | \$1.00 | \$9.00 | 2 to 3 ft. | \$1.50 | \$13.50 |
| 18 to 24 in. | 1.25 | 11.00 | | | |

R. rugosa alba**White Rugosa Rose**

The habit and foliage are similar to the preceding, but the fragrant flowers are pure white. Makes a splendid hedge, particularly at the seashore.

| | Each | Per 10 |
|-------------------|--------|---------|
| 18 to 24 in. | \$1.75 | \$16.00 |

R. spinosissima**Scotch Rose**

A low-growing, very spiny bush, covered in spring with a mass of small, single white flowers.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-----------------|--------|---------|
| 18 to 24 in. | \$.90 | \$8.00 | 2 to 3 ft. | \$1.25 | \$11.00 |

Salix purpurea nana**Dwarf Blue-Leaf Arctic Willow**

Excellent for dwarf hedges. Low growing, it has many slender branches densely clothed with narrow leaves of bluish-gray color. Very hardy and unique for hedges because of this coloring.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-----------------|--------|--------|
| 18 to 24 in. | \$.75 | \$7.00 | 2 to 3 ft. | \$1.00 | \$9.00 |

Sambucus**Sambucus canadensis****American Elder**

A well-known, very hardy native shrub with big, light green foliage, flat heads of creamy white flowers of the utmost daintiness and charm in June and July, followed by reddish-purple berries which are excellent for pies and other uses.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|--------|-----------------|--------|---------|
| 3 to 4 ft. | \$.90 | \$8.00 | 5 to 6 ft. | \$1.50 | \$13.50 |
| 4 to 5 ft. | 1.25 | 11.00 | | | |

Sorbaria**Sorbaria sorbifolia****Ural False-Spirea**

A Spirea-like shrub, often called Spirea sorbifolia. Fine for naturalizing because of its suckering, spreading habit. Flowers small white, in immense upright sprays, like an Astilbe, in July and August.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|--------|-----------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 3 to 4 ft. | \$1.25 | \$11.00 |

Rosa Hugonis — Golden Rose of China

Spiraea — Spirea

A vast and important family of extraordinarily beautiful shrubs. All have great charm of foliage and the profusion of flowers they produce is remarkable. The Spireas fall into two main groups: (1) medium and large sorts with white flowers, ranging from April to July; (2) dwarf sorts with red, pink, or white flowers in July and August. The spring flowers are borne all along the branches; the summer flowers in small heads at the ends of the branches. The spring-flowering sorts thrive in all soils; the summer-bloomers like lime.

Spiraea arguta

Garland Spirea

The best early-flowering Spirea, producing in May sheets of minute flowers like drifts of snow. Very hardy and beautiful, it is one of the best of the very early-flowering shrubs.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|--------|-----------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 4 to 5 ft. | \$1.50 | \$13.50 |
| 3 to 4 ft. | 1.25 | 11.00 | 5 to 6 ft. | 2.00 | 17.50 |

S. bumalda anthony waterer

Anthony Waterer Spirea

A very free-flowering dwarf, compact shrub, with bright rosy crimson flowers in broad flat heads throughout the summer and fall.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-------------------|--------|--------|
| 12 to 15 in. | \$.75 | \$7.00 | 15 to 18 in. | \$1.00 | \$9.00 |

S. froebeli

Froebel Spirea

Similar to preceding but grows nearly 3 ft. tall and is more compact.

| | Each | Per 10 |
|-------------------|--------|---------|
| 18 to 24 in. | \$1.25 | \$11.00 |

S. japonica ovalifolia

White Japanese Spirea

This delightful, dwarf shrub is of bushy, symmetrical form, suitable for hedges, or borders. White flowers in June and July.

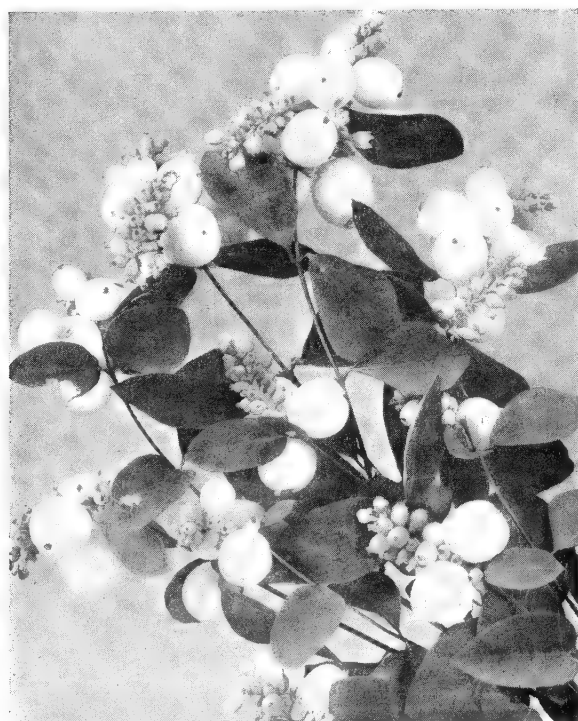

| | Each | Per 10 |
|-----------------|--------|---------|
| 2 to 3 ft. | \$1.25 | \$11.00 |

S. thunbergi

Thunberg spirea

Fine feathery foliaged shub of graceful habit and bearing abundant small, white flowers in early May, at Forsythia time.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 | 5 to 6 ft. | \$1.75 | \$15.00 |
| 4 to 5 ft. | 1.50 | 13.50 | | | |

Symphoricarpos albus — Snowberry

Spiraea Vanhouttei

S. trichocarpa

Korean Spirea

A wide bush of compact, rounded habit, with outer branches gracefully arching to the ground. The flowers are borne abundantly, in showy, dome-shaped clusters, transforming the branches into swaying wands of blossoms, in June and July. It is a choice contribution to our gardens from Korea, extending the flowering season, as it does, nearly 3 weeks after *S. vanhouttei*.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|--------|-----------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 3 to 4 ft. | \$1.25 | \$11.00 |

S. vanhouttei

Vanhoutte Spirea

Vanhoutte Spirea is the variety commonly called Bridal Wreath. Its gracefully arching branches are covered at Memorial Day with large clusters of beautiful white flowers. Even when not in flower, its handsome, blue green foliage makes it very desirable either as a specimen in the shrub border or in an informal unclipped hedge.

| | Each | Per 10 | | Each | Per 10 |
|-----------------------------|--------|--------|-----------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 4 to 5 ft. | \$1.50 | \$13.50 |
| 3 to 4 ft. | 1.25 | 11.00 | 5 to 6 ft. | 2.00 | 17.50 |
| Heavy specimens 4-5 ft. B-B | | | | Each | \$3.50 |
| Heavy specimens 5-6 ft. B-B | | | | Each | \$5.00 |

Symphoricarpos

Symphoricarpos albus (racemosus)

Common Snowberry

A fine, bushy shrub with decorative leaves and slender branches which bend gracefully under a load of white, waxy berries in autumn. It flourishes in partial shade.

| | Each | Per 10 | | Each | Per 10 |
|-------------------|--------|--------|-----------------|--------|--------|
| 18 to 24 in. | \$.75 | \$7.00 | 2 to 3 ft. | \$.90 | \$8.00 |

S. chenaulti

Pink Snowberry

A bushier variety than the common snowberry, covered with light pink berries in summer and autumn. The foliage is extremely graceful, and the habit so neat that it will make a charming hedge without shearing or pruning. It retains its foliage until late in the fall.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 2 to 3 ft. | \$1.25 | \$11.00 | 3 to 4 ft. | \$1.50 | \$13.50 |

S. orbiculatus (vulgaris)

Coralberry

Very arching, drooping branches and small, dark red berries. A secondary set of viny branches, trailing and matting on surface of ground makes this the best shrub to keep banks from eroding. Will grow in sun or partial shade.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|--------|-----------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 3 to 4 ft. | \$1.25 | \$11.00 |

*Syringa Vulgaris — Common Lilac***Syringa — Lilac**

Perhaps the common Lilac is one of the best known plants in the world, and certainly it has gained the affection and attention of New England planters for years. However, the entire family includes many choice species and delightful hybrids whose merits should be better known, to prolong the blooming season of the family, and for the value of their colorful variety.

The heart-shaped, clean, green foliage makes them desirable, not only as specimen plants, but also as screen hedges. The species Lilacs are particularly worth while and should be found more commonly in gardens. All Lilacs are benefited by applications of lime.

Syringa chinensis (rothomagensis)**Chinese Lilac**

A large shrub with slender, arching branches resembling the Persian Lilac in its open heads of violet-blue flowers which appear in June. One of the finest Lilac species.

| | Each | Per 10 |
|-----------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 |

S. japonica* (See Shade Trees)**S. josikaea*****Hungarian Lilac**

A sturdy, vigorous shrub of tree-like growth, with dark, shining leaves, and bluish purple flowers in June. It is especially valuable for its late bloom which prolongs the Lilac season.

| | Each | Per 10 |
|-----------------|--------|---------|
| 3 to 4 ft. | \$1.50 | \$13.50 |

S. persica**Persian Lilac**

One of the most graceful Lilacs with arching branches and very fragrant, lavender blue flowers in rather loose, broad panicles, opening late in the spring.

| | Each | Per 10 |
|-----------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 |

S. villosa**Late Lilac**

A stoutly-branched shrub with bright green foliage like that of the White Fringe tree. The flowers, which are borne in panicles, are light purple in bud, rosy white when open, and very fragrant. It is worth while for its shapely, good looking form and its late period of June flowering.

| | Each | Per 10 | | Each | Per 10 |
|-----------------|--------|---------|-----------------|--------|---------|
| 2 to 3 ft. | \$1.25 | \$11.00 | 3 to 4 ft. | \$1.50 | \$13.50 |

S. vulgaris**Common Lilac**

The best known of all Lilacs. It is a strong, vigorous, upright shrub, with rich dark green foliage and large panicles of very fragrant purplish flowers in late May. A desirable plant for a flowering hedge or large masses.

| | Each | Per 10 | | Each | Per 10 |
|--------------------------------------|--------|--------|-----------------|--------|---------|
| 2 to 3 ft. | \$1.00 | \$9.00 | 4 to 5 ft. | \$2.00 | \$17.50 |
| 3 to 4 ft. | 1.50 | 13.50 | 5 to 6 ft. | 3.00 | |
| Heavy Specimens 4 to 5 ft. B-B | | | | \$3.50 | each |
| Heavy Specimens 5 to 6 ft. B-B | | | | \$5.00 | each |

S. vulgaris alba**Common White Lilac**

Similar, yet more slender than *S. vulgaris*, with white flowers a week earlier than those of any other variety. It is also desirable for a flowering hedge or bold clump.

| | Each | Per 10 | | Each |
|-----------------|--------|---------|-----------------|--------|
| 2 to 3 ft. | \$1.50 | \$13.50 | 4 to 5 ft. | \$2.75 |
| 3 to 4 ft. | 2.00 | 17.50 | | |

The Fragrant Hybrid Lilacs

To those of us who are familiar with only the common white and purple Lilacs of old dooryards, the hybrid varieties, which have come from the crossing of the common Lilac with other Lilac species seem too splendid to be true. They bear huge trusses of single or double florets, many intensely fragrant. Unlike the preceding varieties, they bloom when very young, and grow to moderate size so that they may be planted in fairly limited space.

Prices are:

| | Each | | Each |
|-----------------|--------|-----------------|--------|
| 2 to 3 ft. | \$3.00 | 4 to 5 ft. | \$5.00 |
| 3 to 4 ft. | 4.00 | 5 to 6 ft. | 6.00 |

Belle de Nancy

Flower clusters large double, pale pink. 3 to 4 ft. 4 to 5 ft. 5 to 6 ft.

Bleautre

Single lavender-violet marked with white. 2 to 3 ft. 3 to 4 ft. 4 to 5 ft.

Buffon

Single, light mauve pink. 2 to 3 ft. 3 to 4 ft. 4 to 5 ft.

Charles Joly

Double, dark violet purple. 2 to 3 ft. 3 to 4 ft. 4 to 5 ft. 5 to 6 ft.

Charles the Tenth

Single, reddish purple. 2 to 3 ft. 3 to 4 ft. 4 to 5 ft. 5 to 6 ft.

Condorcet

Double, pale blue. 2 to 3 ft. 3 to 4 ft. 4 to 5 ft.

Congo

Single, deep purple. 2 to 3 ft. 4 to 5 ft.

Jean Mace

Double, bluish-mauve. 3 to 4 ft. 4 to 5 ft. 5 to 6 ft.

Lamartine

Single, rosy-mauve. 3 to 4 ft. 4 to 5 ft. 5 to 6 ft.

Ludwig Spaeth

Single, dark reddish purple. 2 to 3 ft. 3 to 4 ft. 4 to 5 ft.

Mme. Lemoine

Double, white. 2 to 3 ft. 3 to 4 ft. 4 to 5 ft. 5 to 6 ft.

Montaigne

Double, pinkish mauve. 2 to 3 ft. 3 to 4 ft. 4 to 5 ft.

President Grevy

Double, blue. 2 to 3 ft. 3 to 4 ft. 4 to 5 ft.

Princess Marie

Single, purplish lilac. 2 to 3 ft. 3 to 4 ft. 4 to 5 ft.

Rubra de Marly

Single, rich rosy purple. 2 to 3 ft. 3 to 4 ft.

Senateur Volland

Double, lilac-pink. 2 to 3 ft. 3 to 4 ft.

Vestale

Single, pure white. 2 to 3 ft. 3 to 4 ft. 4 to 5 ft.

Waldeck-Rousseau

Large, double, rose-pink. 2 to 3 ft. 3 to 4 ft. 4 to 5 ft.

In addition to the above favorite Hybrid Lilacs, we have a few plants each of 35 other named varieties for your complete collection. Write for the full list.

Tree Form Hybrid Lilacs

We have the following varieties of Hybrid Lilacs in tree form, with the trunk about 3 feet high. The heads are heavy and well developed.

| | Each |
|---|--------|
| Charles the Tenth | |
| Single, reddish purple. 5 to 6 ft. B-B | \$7.00 |
| Hugo Koster | |
| Single, dark reddish purple. 6 to 7 ft. B-B | 9.00 |

Vaccinium

Vaccinium corymbosum

Highbush Blueberry

A handsome, native shrub of real character, much valued for its large, blue-black berries of excellent flavor but favored even more for its brilliant colored fall foliage which gives a distinct naturalistic effect and for the bright red color of the twigs during the winter months.

| | Each | Per 10 | | Each | Per 10 |
|------------|--------|---------|------------|--------|---------|
| 2 to 3 ft. | \$1.25 | \$11.00 | 4 to 5 ft. | \$2.00 | \$17.50 |
| 3 to 4 ft. | 1.60 | 14.50 | | | |

Viburnum

Here is a group of interesting shrubs embracing a great variety. Most of them are prolific bloomers, do well in semi-shade, and follow their flowers with a profusion of handsome fruits of varying colors.

Viburnum carlesii

Mayflower Viburnum

A low round bush of rather stubby growth, which, in spring, bears charming clusters of pale rosy white flowers of the most delicious fragrance.

| | Each | Per 10 |
|-----------------|--------|---------|
| 2 to 2½ ft. B-B | \$4.50 | \$42.00 |

V. cassinoides

Withe-rod

Slender, upright growing, well furnished with dull green, smooth foliage. It has creamy white flowers in June, followed by clusters of dark blue fruit in autumn. Fine for waterside planting or shrub borders, and makes a desirable tall, narrow hedge.

| | Each | Per 10 |
|------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 |

V. dentatum

Arrow-wood

A very handsome, native shrub with glossy green foliage and white flowers in June, followed by berries which turn blue in autumn. Like the other Viburnums, it will flourish in partial shade.

| | Each | Per 10 | | Each | Per 10 |
|--------------|--------|--------|------------|--------|---------|
| 18 to 24 in. | \$.75 | \$7.00 | 3 to 4 ft. | \$1.25 | \$11.00 |
| 2 to 3 ft. | .90 | 8.00 | 5 to 6 ft. | 2.00 | 17.50 |

V. dilatatum

Linden Viburnum

The Chinese Viburnum is a decorative, free-flowering shrub producing 6-inch clusters of snow-white flowers in May and June. It is very attractive in the early part of the winter because of its scarlet fruits which remain in good condition and color almost all winter.

| | Each | Per 10 |
|------------|--------|---------|
| 3 to 4 ft. | \$1.75 | \$15.00 |

V. lantana

Wayfaring Tree

Of robust growth, having large foliage which is silvery underneath. It produces clusters of white flowers in May followed by red fruit turning black in autumn. Especially good on dry, limestone soils.

| | Each | Per 10 | | Each | Per 10 |
|------------|--------|--------|------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 3 to 4 ft. | \$1.25 | \$11.00 |

V. lentago

Nannyberry

A vigorous shrub which may become a small tree. It has creamy white, very fragrant flowers, light glossy green foliage, and bluish black fruit.

| | Each | Per 10 | | Each | Per 10 |
|------------|--------|---------|------------|--------|---------|
| 3 to 4 ft. | \$1.25 | \$11.00 | 5 to 6 ft. | \$1.75 | \$16.00 |
| 4 to 5 ft. | 1.50 | 13.50 | | | |

V. opulus

European Cranberry Bush

One of the best shrubs for general planting. It has white flowers in panicles and red berries, resembling cranberries, which remain until early winter. The foliage is large and seldom attacked by insects.

| | Each | Per 10 | | Each | Per 10 |
|------------|--------|--------|------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 4 to 5 ft. | \$1.50 | \$13.50 |
| 3 to 4 ft. | 1.25 | 11.00 | 5 to 6 ft. | 1.75 | 16.00 |

V. trilobum (americanum)

American Cranberry Bush

This very decorative native shrub is of open habit, with attractive flowers and bunches of berries which begin to turn red in July, remaining on the plant until the following spring.

| | Each | Per 10 |
|------------|--------|---------|
| 3 to 4 ft. | \$1.50 | \$13.50 |

Weigela

A decorative family of small shrubs bearing bell or trumpet-shaped flowers 1 to 1½ inches long. Very beautiful but somewhat tender; in our acid soils the use of lime seems to partially overcome this tenderness.

Weigela floribunda

Crimson Weigela

Well known and attractive leafy shrub with an abundance of tubular crimson flowers in June.

| | Each | Per 10 | | Each | Per 10 |
|------------|--------|--------|------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 3 to 4 ft. | \$1.25 | \$11.00 |

W. florida (rosea)

Pink Weigela

A very free-flowering shrub somewhat similar to the preceding with larger, bright pink flowers.

| | Each | Per 10 | | Each | Per 10 |
|------------|--------|--------|------------|--------|---------|
| 2 to 3 ft. | \$.90 | \$8.00 | 3 to 4 ft. | \$1.25 | \$11.00 |

W. wagneri Eva Rathke

Perhaps the most showy of all, with dark brownish red flowers, brightened by a light center. Flowers profusely nearly all summer.

| | Each | Per 10 | | Each | Per 10 |
|--------------|--------|--------|------------|--------|---------|
| 18 to 24 in. | \$1.00 | \$9.00 | 2 to 3 ft. | \$1.50 | \$13.50 |

Xanthorhiza

Xanthorhiza simplicissima (apiifolia)

Yellow Root

Native shrub of low, slender growth, bearing cloudy sprays of plum colored flowers. Valuable for its foliage and dwarf habit, and much used for planting beneath trees where grass will not grow. Very hardy and desirable. In autumn the foliage becomes a mass of gorgeous golden yellow.

| | Each | Per 10 | | Each | Per 10 |
|--------------|--------|--------|--------------|--------|--------|
| 12 to 15 in. | \$.50 | \$4.00 | 18 to 24 in. | \$.75 | \$6.50 |
| 15 to 18 in. | .60 | 5.00 | | | |

Vines and Climbing Plants

VINES are an important class of plants, as they contribute a lasting appeal in the positions to which they may be assigned. Some as climbers, cling and cover blank wall space of brick, stucco or stone, while others grow over architectural features such as trellises, arches or pergolas, providing delightful backgrounds of color or casting welcome shade. Some will trail over rocks, or rough slopes, softening the harsher outlines.

Akebia

Akebia quinata

A very graceful, rapid growing vine, hardy and free from insects. The foliage is extremely attractive and the rosy purple flowers in May are followed by ornamental fruit.

| | Each | Per 10 | | Each | Per 10 |
|---------|-------|--------|---------|--------|--------|
| 3 years | \$.75 | \$6.50 | 4 years | \$1.00 | \$9.00 |

Fireleaf Akebia

Ampelopsis

Ampelopsis aconitifolia

A very handsome vine with deeply cut foliage and small blue berries which turn orange as they ripen.

| | Each | Per 10 |
|---------|-------|--------|
| 4 years | \$.90 | \$7.50 |

Monkshood Vine

A. brevipedunculata maximowiczii (heterophylla)

Porcelain Ampelopsis

Decorative deeply lobed leaves, striped with creamy white, and clusters of turquoise blue showy berries.

| | Each | Per 10 |
|---------|--------|--------|
| 3 years | \$1.00 | \$9.00 |

For other varieties of *Ampelopsis*, see *Parthenocissus*.

Campsis

Campsis (Bignonia) radicans

Trumpet Creeper

A high, tropical looking vine with large, trumpet-shaped flowers of glowing orange-red in August.

| | Each | Per 10 | | Each | Per 10 |
|---------|-------|--------|---------|--------|---------|
| 3 years | \$.75 | \$6.50 | 5 years | \$1.25 | \$11.00 |
| 4 years | .90 | 8.00 | 6 years | 1.50 | 13.50 |

Parthenocissus tricuspidata at Harvard Botanic Gardens

Celastrus

Celastrus orbiculatus

Oriental Bittersweet

Rapid growing vine with brilliant orange-yellow fruit, and the best variety for winter decorations. Its vigorous growth makes it useful for planting on banks and over stone walls and fences.

| | Each | Per 10 |
|---------------|--------|---------|
| 6 years heavy | \$2.00 | \$17.50 |

C. scandens

American Bittersweet

A native climber, with glossy leaves which turn bright yellow in autumn, and big showy clusters of orange and crimson fruit.

| | Each | Per 10 |
|---------|-------|--------|
| 3 years | \$.75 | \$7.00 |

Clematis

Clematis paniculata

Sweet Autumn Clematis

By far the showiest of the fall-blooming species. It thrives best in sunny situations, making a luxuriant grower with lustrous foliage. The flowers are medium sized pure white, borne in late summer and autumn in feathery masses, with a rich vanilla-like fragrance.

| | Each | Per 10 | | Each | Per 10 |
|---------|-------|--------|-----------------|--------|---------|
| 2 years | \$.75 | \$7.00 | 4 years ex. hvy | \$1.50 | \$13.50 |

Large - Flowering Hybrid Clematis

These hybrid varieties have a delicacy of form which makes them objects of rare and unusual beauty. Trellises, pergolas, arches, wire supports, fences, or old stumps make desirable supports of these extraordinary flowers. Their cultural requirements are simple, as they thrive best in a rather light, but rich and well drained garden soil to which some lime and bone meal have been added. A partially shaded location is ideal, although they succeed in full sun if the lower stems are shaded by perennials to keep the Clematis roots cool and moist. Do not give them manure.

| | Each | Per 10 |
|---------|--------|---------|
| 2 years | \$2.00 | \$17.50 |

Henryi

Huge creamy white flowers often 8 inches across in July and August.

Jackmani

Large, velvety, violet-purple flowers borne profusely throughout the summer.

Mme. Edouard Andre

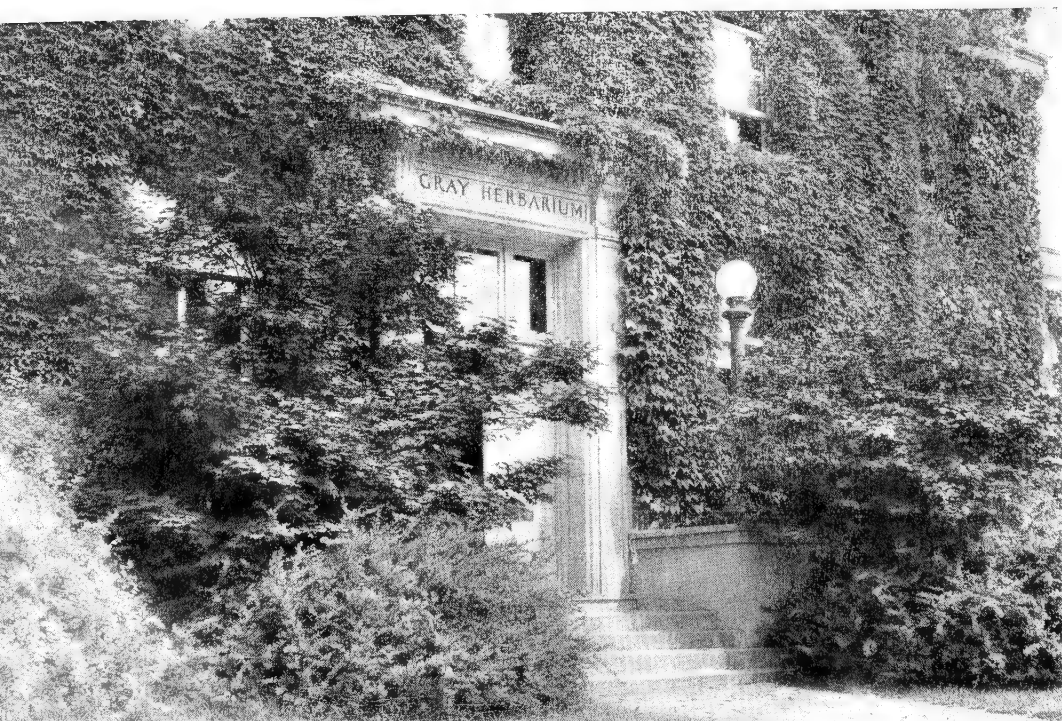

A profuse bloomer during mid-summer with rich purplish red flowers of extraordinary texture.

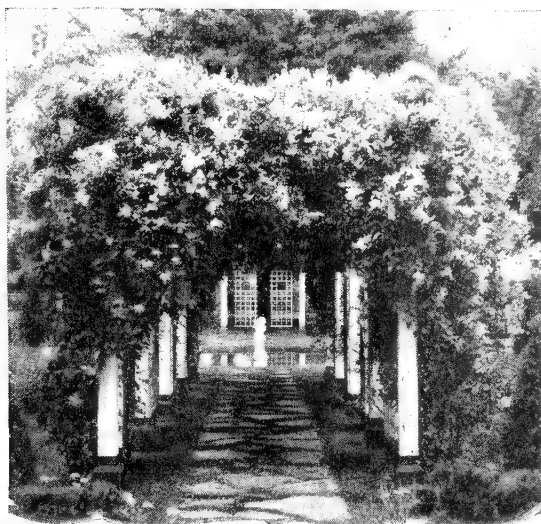

Ramona

Lavender-blue accentuated by a darker disk of central anthers. Blooms abundantly during the summer months.

Haven't You A Need For Vines?

A few vines often accomplish wonders. Do you know the beauty of the Porcelain Ampelopsis, the rapid growth of the Chinese Fleecevine, the fragrance of the Sweet Autumn Clematis, the brilliant colors of the Summer King Honeysuckle, and the showy fruit of the Bittersweet?

Polygonum auberti

LONICERA

Lonicera heckrottii Summer King Honeysuckle

A wonderful vine with large fragrant flowers in immense clusters blossoming throughout the summer.

Flowers are flame-red on outside and golden apricot within. Foliage is attractive gray-green.

| | Each | Per 10 |
|-------------------------------|--------|---------|
| 2 years, heavy selected | \$1.25 | \$11.00 |

Lonicera japonica halliana Hall Japanese Honeysuckle

A vigorous grower with fragrant yellow and white flowers from mid-summer until frost. This makes a good ground cover, in sun or shade and is an excellent plant to prevent erosion of rough slopes.

| | Each | Per 10 |
|---------------|-------|--------|
| 2 years | \$.75 | \$6.00 |

Lycium chinense Matrimony Vine

A rapid-growing vine branching freely and covered with bright purple star-shaped flowers, June to Sept., succeeded by long brilliant scarlet berries.

| | Each | Per 10 | | Each | Per 10 |
|---------------|-------|--------|---------------|-------|--------|
| 2 years | \$.60 | \$5.00 | 3 years | \$.75 | \$6.00 |

PARTHENOCISSUS (Ampelopsis)

Parthenocissus quinquefolia Virginia Creeper

A vigorous rapid-growing vine with broad green leaves turning a rich crimson in autumn. Valuable for covering walls.

| | Each | Per 10 | | Each | Per 10 |
|---------------|-------|--------|---------------|--------|--------|
| 3 years | \$.75 | \$6.50 | 4 years | \$1.00 | \$9.00 |

P. q. engelmanni Engelman Creeper

Similar to the preceding with smaller leaves of green followed by scarlet foliage and blue fruits. Will cling to flat surfaces.

| | Each | Per 10 | | Each | Per 10 |
|---------------|-------|--------|---------------|--------|---------|
| 3 years | \$.75 | \$6.50 | 5 years | \$1.25 | \$10.00 |
| 4 years | 1.00 | 8.50 | 6 years | 1.50 | 12.50 |

P. tricuspidata (Ampelopsis) Boston Ivy

The favorite climber, clinging firmly to brick walls, masonry, rocks and stumps. The dark glossy foliage stands smoke and dust well and turns to a brilliant orange and scarlet in the fall.

| | Each | Per 10 | | Each | Per 10 |
|---------------|-------|--------|---------------|--------|---------|
| 2 years | \$.90 | \$8.00 | 3 years | \$1.25 | \$11.00 |

POLYGONUM

Polygonum auberti Chinese Fleece Vine

A tall growing, hardy vine with bronzy young leaves which turn green. The tiny white flowers are borne abundantly in feathery sprays from August to October. Makes tremendous growth in one season; the best hardy vine for immediate effects.

| | Each | Per 10 |
|------------------------------|--------|---------|
| 2 years heavy selected | \$1.25 | \$11.00 |

VITIS

Vitis aestivalis

Summer Grape

A tall growing vine with large leaves and small black berries.

| | Each | Per 10 | | Each | Per 10 |
|---------------|-------|--------|---------------|-------|--------|
| 3 years | \$.70 | \$6.00 | 5 years | \$.90 | \$7.50 |
| 4 years | .80 | 7.00 | | | |

V. labrusca

Fox Grape

A strong native vine especially suited for naturalizing in thickets and wooded corners.

| | Each | Per 10 |
|---------------|-------|--------|
| 3 years | \$.70 | \$6.00 |

V. vulpina (cordifolia)

Frost Grape

A very vigorous wild grape, attaining majestic size with age and providing abundance of foliage for shade. Black fruit, very good after it has been touched by frost.

| | Each | Per 10 |
|---------------|-------|--------|
| 3 years | \$.70 | \$6.00 |

(Also see Small Fruits for cultivated Grapes Page 47)

WISTARIA

Wistaria sinensis

Purple Chinese Wistaria

Hardy, tall growing climber, with long clusters of purplish pea-shaped flowers in May. Best planted over a trellis or pergola so that the flowers can droop down.

| | Each | Per 10 |
|---------------|--------|---------|
| 3 years | \$1.50 | \$13.50 |

W. sinensis alba

White Chinese Wistaria

A delightful variety of the preceding bearing drooping clusters of pure white flowers before the leaves unfold.

| | Each | Per 10 |
|---------------|--------|---------|
| 2 years | \$1.50 | \$13.50 |

W. floribunda macrobotrys (multijuga) Long-cluster Wistaria

Exceptionally long clusters which have been known to grow 3 feet long with blue flowers.

| | Each | Per 10 |
|---------------|--------|---------|
| 2 years | \$1.50 | \$13.50 |

Lonicera heckrottii

Perennials

WE believe you will find the following chart helpful in making your selection of Perennials. It has been arranged for your convenience in making comparisons as to color, height, and time of bloom.

Perennials are sold in minimum units of 3 of one kind except where offered singly.

Perennials are 3 for \$1.35 10 for \$3.50, except as otherwise noted.

| | Color | Hgt. In. | Time of Bloom |
|------------------------------|---------------|-------------|---------------|
| ACHILLEA ptarmica, The Pearl | Pure White | 24 | Jul.-Sep. |
| tomentosa | Bright Yellow | 8 | Jun.-Aug. |

ACONITUM — Monkshood

The stately spikes of the Monkshood add blue to the garden, whether sunny or shady, at the season when blue is so often needed.

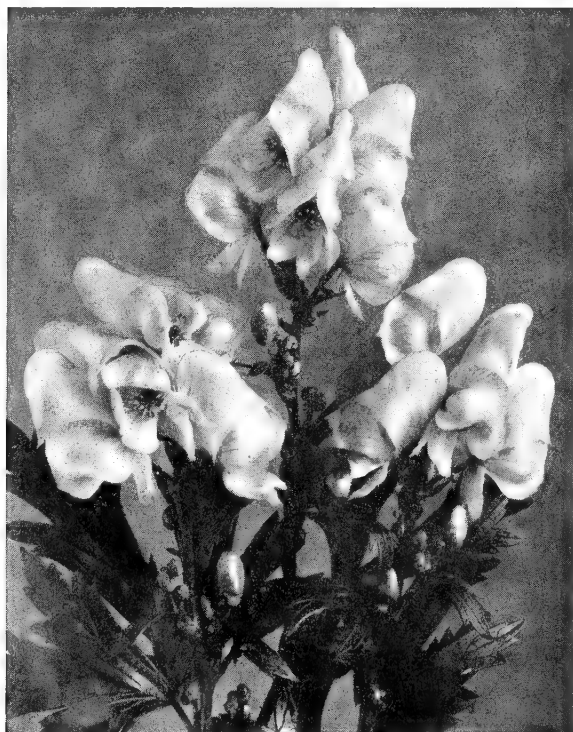

| | | | |
|----------------------|-------------------------|----|-----------|
| ACONITUM autumnale | Deep Blue | 48 | Jul.-Sep. |
| cammarum, Hungarian. | Beautiful Violet-Purple | 48 | Jul.-Aug. |
| fischeri | Dark Blue | 24 | Sep.-Oct. |
| napellus | Dark Blue | 42 | Jul.-Aug. |

Prices of all Aconites: 3 for \$1.50, 10 for \$4.50

AJUGA — Bugle

Most ground covers grow best in the shade, but the Ajugas enjoy either sun or shade. Their rich showy leaves and spikes of bright flowers make them one of the most useful of the creeping plants.

| | | | |
|---|---------------|---|----------|
| AJUGA genevensis | Bright Blue | 8 | May-Jun. |
| genevensis rosea | Rosy Pink | 8 | May-Jun. |
| metallica crispa, metallic glossy leaves. | Blue | 6 | May-Jun. |
| reptans rubra, purple leaves. | Purplish Blue | 6 | May-Jun. |

Aconitum — Monkshood

ALTHAEA — Hollyhock

Hollyhocks are familiar friendly flowers with that home-like old-fashioned air so desirable in the garden.

| | Color | Hgt. In. | Time of Bloom |
|------------------------|---------------------------------|-------------|---------------|
| ALTHAEA rosea. Double: | Carmine-Rose | 84 | Jul.-Aug. |
| | White, Yellow, Pink, Red-Salmon | | |

ALYSSUM — Dwarf Goldentuft

The well known "Pot-of-Gold" that adds so much brightness to the sunny rock garden or edge of the perennial border in the early season.

| | | | |
|----------------------------|--------------------|----|-----------|
| ALYSSUM saxatile compactum | Yellow | 12 | Apr.-May |
| saxatile, Lemon | Pale Yellow | 12 | Apr.-May |
| ANCHUSA italica, Dropmore | Gentian Blue | 48 | Jun.-Aug. |
| ANEMONE pulsatilla | Violet Purple | 12 | Apr.-May |
| ANTHEMIS tinctoria kelwayi | Daisy like, Yellow | 24 | Jun.-Oct. |

AQUILEGIA — Columbine

This plant is worthy of its high rank in popularity among perennials. The wide range of color, attractive flower form and ease of culture make it deserving of a place in every garden, whether in the sun or shade.

| | | | |
|--|---------------------------|----|-----------|
| AQUILEGIA canadensis | Scarlet and Yellow | 18 | May-Jun. |
| Crimson Star, | Free flowering Crimson | 20 | Jun.-Jul. |
| Mrs. Scott Elliot, Long-Spurred Hybrids. | | | |
| | Wonderful varied colors | 36 | Jun.-Jul. |
| Rose Queen, Long-Spurred Hybrids. | White & Rose | 36 | Jun.-Jul. |
| Snow Queen, Long-Spurred Hybrids | White | 36 | Jun.-Jul. |
| ARABIS alpina-Rockcress. | Gray-green foliage. White | 6 | Apr.-May |
| ARENARIA montana—Sandwort. | Creeping. | | |
| | Tiny flowers of White | 6 | May-Jun. |

ARMERIA — Thrift, Sea Pink

The globular flowers spring from interesting tufts of leaves making colorful rock garden or edging plants.

| | | | |
|--------------------------|---------------|----|-----------|
| ARMERIA maritima | Lavender-Pink | 6 | May-Jun. |
| pseudoarmeria rubra | Red | 12 | Jul.-Aug. |
| pseudoarmeria Bee's Ruby | Ruby Red | 12 | Jul.-Aug. |

ARTEMISIA — Wormwood

These are primarily foliage plants, growing well in dry sunny spots, even though the soil is poor. Also see Herbs.

| | | | |
|--------------------------------|--------------|----|------------|
| ARTEMISIA albula, Silver King. | Gray foliage | 36 | All-season |
| albula, Silver Queen | Gray foliage | 24 | All-season |
| lactiflora | Creamy White | 36 | Aug.-Sep. |
| pontica | Gray foliage | 12 | All-season |

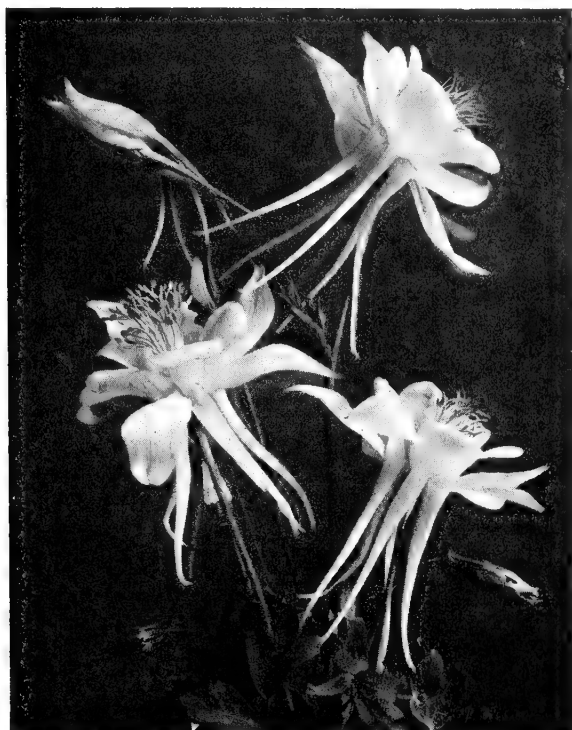

| | | | |
|-----------------------------------|---------------------------|----|-----------|
| ASCLEPIAS tuberosa—Butterflyweed. | | | |
| | Bright clusters of orange | 24 | Jul.-Aug. |

ASTER — Aster or Michaelmas Daisy

The variety of color, ease of culture, and late blooming habit have made Asters one important part of the well-planned perennial garden, and indispensable if you wish plenty of color in the Fall.

| | | | |
|----------------------|-----------------------|----|-----------|
| ASTER alpinus | Violet | 9 | May-Jun. |
| Beechwood Challenger | Brilliant Crimson-red | 36 | Sep.-Oct. |
| Blue Gown | China Blue | 48 | Sep.-Oct. |
| Climax | Light-lavender Blue | 48 | Aug.-Oct. |
| Countess of Dudley | Pink | 9 | Sep. |
| Harrington's Pink | Clear Pink | 36 | Sep.-Oct. |
| Lilac Time | Soft Lilac | 12 | Sep.-Oct. |
| Mt. Everest | White | 48 | Sep.-Oct. |
| Novae-angliae | Purple | 48 | Sep.-Oct. |
| Novae-angliae roseus | Pink | 48 | Sep.-Oct. |
| Royal Blue | Blue | 36 | Sep.-Oct. |
| Skylands Queen | Lavender | 44 | Sep.-Oct. |
| Snowsprite | White | 9 | Sep.-Oct. |
| Survivor | Pink | 36 | Oct. |
| Victor | Lavender-Blue | 9 | Sep.-Oct. |
| Violetta | Violet-Blue | 36 | Sep.-Oct. |

Perennials are 3 for \$1.35 10 for \$3.50, except as otherwise noted.

Aquilegia — Columbine

ASTILBE — Perennial Spirea

Handsome perennials with feathery plumes and lacy foliage. Will thrive in sun or shade.

| | Color | Hgt. In. | Time of Bloom |
|-----------------------|----------------|-------------|---------------|
| ASTILBE Peach Blossom | Brilliant Pink | 18 | Jul. |
| Queen Alexandra | Pink | 24 | Jun. |
| Salland | Bright Red | 36 | Jul. |
| W. E. Gladstone | Pure White | 24 | Jun.-Jul. |

BERGENIA — Saxifrage

The large bronzy green leaves make it an interesting subject among rocks or ledges or along the perennial border.

| | | | |
|---------------------------------|-------|----|-----|
| BERGENIA (Saxifraga) cordifolia | Lilac | 12 | May |
|---------------------------------|-------|----|-----|

BRUNNERA — Brunnera

Graceful clusters of blue flowers that resemble Forget-me-nots, amongst heart shaped leaves. An effective plant in sunny or shady spots.

| | | | |
|---|------|----|----------|
| BRUNNERA macrophylla (Anchusa myosotidiflora) | Blue | 12 | May-Jun. |
|---|------|----|----------|

CAMPANULA — Bellflower

A large and much varied family, containing plants of interest and beauty for every purpose. They differ in habit from creeping to tall plants. The well known bell-shaped flowers have been favorites since olden days.

| | | | |
|---------------------------------------|----------------------------|----|-----------|
| CAMPANULA carpatica | Clear Blue | 12 | Jul.-Aug. |
| carpatica alba | Pure White | 12 | Jul.-Aug. |
| garganica | Starry flowers, Light Blue | 5 | Jun.-Aug. |
| glomerata | Violet-Blue | 18 | Jun.-Jul. |
| medium | Blue, Pink, White | 30 | Jun.-Jul. |
| medium calycanthema | Blue, Pink, White | 30 | Jun.-Jul. |
| persicifolia | Violet | 36 | Jun.-Jul. |
| persicifolia alba | Glistening White | 36 | Jun.-Jul. |
| CENTAUREA dealbata | Rosy Pink | 18 | Jul. |
| CERASTIUM tomentosum. Snow-in-Summer. | White | 6 | May-Jun. |

CHRYSANTHEMUMS

The glorious hues and tints of the native tree and shrubs form a perfect background for the colorful displays of Chrysanthemums in the fall.

The selection of Garden Chrysanthemums listed here includes the finest of the early flowering varieties with a range of colors representing the most desirable shades and tints.

Young plants set out in the Spring pay big dividends in pleasure during the Autumn.

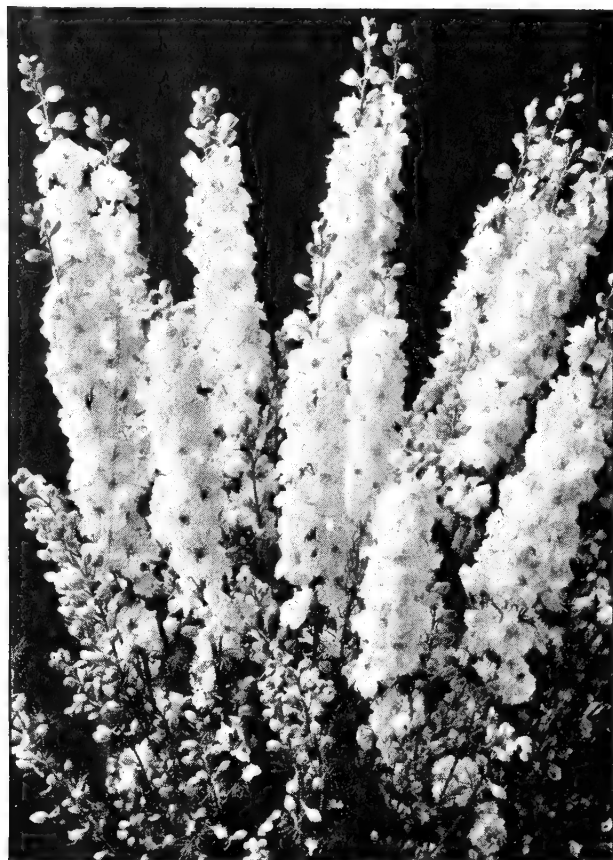

| | Type | Color | Hgt. In. | Time of Bloom |
|---------------------------|-----------------|-----------------------|-------------|---------------|
| Adelaide, | Large pompon, | Reddish Bronze | 24 | Sep.-Oct. |
| Albert Muller | Large pompon, | Cream Buff | 24 | Sep.-Oct. |
| Algonquin | Large double, | early Yellow | 18 | Sep.-Oct. |
| Avalanche | Large double, | Buff Yellow | 24 | Sep.-Oct. |
| Barbara Cumming | Large double, | Buff Yellow | 24 | Sep.-Oct. |
| Burma | Large pompon, | Copper | 18 | Sep.-Oct. |
| Charles Hughes | Large double, | White | 30 | Sep.-Oct. |
| Chippewa | Semi-double, | Dark Pink | 24 | Sep.-Oct. |
| Clara Jameson | Small pompon, | Reddish-Bronze | 24 | Oct. |
| Early Bronze Improved | Pompon, | Bronze Yellow | 24 | Sep.-Oct. |
| Early Wonder | Large pompon, | Pink | 30 | Sep.-Oct. |
| Ember | Large double, | Coral-bronze | 30 | Oct. |
| Eugene A. Wander | Large double, | Golden Yellow | 18 | Sep.-Oct. |
| Ganna | Large pompon, | Lavender-Pink | 24 | Oct. |
| Goblin, | Large pompon, | Yellow-bronze | 30 | Oct. |
| Golden October, | Large incurved, | Lemon-yellow | 30 | Oct. |
| Indianola, | Large incurved, | Reddish-bronze | 30 | Oct. |
| Irene | Button, | White | 24 | Oct. |
| Jean Treadway | Large double, | Pink | 30 | Sep.-Oct. |
| King Midas | Large double, | Bronze-yellow | 30 | Sep.-Oct. |
| Lavender Lady, | Large double, | Pure Lavender | 30 | Oct. |
| Little Bob | Button, | Dark Bronze | 18 | Oct. |
| Louise Schling | Semi-double, | Salmon-red | 30 | Oct. |
| Magnolia | Large double, | Pink & Yellow | 24 | Oct. |
| Mme. Chiang Kai-Shek | Large pompon, | | | |
| \$1.00 each 10 for \$7.50 | Chrome Yellow | | 24 | Sep.-Oct. |
| Mrs. P. S. Dupont III, | Large double, | Pinkish Salmon & Fawn | 30 | Oct. |
| Murillo | Large double, | Lavender-pink | 30 | Oct. |
| Newburg | Large double, | Purple | 30 | Sep.-Oct. |
| North Star | Single, | White | 30 | Sep.-Oct. |
| Pale Moon | Large double, | Soft-yellow | 24 | Oct. |

Continued on Page 38

Artemisia — Wormwood

5 plants or more of one variety will be furnished at the 10 rate.

*Delphinium — Larkspur***Chrysanthemums — Continued**

| | Type | Color | Hgt. In. | Time of Bloom |
|----------------|-------------------------|--------------------|-------------|---------------|
| Pink Pearl | Small pompon | Rose-pink | 24 | Oct. |
| Pink Radiance, | Large double | Luminous soft Pink | 30 | Sep.-Oct. |
| Quaker Maid | Large double | incurved, White | 24 | Oct. |
| Red Velvet | Large double | Dark Crimson | 30 | Oct. |
| Rose Glow | Large double | Raspberry Pink | 30 | Oct. |
| Ruby Pompon | Large double | Ruby-crimson | 24 | Oct. |
| Ruth Hatton | Large double | Ivory-white | 30 | Oct. |
| Sunset, | Large double spoon type | Copper & Gold | 30 | Sep.-Oct. |
| Symphony | Large double | Mauve-rose | 30 | Oct. |
| The Chief | Large double | Crimson | 30 | Oct. |
| Yellow Irene | Button | Lemon-yellow | 24 | Oct. |

Cushion Chrysanthemums

The Cushion Chrysanthemums are a group of low-growing plants forming mounds of blossoms. They begin flowering earlier than the taller types and continue covered with blooms until severe weather arrives.

Apricot Glow Apricot-bronze 18 Sep.-Oct.

BRIGHTER DAYS Clear lemon yellow 18 Sep.-Oct.
 \$1.00 each 3 for \$2.75

This is a new Yellow Cushion Chrysanthemum that we are offering this spring for the first time.

BRIGHTER DAYS has a compact growth and is extremely free flowering with a marked tendency to branch heavily from the base. The flowers are of a *clear lemon* without any trace of bronze or other shades of color. The blossoms are remarkably full.

In a block where more than sixty varieties of Chrysanthemums were growing last September, **BRIGHTER DAYS** stood out conspicuously because of its attractive form, the abundance of its blossoms, and their pleasing shade of color. Visitors to the nurseries commented most favorably about it and believe as we do that it is a type destined to become popular.

| | Color | Hgt. In. | Time of Bloom |
|--------------------------|------------------------|-------------|---------------|
| Bronze Cushion | Deep Bronze | 18 | Sep.-Oct. |
| Bronze Gold | Bronze | 24 | Sep.-Oct. |
| Champion Cushion | Red Bronze | 18 | Sep.-Oct. |
| Fireglow, Semi-double | Oriental Red | 18 | Sep.-Oct. |
| Lavender Lassie, | Small pompon, Lavender | 18 | Oct. |
| Pink Cushion | Light Pink | 15 | Sep.-Oct. |
| Red Cushion | Red | 18 | Sep.-Oct. |
| Santa Claus | Red | 18 | Sep.-Oct. |
| September Bronze | Pompon, Golden-yellow | 18 | Sep.-Oct. |
| September Cloud, Pompon. | White primrose center | 18 | Sep.-Oct. |
| September Gold | Pompon, Yellow | 18 | Sep.-Oct. |
| September Queen | Large double, White | 18 | Sep.-Oct. |
| Serene | White | 18 | Sep.-Oct. |
| White Cushion | White | 15 | Sep.-Oct. |

Chrysanthemum — Painted Daisy

The gay colors of the Painted Daisy and their fern-like foliage give us plants that are greatly enjoyed in the garden or in bouquets.

CHRYSANTHEMUM coccineum (Pyrethrum roseum)

| | | | |
|--------------|------------------|----|----------|
| James Kelway | Red | 24 | May-Jun. |
| Single mixed | Pink, Red, White | 24 | May-Jun. |

Chrysanthemum — Shasta Daisy

These large flowered Daisies, in either their single or double form, still retain their high rank among flowers grown for cutting or to provide a mass of bloom.

CHRYSANTHEMUM

| | | | |
|---------------------|---------------------|----|-----------|
| maximum, Alaska | Large, Single White | 30 | Jun.-Jul. |
| maximum, White Swan | Double White | 24 | May-Jun. |

CLEMATIS — Clematis. Also see Vines

This variety is a distinctive, late flowering, easily grown, upright border plant with delicate blue flowers.

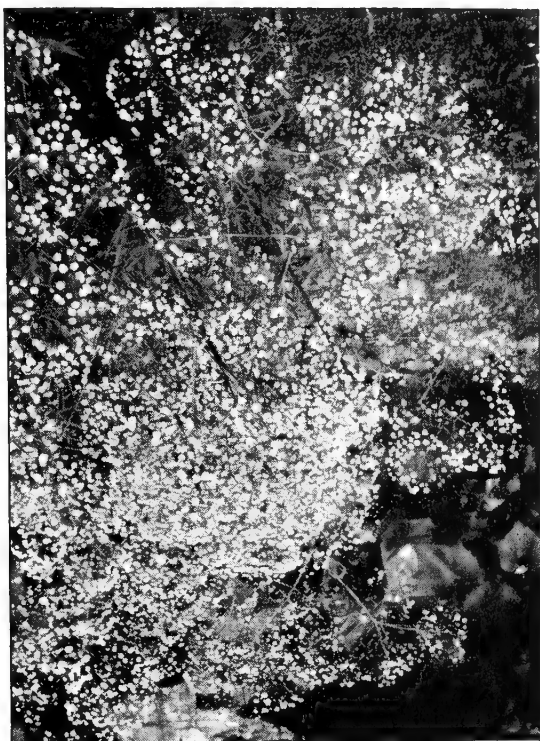

| | | | |
|---|-------------------------------|----|-----------|
| CLEMATIS heracleaefolia davidiana | Blue | 48 | Aug.-Sep. |
| CONVALLARIA majalis , Lily-of-the-Valley | White | 8 | May-Jun. |
| Heavy clumps | 3 for \$1.95 10 for \$6.00 | | |

COREOPSIS grandiflora, Sunburst.

Large bright Yellow 30 Jul.-Sep.

*Hardy Pink "Beatrix"*

Perennials are 3 for \$1.35 10 for \$3.50, except as otherwise noted.

Gypsophila — Baby's Breath

DELPHINIUM — Larkspur

Always one of the most admired perennials, the Delphinium is now more desirable than ever, for the work of the hybridizers has brought great improvements. The hybrids have unbelievably long spikes of various shades of blue, lavender, and purple, as well as pure white.

| | Color | Hgt. In. | Time of Bloom |
|--------------------------------|---------------------------------|-------------|---------------|
| DELPHINIUM belladonna | Light Blue | 30 | Jun. |
| bellamosum | Dark Blue | 30 | Jun. |
| Blackmore & Langdon Hybrids | Various | 60 | Jun.-Jul. |
| grandiflorum chinense | Gentian Blue | 30 | Jun.-Jul. |
| grand. chinense album | White | 30 | Jun.-Jul. |
| grand. chinense Cambridge Blue | Light Blue | 30 | Jun.-Jul. |
| Pacific Hybrids | Dark Blue, Light Blue, Lavender | 60 | Jun.-Jul. |
| Pacific Hybrids White | White | 60 | Jun.-Jul. |

Pacific Hybrids are 3 for \$1.50, 10 for \$4.50

DIANTHUS — Pink, Carnation

This group of plants furnishes a wide variety of flowers, ranging from the tiny blooms of the creeping sorts to the large double flowers of the Hardy Pinks. Their blossoms have a distinctive fragrance and good qualities as a cut flower.

| | | | |
|--|------------------|----|-----------|
| DIANTHUS barbatus, Sweet William | Pink, Red, White | 18 | Jun.-Jul. |
| deltoides, Brilliant | Red | 6 | May-Jun. |
| DIANTHUS, Hardy Garden Pinks | | | |
| Beatrix | Pink | 8 | Jun.-Sep. |
| Furst Bismark | Deep Pink | 8 | Jun.-Sep. |
| Her Majesty | White | 12 | Jun.-Jul. |
| Old Spice, 3 for \$1.50, 10 for \$4.50 | Salmon Pink | 12 | Jun.-Sep. |

DICENTRA — Bleeding Heart

Old fashioned perennials with bright heart-shaped flowers. These plants do well in all parts of the garden.

| | | | |
|--|------|---------------|-----------|
| DICENTRA eximia, Fringed Bleedingheart | Rose | 18 | Jun.-Aug. |
| 3 for \$1.50 | | 10 for \$4.50 | |
| spectabilis, Bleedingheart | Rose | 24 | May-Jun. |
| \$1.00 each | | 10 for \$8.50 | |

DICTAMNUS — Gas Plant

An old garden favorite with decorative value not only when in bloom but throughout the year due to the odd glossy-green foliage.

| | Color | Hgt. In. | Time of Bloom |
|-----------------|--------|-------------|---------------|
| DICTAMNUS albus | White | 24 | Jun.-Jul. |
| albus ruber | Purple | 24 | Jun.-Jul. |

DIGITALIS — Foxglove

The long erect spikes of this old fashioned favorite furnish accent points which eliminate monotony of form in the garden.

| | | | | |
|---|--------------------|---------|-----------|-----------|
| DIGITALIS ambigua. A perennial. | Pale-Yellow | 30 | Jun.-Jul. | |
| purpurea | Purple | 36 | Jun.-Jul. | |
| p. alba | White | 36 | Jun.-Jul. | |
| p. rosea | Rose-Pink | 36 | Jun.-Jul. | |
| p. Shirley Hybrids | Magnificent strain | Various | 36 | Jun.-Jul. |
| DORONICUM plantagineum excelsum-Leopardbane | | | | |
| Bright daisy-like, | Orane-Yellow | 30 | May-Jun. | |
| ECHINACEA purpurea. Coneflower. | | | | |
| Orange centers, | Purplish Pink | 48 | Aug.-Sep. | |
| EUPATORIUM coelestinum. Ageratum-like | | | | |
| flowers. | Lavender | 24 | Sep.-Oct. | |

GAILLARDIA — Gaillardia

The bright colors, the good qualities as a cut flower and its ability to grow anywhere, entitle this plant to a prominent place in the garden.

| | | | | |
|--------------------------------------|-------------------------|----|-----------|--|
| GAILLARDIA aristata, Portola Hybrids | | | | |
| a. Dazzler | Yellow & Red | 30 | Jun.-Oct. | |
| | Rich red center. Yellow | 30 | Jun.-Oct. | |

GYPSOPHILA — Baby's Breath

Indispensable for well arranged bouquets. Its light airy sprays add a contrasting texture to other plants.

| | | | |
|---------------------------|---------------|----|-----------|
| GYPSOPHILA, Bristol Fairy | Double, White | 36 | Jun.-Sep. |
| repens, Rosy Veil | Double, Pink | 24 | Jun.-Sep. |

Both Gypsophilas are 3 for \$1.65, 10 for \$5.00

Helenium autumnale

5 plants or more of one variety will be furnished at the 10 rate.

*Linum perenne — Flax***HELENIUM — Sneezeweed**

As flowers become rarer at the end of summer the Heleniums furnish masses of rich Autumn colors.

| | Color | Hgt. In. | Time of Bloom |
|--------------------------|-----------------------|-------------|---------------|
| HELENIUM autumnale | Yellow | 36 | Aug.-Sep. |
| tenuifolium-Riverton Gem | | | |
| | Terracotta & Mahogany | 36 | Aug.-Sep. |

Both Heleniums are 3 for \$1.50, 10 for \$4.50

| | | | |
|------------------------|--------|----|----------|
| HELIOPSIS zinniaeflora | Yellow | 40 | Jun-Aug. |
|------------------------|--------|----|----------|

HEMEROCALLIS — Daylily

The many varieties, blooming at different times, make it possible to enjoy their beauty for many weeks. They improve with age and persist in making their annual display under all conditions.

| | | | |
|-------------------------|---------------------------------|----|-----------|
| HEMEROCALLIS dumortieri | Orange | 18 | May-Jun. |
| flava | Fragrant, Lemon-yellow | 36 | Jun. |
| fulva | Dusty-Orange | 48 | Jul.-Aug. |
| thunbergi | Sweet-scented, Buttercup-yellow | 40 | Jun.-Jul. |

HYBRID HEMEROCALLIS

| | | | |
|-----------------------------------|---------------------|----|-----------|
| Goldeni | Deep-Orange | 36 | Jul.-Aug. |
| Hyperion \$1.00 ea. 10 for \$8.50 | Large Pale Yellow | 36 | Jul.-Aug. |
| J. A. Crawford | Open Apricot-Yellow | 30 | Jul. |
| Mrs. W. H. Wyman | Pale Lemon-Yellow | 30 | Jul.-Aug. |
| Ochroleuca | Citron-Yellow | 30 | Jul. |

HEUCHERA — Coralbells

Tiny bells swaying gracefully along slender stems that spring from attractive rosettes of leaves, make the Coralbells enjoyable rock garden or edging plants in either sun or partial shade.

| | | | |
|----------------------|---------|----|-----------|
| HEUCHERA sanguinea | Crimson | 18 | Jun.-Sep. |
| sanguinea, Rosamundi | Pink | 18 | Jun.-Sep. |

HIBISCUS — Rosemallow

These tall bold plants with large flowers are useful in the background or along the wall or fence.

| | | | |
|--------------------|-------|----|-----------|
| HIBISCUS palustris | | | |
| Pink | Pink | 48 | Aug.-Sep. |
| Red | Red | 48 | Aug.-Sep. |
| White | White | 48 | Aug.-Sep. |

HOSTA — Plantainlily

The Plantainlilies are valuable, not only as foliage plants for edging or general use, in either sun or shade, but also for their graceful sprays of blue or violet flowers.

| | Color | Hgt. In. | Time of Bloom |
|-----------------------------|-------------|-------------|---------------|
| HOSTA caerulea | Violet Blue | 18 | Jul.-Aug. |
| japonica (lancifolia) | Lilac | 18 | Jul.-Aug. |
| japonica undulata variegata | | | |
| wavy variegated foliage. | Blue | 12 | Jun.-Jul. |

IBERIS — Candytuft

The perennial Candytuft is well known for its excellent qualities that make it one of the best rock garden or edging plants.

| | | | |
|-------------------------|-------------------|----|----------|
| IBERIS sempervirens | Pure White | 12 | May-Jun. |
| sempervirens, Snowflake | Large Snowy White | 12 | May-Jun. |

IRIS — Iris

All of the members of this family have retained their popularity through the years, largely because of the wide variety of color of the beautifully textured flowers and because they can be depended upon each year for profusion of bloom.

| | | | |
|------------------------|--------------|----|----------|
| IRIS cristata | Light Blue | 8 | Jun. |
| pumila, Blue | Blue | 8 | May |
| Purple | Dark Purple | 8 | May |
| Yellow | Clear Yellow | 8 | May |
| sibirica, Perry's Blue | Sky-Blue | 30 | May-Jun. |
| Snow Queen | Showy White | 30 | May-Jun. |

germanica mixed—German Iris

We have several varieties of these in many shades of color, with the season of bloom from early to late, and some with delightful fragrance. We welcome your inquiries.

kaempferi, Asiatic Iris

| | | | |
|-----------------|-------------------------|----|------|
| Mananadzura | Veined with Blue, White | 36 | Jul. |
| Otomenewood | Rich Royal Purple | 36 | Jul. |
| Purple and Gold | Gold and Purple | 36 | Jul. |
| Venus | Pure White | 40 | Jul. |

| | | | |
|-------------------------------------|--------|----|-----------|
| KNIPHOFIA pfitzeri, Towers of Gold. | Yellow | 36 | Aug.-Sep. |
|-------------------------------------|--------|----|-----------|

*Paeonia — Peony*

Perennials are 3 for \$1.35 10 for \$3.50, except as otherwise noted.

Nepeta mussini

LIATRIS — Gayfeather

Gayfeather is an appropriate name, for it well describes the long spikes that prevent monotony of form in the garden. It ranks as one of the best cut-flowers.

| | Color | Hgt. In. | Time of Bloom |
|----------------------|--------------|-------------|---------------|
| LIATRIS pycnostachya | Purple | 48 | Aug.-Sep. |
| spicata | Clear Purple | 36 | Jun.-Aug. |

LILIUM — Lily

Fragrance and beauty are rarely combined in one flower to the extent that they are in the Lily.

| | | | |
|-----------------------------------|---------------|----|-----------|
| LILIUM candidum—Madonna Lily. | Pure White | 36 | Jun.-Jul. |
| \$.75 each, 10 for \$7.00 | | | |
| pumilum—Coral Lily. | Vermillion | 18 | Jul. |
| 3 for \$1.50, 10 for \$4.50 | | | |
| pumilum Golden Gleam | Orange Yellow | 24 | Jul. |
| 3 for \$1.50, 10 for \$4.50 | | | |
| regale—Regale Lily | White | 42 | Jul. |
| 3 for \$1.65, 10 for \$5.00 | | | |
| umbellatum grandiflorum | Orange-Red | 24 | Jul. |
| 3 for \$1.50, 10 for \$4.50 | | | |
| LIMONIUM latifolium, Sea Lavender | Blue-Purple | 24 | Aug. |
| LINUM perenne, Flax | Blue | 18 | May-Jul. |

LUPINUS — Lupine

The long spikes of pea-shaped flowers of this ever-popular plant were formerly grown mostly in pink, blue and white but in the Russell Hybrids rich shades of red, orange and yellow have been added.

| | | | |
|--------------------------------|-------------------|----|-----------|
| LUPINUS polyphyllus | Blue-Violet | 30 | Jun. |
| p. albiflorus | White | 30 | Jun. |
| p. roseus | Rosy-Pink | 30 | Jun. |
| p. Russell Hybrids | Red-Orange-Yellow | 36 | Jun. |
| MATRICARIA inodora, Snowball | White | 18 | Jun.-Sep. |
| MENTHA — Mint (see Herbs) | | | |
| MERTENSIA virginica, Bluebells | Blue to Pink | 18 | Apr.-May |

MONARDA — Beebalm

Fragrance and brilliance have been the contribution of Beebalm to gardens since olden times.

| | | | |
|---|-------------|----|-----------|
| MONARDA didyma | Scarlet | 36 | Jun.-Sep. |
| d. salmonea | Salmon-Pink | 36 | Jul. |
| MYOSOTIS scorpioides semperflorens, Dwarf | | | |
| Perpetual Forget-me-nots. | Blue | 10 | Jun.-Sep. |

NEPETA — Nepeta

The lilac flowers and grayish foliage of the Nepetas make a pleasing combination. They will thrive in dry rock gardens and borders.

| | Color | Hgt. In. | Time of Bloom |
|------------------------|-------------|-------------|---------------|
| NEPETA mussini | Lavender | 12 | May-Sep. |
| m. Six Hills Giant | Blue-Violet | 15 | May-Sep. |
| NIEREMBERGIA rivularis | White | 6 | Jun.-Jul. |

PACHYSANDRA — Spurge

This evergreen with its glossy green leaves solves the problem of what to plant where a carpet of green is needed in a shady spot. Under trees or shrubs — as an edging for the shady garden — where grass will not grow — Pachysandra thrives and improves as the years pass. Planted six to eight inches apart each way, it will soon fill in to make a solid mat.

| | | | |
|------------------------|-------|---------------------------------|----------|
| PACHYSANDRA terminalis | White | 10 | May-Jun. |
| 2½ inch Pots | | 10 for \$3.00 — 100 for \$24.00 | |

PAEONIA — Peony

The Peonies we offer are chosen from the best of the newer varieties and from those which time has proved to be the most popular and dependable. Bloom in May and June.

| | | | |
|--|--------------------------|----|-----------|
| Cherry Hill | Garnet Red | 30 | May-Jun. |
| Duchess de Nemours, large fragrant | Ivory White | 30 | Midseason |
| Edulis Superba | Rose-Pink | 30 | Early |
| Felix Crousse | Compact large, Ruby-Red | 30 | Late |
| Festiva Maxima | Large Ivory-White | 30 | Midseason |
| Karl Rosenfield | Rich Dark Crimson | 24 | Midseason |
| The above 6 varieties of Peonies are \$1.25 each—10 for \$11.00 | | | |
| Louis Bigot | Extra large Salmon Pink | 30 | Midseason |
| Mary Brand | Brilliant Red | 24 | Midseason |
| Mme. Jules Dessert, Tinted with Pink, | | | |
| | Creamy-White | 30 | Late |
| Mons. Jules Elie | Silvery tinge, Deep Pink | 30 | Midseason |
| Tourangelle, Tinted with salmon. | Pearly White | 30 | Late |
| Walter Faxon | Glowing Rose-Pink | 30 | Midseason |

The above 6 varieties of Peonies are \$1.50 each—10 for \$13.50

5 plants or more of one variety will be furnished at the 10 rate.

Phlox

PAPAVER ORIENTALE — Hybrid Oriental Poppies

Unexcelled in their large open brilliant flowers, the vivid range of colors makes these plants a most enjoyable group. They thrive in good soil and become one of the most permanent features of the garden.

| | Each | Per 10 | Color | Hgt. In. | Time of Bloom |
|-------------------|--------|--------|------------------|-------------|---------------|
| Cavalier | \$.75 | \$6.50 | Deep Scarlet Red | 36 | May-Jun. |
| Fairy | .60 | 5.00 | Soft Pink | 36 | May-Jun. |
| Lula A. Neeley | .60 | 5.00 | Ox-blood Red | 36 | May-Jun. |
| Mrs. Perry | .60 | 5.00 | Salmon Pink | 30 | May-Jul. |
| Orange Perfection | .60 | 5.00 | Orange-Flame Red | 36 | May-Jun. |
| Sass Pink | .75 | 6.50 | Flesh Pink | 24 | Jun. |
| Wurtembergia | .60 | 5.00 | Dark Scarlet | 35 | Jun. |

We offer pot grown plants for Spring shipment.

PENTSTEMON — Pentstemon

Very popular hardy flowering plants. Most attractive for massing in beds or borders. The flowers are tubular and Foxglove-like in shape.

| | | | |
|---|---------|----|-----------|
| PENTSTEMON barbatus, Pink Beauty | Pink | 30 | Jun.-Jul. |
| Garnet | Garnet | 18 | Jun.-Aug. |
| torreyi | Scarlet | 30 | Jul. |
| PHYSOSTEGIA virginiana, False Dragonhead. | Rose | 30 | Aug. |

PLATYCODON — Balloonflower

The large bells of the Balloonflower rank with the Bellflowers in furnishing this delightful flower form.

| | | | |
|--|-------------|----|-----------|
| PLATYCODON grandiflorum | Blue-violet | 36 | Jul.-Aug. |
| grandiflorum album | White | 36 | Jul.-Aug. |
| PRIMULA polyantha, Primrose Lodge | Yellow | 10 | May |
| japonica | Crimson | 8 | Apr.-May |
| PULMONARIA angustifolia azurea- | Blue | 12 | May |
| Cowslip Lungwort | | | |
| saccharata, Bethlehem Lungwort | Blue | 15 | May |
| PYRETHRUM, Painted Daisy (See Chrysanthemum) | | | |

PHLOX PANICULATA — Hardy Phlox

Phlox are the most showy plants in the garden. They are perfectly hardy and flower throughout the summer when perennial blossoms are needed most. Many of the varieties we list are new, some are old favorites, but they are all leaders among the many kinds of this valuable plant. You can make your garden gayer and brighter by planting some of these really beautiful Phlox to replace older non-descript sorts or some of the horrid magenta-colored seedlings that have sprung up.

The best effects are obtained by planting masses of each color, preferably not less than five of one kind and a greater quantity is even better.

Never let Phlox plants go to seed. Never water Phlox overhead. Let hose run slowly along the ground and you can prevent mildew.

Tried and True

3 of one variety \$1.50 — 10 for \$4.50

| | | Hgt. in. |
|-------------------|--|-------------|
| Beacon. | Brilliant cherry red with wine | 36 in. |
| Daily Skitch. | Large trusses of lustrous pink with crimson rose eye | 36 in. |
| E. I. Farrington. | Bright salmon pink, deep rosy-red blush. | 24 in. |
| George Stipp. | Deep glowing salmon pink, shaded lighter eye. | |
| Hauptman Koehl. | Glowing full toned red. | 24 in. |
| Leo Schlageter. | Brilliant scarlet blooms with decided orange overtone. | 36 in. |

Tested and New

3 of one variety for \$1.80 — 10 for \$5.00

| | | |
|-----------------|--|--------|
| Apple Blossom. | Soft apple blossom pink with large pyramidal spikes. | 30 in. |
| Charles Curtis. | Large flower heads of sunset red. | 30 in. |
| Cheerfulness. | Vigorous grower with sparkling salmon-orange flowers. | 36 in. |
| Fairy King. | Heavenly lavender. Large shapely round heads. | 24 in. |
| Irene. | Cherry red Phlox with bronzy green foliage. | 30 in. |
| Mary Louise. | Pure glistening snow white heads. Best White Phlox. | 30 in. |
| Prime Minister. | Clear white with violet eye. | 30 in. |
| Progress. | Beautiful light blue handsomely set off with deeper purple blue eyes, large heads. | 30 in. |

Phlox — Spring-flowering

These are the early spring-flowering types with masses of bloom with pretty moss like, evergreen foliage. They are splendid ground covers, edging plants and rock plants.

| | Color | Hgt. In. | Time of Bloom |
|--------------------------------|-------------|-------------|---------------|
| PHLOX divaricata | Blue Lilac | 15 | May |
| nivalis camla, compact grower. | Pure Pink | 9 | May-Jun. |
| subulata | Rose | 6 | May |
| subulata atropurpurea | Rose-purple | 6 | May |

Phlox Glaberrima

The best early white Phlox, flowering throughout the summer.

| | | | |
|--|-------|----|-----------|
| PHLOX glaberrima (suffruticosa) Miss Lingard | White | 24 | Jul.-Aug. |
|--|-------|----|-----------|

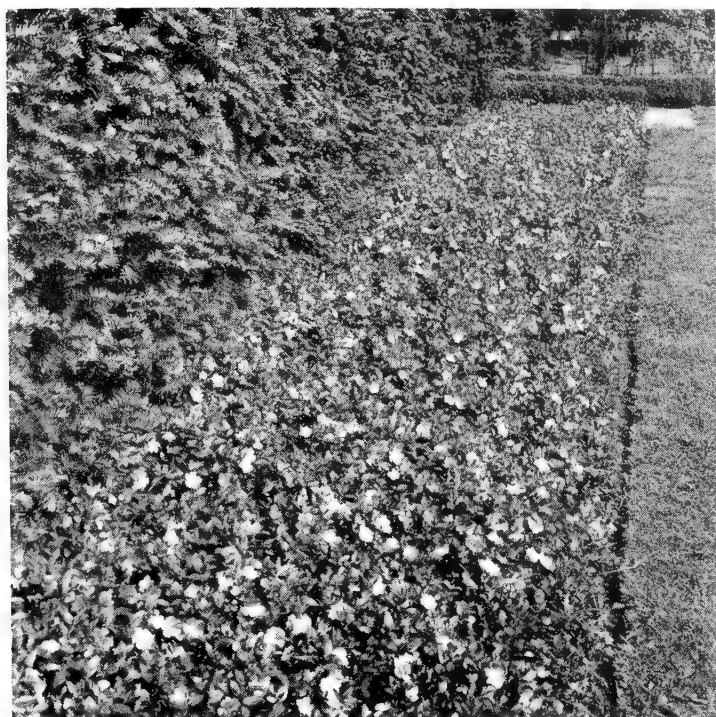

We cordially invite you to visit our perennial department particularly in August when you can see these Phlox in bloom. There will be several other new varieties that we shall offer next year that may be seen at the same time.

SCABIOSA — Scabiosa

A group of these will provide a wealth of flowers for cutting.

| | | | |
|--------------------|--------|----|-----------|
| SCABIOSA caucasica | Blue | 24 | Jun.-Jul. |
| caucasica alba | White | 24 | Jun.-Jul. |
| fischeri | Purple | 24 | Jul.-Aug. |
| japonica | Blue | 30 | Jul.-Aug. |

Perennials are 3 for \$1.35 10 for \$3.50, except as otherwise noted.

Vinca Boules' Variety

SEDUM — Stonecrop

A group of plants that succeed in dry sunny places. The taller kinds are effective in the border.

| | Color | Hgt. In. | Time of Bloom |
|--|-----------------|-------------|---------------|
| SEDUM kamtschaticum. Orange Stonecrop. | Yellow | 6 | Jul.-Aug. |
| spectabile. Showy Stonecrop | Pale Rose-lilac | 18 | Aug.-Sep. |
| spectabile, Brilliant | Red | 18 | Aug.-Sep. |

STOKESIA — Stokesia

The charm of the Stokesia, either in the garden or as a cut-flower, is rapidly increasing its popularity.

| | | | |
|------------------------------|-----------------------------|----|-----------|
| STOKESIA laevis alba | White | 18 | Aug.-Sep. |
| laevis, Blue Moon. | Large flowers of Light Blue | 18 | Aug.-Sep. |
| 3 for \$1.50 — 10 for \$4.00 | | | |

TEUCRIUM — Germander

A small shrub-like plant of moderate growth with dark shiny leaves. Its evergreen foliage resembles Dwarf Boxwood but may be used in places where Boxwood is not hardy. Teucrium is ideal for an edging and can be trimmed to any height up to one foot. When planted six inches apart it rapidly makes a solid edging. We grow them by the thousands.

| | | | |
|--|--------------|----|-----------|
| TEUCRIUM chamaedrys | Rose | 18 | Jul.-Aug. |
| THALICTRUM aquilegifolium purpureum | Purple | 36 | Jun. |
| glaucum - Meadowrue | Lemon-Yellow | 60 | Jul. |
| minus adiantifolium. Fern-like foliage | Pale Yellow | 24 | Jul. |
| THERMOPSIS carolinianum | Lemon Yellow | 48 | Jun.-Jul. |

THYMUS — Thyme

The fragrant-leaved Creeping Thymes are probably used more than any other plant between flag-stones. They are also perfectly suitable for the rock garden.

| | | | |
|---|-------------------------|----|-----------|
| THYMUS serpyllum | Lilac | 6 | Jun.-Aug. |
| s. argenteus | Variegated foliage Pink | 6 | Jun.-Jul. |
| s. citriodorus | Pink | 4 | Jun.-Jul. |
| s. coccineus | Crimson | 4 | Jun.-Jul. |
| vulgaris | Lilac | 12 | Jun.-Jul. |
| TROLLIUS europaeus, Eleanor. Globeflower. | Yellow | 18 | May-Jun. |

VERONICA — Speedwell

The various habits of the members of this family, make it one of the most important. All have excellent foliage and will do as well in partial shade as in the sun.

| | Color | Hgt. In. | Time of Bloom |
|--|-------------|-------------|---------------|
| VERONICA incana, white woolly foliage. | Blue | 15 | Jun.-Jul. |
| maritima (longifolia) subsessilis | Violet | 32 | Jul.-Aug. |
| 3 for \$1.50 — 10 for \$4.50 | | | |
| spicata | Violet Blue | 18 | Jun.-Jul. |
| s. rosea | Rose-Pink | 18 | Jun.-Jul. |

VINCA — Periwinkle, Myrtle

The dark evergreen glossy foliage of the Myrtle completely covers the ground in shady places. Add to this quality, its attractive flowers, and we can understand its popularity as a ground cover. Planted six or eight inches apart they soon grow into a solid mat.

| | | | |
|-----------------------|---------------------------------|---|----------|
| VINCA minor | Violet | 8 | May-Jun. |
| 2½ inch pots. | 10 for \$3.00 — 100 for \$24.00 | | |
| minor, alba | White | 8 | May-Jun. |
| 2½ inch pots. | 10 for \$3.50 — 100 for \$27.00 | | |
| minor, Bowles Variety | Larger blooms of Violet | 8 | May-Jun. |
| Field-grown. | 10 for \$4.50 — 100 for \$36.00 | | |

VIOLA — Violet

This group includes Violas, the Pansy-like form, and the true Violets. The Violas bloom nearly all summer. All will thrive in partial shade.

VIOLA cornuta. Tufted Pansies.

| | | | |
|------------------|-------------|---|----------|
| Arkwright Ruby | Ruby-Red | 8 | May-Sep. |
| Blue Perfection | Blue | 8 | May-Sep. |
| Chantreyland | Apricot | 8 | May-Sep. |
| Jersey Gem | Violet-Blue | 8 | May-Sep. |
| Lutea | Yellow | 8 | May-Sep. |
| White Perfection | White | 8 | May-Sep. |

VIOLA odorata. Sweet Violets

| | | | |
|----------------|-------------|---|-----------|
| Rosina | Pink | 8 | Apr.-Sep. |
| Royal Robe | Violet Blue | 8 | Apr. |
| Single Russian | Blue | 6 | May-Jun. |

| | | | |
|--------------------------------|-------|----|-----------|
| YUCCA filamentosa. Adamsneedle | White | 72 | Jun.-Jul. |
|--------------------------------|-------|----|-----------|

Teucrium — Germander

5 plants or more of one variety will be furnished at the 10 rate.

Herbs

MANY gardeners have been surprised at the pleasure they have derived from growing herbs. The plants themselves have added interest to their gardens. The use of the herbs in soups, salads, with meats and vegetables have made those dishes more interesting and tasty.

Plants which grow in partial shade are marked PS.

Plants which grow in the shade are marked S.

Perennial Herbs

Prices are 3 for \$1.35, 10 for \$3.50

Cabot. Good-sized berries, excellent flavor. Juicy fruit. Plants low and spreading.

Pioneer. Medium high growth. Fruit middle of July.

Rubel. A vigorous productive variety. Well-developed bushes, large berries of fine color. Ready to pick the first week in July.

McIntosh Red Apple Tree

Bay State Landscape Department

For Your Convenience

We maintain a Landscape Department for the many who cannot conveniently undertake their own planting or who may be handicapped by lack of technical knowledge of what will best thrive under their conditions and produce the best results, all within proper perspective.

Graduate Landscape Architects

It is recognized that a carefully conceived plan contributes more to the success of a garden than any other one thing. If everyone retained a landscape architect, there would be no occasion for this service. As matters stand at present, too few appreciate their services sufficiently. That is why we maintain a Landscape Department composed of men who are graduate landscape architects, who by their training and experience are capable of efficiently preparing attractive plans also an experienced organization of landscape plantmen equipped to produce the best results.

Living War Memorials

At this particular time there is an opportunity in every community to honor those who served in the armed forces during the recent war. This can be varied to suit the requirements of the individual town or city. It may be expressed with an avenue of trees, a group of shade or flowering trees in a public area, a park, a playground, a picnic place, a reflecting pool or for some other recreational purpose.

The thought is to combine beauty with something for which there is a practical need. In the use of such an area, the community is reminded of its obligation to those who went forth and particularly to those who have failed to return.

The Memorials that have been most successful are those in which the designers have caught the local spirit and have endeavored to express the design in trees and plant materials as well as in stone, — typical of their community.

Let us say plainly that we desire to discuss this with any civic groups who wish to consider a living War Memorial. We can prepare plans and execute the entire work or we can supply the plant material if it is desired, so that the work can be done locally.

Summer Homes

For those who may wish to discuss work at their summer homes, there is no better time than during the summer months when they are there. Members of our organization are frequently on Cape Cod, Martha's Vineyard, Nantucket, as well as places in Northern New England — particularly along the Maine Coast.

If you are sincerely interested, we will be glad to meet you at your summer residence and *at your convenience*. A preliminary discussion will not obligate you.

Our landscape service is maintained for these conveniences. Avail yourself of it. Our many years of experience can be of value to you. Telephone Rockland 26.

IMPORTANT

Shipping Directions

Customers are requested to state explicitly the method by which they wish stock forwarded. When no route or method is designated we exercise our best judgment. Shipments may be made by express, freight or parcel post. Truck deliveries are subject to special arrangement.

Conditions of Sale

The articles herein listed will be furnished in accordance with the following schedule:

1 to 4 plants of one kind and size will be priced at the each rate.

5 to 24 plants of one kind and size will be priced at the ten rate.

25 or more plants of one kind and size will be furnished at the hundred rate, when a hundred rate is given.

Specimen plants, selected by the customer or by his representative, will be priced according to their individual values.

Prices are subject to change without notice

Guarantee

We guarantee our plants to be healthy and free from injurious insects, to be dug carefully and packed properly for safe shipment. If damaged in transit, a claim should be made upon receipt, notifying carrier and us of the circumstances. If plants prove to be other than true to name, we will supply new ones at the first proper planting season following such claim, but in no case do we assume liability for more than the original purchase price. We do not guarantee our plants to live, because we have no control over them after they leave our hands. You can guarantee their success by giving them proper care.

Terms

Our terms are cash. Charge accounts, for 30-day credit, may be opened upon receipt of satisfactory credit references, allowing us time for investigation. All accounts unpaid after due date will be subject to sight draft without further notice. C. O. D. express shipment will be made (with collection charges added to the bill) only when order is accompanied by a deposit of at least 25 per cent. of the amount of the bill.

Roses

Hybrid Tea Roses

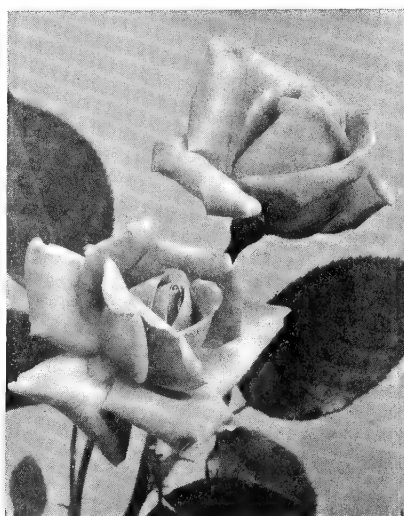

THESE are the everblooming roses which produce the beautiful long-stemmed flowers everyone so much admires. They should be planted about 15 inches apart in rather narrow beds and in lots of not less than three, and preferably a half-dozen or more of one kind.

Northern field-grown dormant plants.

| | |
|--|----------------|
| Betty Uprichard | Each \$1.50 |
| A vigorous and dependable Rose. Good-sized buds open to salmon suffused with orange on the inside, coppery carmine on the outside of petals. | |
| Better Times (Pat. #23) | 2.00 |
| Buds crimson opening to brilliant cerise red flowers. Fragrant, free blooming, fine for cutting. | |
| Christopher Stone | 1.50 |
| Scarlet red flowers of velvety texture. Vigorous upright grower. Old fashioned damask fragrance. | |
| Condessa de Sastago | 1.50 |
| A splendid two-toned Rose with very large, double flowers. Oriental red inside and rich gold without. | |
| Countess Vandal (Pat. #38) | 2.00 |
| Coppery bronze and pink flooded with gold. Reflex of silver. Long pointed buds. Sweetly perfumed. | |
| Crimson Glory (Pat. #105) | 2.00 |
| Long pointed buds, immense deep velvety crimson flowers with dark shadings. Richly fragrant. | |
| E. G. Hill | 1.50 |
| Large bright red shading to dark crimson. Flowers large, double fragrant. | |
| Etoile de Hollande | 1.50 |
| Long, pointed glorious, scarlet-crimson buds, opening to rich intensely fragrant, glowing red flowers. | |
| Grenoble | 1.50 |
| Long stemmed scarlet red blooms, admirable for cutting. Large sized, double rose. | |
| K. A. Viktoria | 1.50 |
| The standard white for 40 years. Pearly color, splendid in form, exquisitely perfumed. | |
| McGredy's Yellow | 1.50 |
| Canary yellow flowers, vigorous growing. Foliage holly-like and glossy. | |
| Miss Rowena Thom | 1.50 |
| Large brilliant satiny pink with gold base. | |
| Mrs. Charles Bell | 1.50 |
| Delicate salmon pink in color. | |
| Mrs. E. P. Thom | 1.50 |
| Rich lemon flowers, very sweet scented, with dark green foliage. | |
| Mrs. Pierre S. Dupont | 1.50 |
| Buds rather small but exquisitely formed, opening to a deep golden yellow. | |

Right:
Red Radiance

Mrs. Sam McGredy 1.50
A rose that blooms profusely, is fragrant. Scarlet orange changing to copper.

Peace (Pat. #591) 2.50
A supreme grower, buds of yellow edged with cerise opening to full flower of pale gold, to alabaster white edged with soft pink.

Pink Dawn 1.50
A vigorous Rose and heavy bloomer with extra long deep pink rose-buds opening to lovely pink blooms.

President Herbert Hoover 1.50
Multi-colored. Buds open to dark pink and rose, orange streaked with red, shadings of salmon and apricot.

Radiance 1.50
Large flowers of sparkling pink with salmon-pink and yellow shadings at base of the petals.

Red Radiance 1.50
Bright cerise red.

Talisman 1.50
A multicolored rose ranging from scarlet and gold to deep rose and pale yellow. Fragrant.

Texas Centennial (Pat. #162) 2.00
Bright vermillion red with light tone of gold at base. Petals lighter red at center gradually toning to rich deep pink.

Hybrid Perpetual Roses

Frau Karl Druschki 1.50
Largest white Rose of any class; beautifully shaped. Flowers freely throughout the season.

Floribunda and Polyantha Roses

Floribunda Roses are ideal for borders and hedges for abundant color throughout the summer from June to October. Their height averages two to three feet.

Betty Prior (Pat. #340) 2.00
Buds red, when open shell pink in large clusters. Good foliage.

Donald Prior (Pat. #377) 2.00
Sparkling red large blossoms entirely throughout season. Delicate perfume.

Else Poulsen 1.50
Large semi-double flowers of bright rose-pink, on erect growing thrifty plants.

Floradora (Pat. pending) 2.00
Geranium red in large clusters. Blooms from early June to late fall.

Ideal 1.50
Rich blossoms of dark velvety red.

Orange Triumph 1.50
Scarlet orange flowers in large clusters. Good glossy foliage.

Permanent Wave (Pat. #107) 2.00
Semi-double flowers of beautiful two toned red.

Worlds Fair (Pat. #362) 2.00
Velvety red flowers in large clusters, flowers size of tea roses. Excellent for mass planting.

Mrs. Sam McGredy

Silver Moon

Climbing Roses

American Pillar

Each
1.50

Lusty climber, bold waxy foliage, clusters of large, sparkling pink, single flowers.

Blaze (Pat. #10)

2.00

Large clusters of vivid scarlet flowers. Gives a fine display in June and then blooms again in the fall.

Climbing American Beauty

1.50

Handsome buds and flowers of American Beauty red, good form and early flowering.

Climbing Break O'Day (Pat. Pending)

2.00

A climbing form of the Sub-Zero Hybrid Tea Break O'Day. Orange to apricot, large very double flowers, very vigorous with tendency to throw occasional blooms later in season.

Dr. W. Van Fleet

1.50

Beautiful Roses of the Hybrid Tea type suitable for cutting. Flowers are of pale flesh-pink with a slightly darker center.

Elegance (Pat. Pending)

2.00

The largest of blooms in perfect form; pure yellow center shading to white, making a brilliant display.

Golden Climber (Mrs. A. C. James) (Pat. Pending)

2.00

A yellow rose that many consider the finest yellow climber. Fragrant; ideal for picking, very long stiff stems.

Golden Glow (Pat. #263)

2.00

Very large fragrant pure yellow, double flowers of extreme beauty, freely produced on plants with rich dark green foliage.

Mary Wallace

1.50

Another climber on type of Dr. W. Van Fleet, but blooms are brilliant pink with a yellow undertone. Very rich.

Paul's Scarlet Climber

1.50

This is the most popular and satisfactory Scarlet Climbing Rose. It has huge clusters of brilliant scarlet flowers. Beautiful rich foliage.

Silver Moon

Each
1.50

A very strong climber with beautiful waxy green foliage and very large, pure white, semi-double flowers with golden yellow stamens.

Until recent years there were no satisfactory yellow climbing Roses. Now we have several yellow and closely associated shades of color that have demonstrated their suitability for New England gardens. We recommend Golden Climber, Elegance, Golden Glow and Climbing Break O'Day. All were developed by the Brownells at Little Compton, Rhode Island.

Shrub Roses

F. J. Grootendorst

1.50

A perfectly hardy everblooming shrub Rose suitable for hedges, specimens or border planting. The plant is similar to the vigorous Rugosa Rose in growth, with large, glossy foliage. The flowers are small, fringed bright scarlet flowers like little Carnations, and are borne unceasingly from early Summer until late Autumn.

Rosa hugonis, "Father Hugo Rose" Golden Rose of China

This handsome, arching shrub with spiny stems and delicate foliage, blooms very early in May in long garlands of bright yellow, single flowers which are followed by red, translucent fruits. Give it a warm, sunny exposure to induce it to flower early. The plant is perfectly hardy.

| | | |
|-----------------|--------|---------|
| | Each | Per 10 |
| 2 to 3 ft. | \$1.75 | \$16.00 |

Rosa rugosa

Rugosa Rose

A stout upright shrub, densely covered with spines having bold, wrinkled foliage. The flowers are very large, single, rose-red, and very fragrant, followed by crimson-scarlet fruit. Excellent near the seashore.

| | | | | | |
|-------------------|--------|--------|-----------------|--------|---------|
| Size | Each | Per 10 | Size | Each | Per 10 |
| 15 to 18 in. | \$1.00 | \$9.00 | 2 to 3 ft. | \$1.50 | \$13.50 |
| 18 to 24 in. | 1.25 | 11.00 | | | |

R. rugosa alba

White Rugosa Rose

The habit and foliage are similar to the preceding but the fragrant flowers are pure white. Makes a splendid hedge, particularly at the seashore.

| | | |
|-------------------|--------|---------|
| 18 to 24 in. | \$1.75 | \$16.00 |

Hybrid Tea Roses

Roses give more people pleasure than any other group of plants. You can plant them this spring and enjoy their blossoms this summer—and for a number of summers to come.

Some of the finest Rose gardens in the United States are in New England, proving that an abundance of Roses may be had by anyone who is willing to give them a little space and reasonable care.

The varieties we offer were chosen for beauty of bloom, health, and vigor of growth.

If you have had costly and disappointing results with bargain Roses, you will save money by buying these dependable well-grown bushes.

For the complete list of varieties we offer for 1946, see pages 48 and 49.

The Hybrid Tea Roses we offer are all dormant, 2-year-old, field-grown bushes, and more important—they are Northern grown.
